NONE DARE CALL IT CONSPIRACY

Call It Conspiracy

Dauphin Publications **The story you are about to read is true. The names have not been changed to protect the guilty. This book may have the effect of changing your life. After reading this book, you will never look at national and world events in the same way again. Call It Conspiracy will be a very controversial book. At first it will receive little publicity and those whose plans are exposed in it will try to kill it by the silent treatment. For reasons that become obvious as you read this book, it will not be reviewed in all the "proper" places or be available on your local bookstand. However, there is nothing these people can do to stop a grassroots book distributing system. Eventually it will be necessary for the people and organizations named in this book to try to blunt its effect by attacking it or the author. They have a tremendous vested interest in keeping you from discovering what they are doing. And they have the big guns of the mass media at their disposal to fire the barrages at Call It Conspiracy. By sheer volume, the "experts" will try to ridicule you out of investigating for yourself as to whether or not the information in this book is true. They will ignore the fact that the author admits that some of his ideas are about to conjecture because the people who know the truth are not about to confess. They will**

find a typographical error or argue some point that is open to debate. If necessary, they will lie in order to protect themselves by smearing this book. Psychologically many people would prefer to believe those who pooh-pooh the information herein because we all like to ignore bad news. We do so at our own peril! In this edition, Larry Abraham has at last revised, *None Dare Call It Conspiracy*, and brought it up to date. The events of the last fifteen years have served Larry's thesis quite well. As far as Larry is concerned, the history of 1970-85 has been a kind of giant grab-bag of goodies that reinforce his original thesis. The arguments for the existence of a conspiracy are stronger today than they have ever been, especially when we lay them alongside of what was said and written before. Therefore, chapters one through seven are going to remain the same as in the original book, *None Dare Call It Conspiracy*. The bracketed updates are new, and so are chapters eight through thirteen, plus the various appendices.

Say "NO!" to the New World Order

Dauphin Publications Since the end of World War II, forty three nations, representing nearly one-third the earth's surface, have fallen to Communism. In every single instance, the US State Department was a willing and knowing accomplice to the betrayal. Why? The world's richest capitalists have for decades cooperated with and bankrolled their alleged mortal enemies, the Communists. Why? As you will learn in this book, it was planned that way, as part of an elitists' scheme to create a New World Order. In this book, you'll find the conspirators' plans revealed in their own words. Even more important, you'll learn how they can be stopped. After reading the manuscript of Say "NO!" to the New World Order, Conservative Caucus chairman Howard Phillips said, "This can be the biggest-selling Conservative book in history." It not only can be...it must be.

The Essential Mae Brussell

Investigations of Fascism in America

Feral House "Mae's work may be more relevant now than in her heyday. Like those of many other freedom fighters throughout history, the ghost of Mae Brussell will never rest till justice is served."—Tim Cahill "The main Brussell thesis, if I dare risk commit the sin of summary on her complex work, was that an ex-Nazi scientist-Old Boy OSS clique in the CIA using Mafia hit men changed the course of American history by bumping off one and all, high and low, who became an irritant to them."—Warren Hinkle, San Francisco Examiner columnist The Essential Mae Brussell is a compilation of chilling essays and radio transcripts by the seminal American anti-fascist researcher, famously supported by John Lennon and Yoko Ono. Mae Brussell was a married housewife with five children living in southern California before she took up the study of fascism in America. After the Kennedy assassination, she purchased the twenty-six-volume Warren Commission Report, and compiled, for herself, evidence that Lee Harvey Oswald was, as he maintained after his arrest, a "patsy." She had a regular radio broadcast on KLRB, an independent FM radio station in Carmel, California. She also published articles in Paul Krassner's the Realist, Hustler, People's Almanac, and the Berkeley Barb. In 1983, Mae's hour-long program shifted to KAZU-FM in Pacific Grove, California, and she remained on the air weekly until her final broadcast in June 1988. On October 3, 1988, at sixty-six, Brussell died of cancer.

The Rise of the Fourth Reich

The Secret Societies That Threaten to Take Over America

Harper Collins **Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!**

The Illuminati

Facts & Fiction

Mark Dice Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptillians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - Magick: In Theory and Practice - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J. The Naked Communist

Exposing Communism and Restoring Freedom

Izzard Ink A timely update to the phenomenal national bestseller. Soon after its quiet release during the height of the Red Scare in 1958, *The Naked Communist* exploded in popularity, selling almost two million copies to date and finding its way into the libraries of the CIA, the FBI, the White House, and homes all across the United States. From the tragic falls of China, Korea, Russia, and the UN, to the fascinating histories of Alger Hiss, Whittaker Chambers, Elizabeth Bentley, and General MacArthur, *The Naked Communist* lays out the entire graphic story of communism, its past, present, and future. After searching unsuccessfully for a concise literature on the communist threat, W. Cleon Skousen saw the urgent need for a comprehensive book that could guide the American conversation. So he distilled his FBI experience, decades of research, and more than one hundred communist books and treatises into one clarifying, readable volume that became a touchstone of American values and earned praise from the likes of President Ronald Reagan, Glenn Beck, and Ben Carson. Lauded by one reviewer as “the most powerful book on communism since J. Edgar Hoover’s *Masters of Deceit*,” this text draws a detailed picture of the communist as he sees himself: stripped of propaganda and pretense. Readers gain a unique insight into the inner workings of communism—its appeal, its history, its basic and unchanging concepts, even its secret timetable of conquest. Among the many questions *The Naked Communist* answers are: * Who gave the United States’ nuclear secrets to the Russians? * How did the FBI fight communism after it was forced underground in 1918? * Why did the West lose 600 million allies after World War II? * What really happened in Korea? * What is communism’s great secret weapon? * What lies ahead? * What can I do to stop communism? * How can we fight communism without a major war? Now updated for 2017, this edition includes a chapter on the forty-five Communist Goals, detailing how forty-four of those goals have been achieved in the U.S. already, as well as a chapter on the making of *The Naked Communist*, shedding light on how this book has sold almost two million copies. As relevant now as it was sixty years ago, Skousen’s groundbreaking work provides a renewed understanding of one of the greatest threats facing America today. Praise for W. Cleon Skousen: “No

one is better qualified to discuss the threat to this nation from communism. You will be alarmed, you will be informed, and you'll be glad you heard him."—President Ronald Reagan "I have never given any volume such an unqualified endorsement."—CBS national broadcaster Paul Harvey "I went back and I read *The Naked Communist*, and at the end of that, Skousen predicted [that] someday soon you won't be able to find the truth in schools or in libraries or anywhere else because it won't be in print anymore. So you must collect those books. It's an idea I read from Cleon Skousen from his book in the 1950s, *The Naked Communist*, where he talked about [how] someday the history of this country's going to be lost because it's going to be hijacked by intellectuals and communists and everything else. And I think we're there."—Glenn Beck, host of the nationally syndicated Glenn Beck Radio Program "The Naked Communist lays out the whole progressive plan. It is unbelievable how fast it has been achieved."—Dr. Ben Carson (The Sean Hannity Show; May 23, 2014) "I feel certain that your efforts on this important subject will receive widespread attention and consideration."—J. Edgar Hoover, first Director of the Federal Bureau of Investigation "We believe in a moral code. Communism denies innate right or wrong. As W. Cleon Skousen has said in his timely book, *The Naked Communist: The communist 'has convinced himself that nothing is evil which answers the call of expediency.'* This is a most damnable doctrine. People who truly accept such a philosophy have neither conscience nor honor. Force, trickery, lies, broken promises are wholly justified."—Ezra Taft Benson, United States Secretary of Agriculture under President Eisenhower

Weird Scenes Inside The Canyon

Laurel Canyon, Covert Ops & The Dark Heart Of The Hippie Dream

SCB Distributors **The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia. Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times. Members of bands like the Byrds, the Doors, Buffalo Springfield, the Monkees, the Beach Boys, the Turtles, the Eagles, the Flying Burrito Brothers, Frank Zappa and the Mothers of Invention, Steppenwolf, CSN, Three Dog Night and Love, along with such singer/songwriters as Joni Mitchell, Judy Collins, James Taylor and Carole King, lived together and jammed together in the bucolic community nestled in the Hollywood Hills. But there was a dark side to that scene as well. Many didn't make it out alive, and many of those deaths remain shrouded in mystery to this day. Far more integrated into the scene than most would**

like to admit was a guy by the name of Charles Manson, along with his murderous entourage. Also floating about the periphery were various political operatives, up-and-coming politicians and intelligence personnel - the same sort of people who gave birth to many of the rock stars populating the canyon. And all the canyon's colorful characters - rock stars, hippies, murderers and politicians - happily coexisted alongside a covert military installation.

Tavistock Institute

Social Engineering the Masses

TrineDay The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

Tragedy and Hope

A History of the World in Our Time

Lightning Source Incorporated **UNCENSORED!** **Tragedy & Hope: A History of the World in Our Time** by Carroll Quigley is the ultimate insider admission of a secret global elite that has impacted nearly every modern historical event. Learn how the Anglo-American banking elite were able to secretly establish and maintain their global power. This massive book provides a detailed world history beginning with the industrial revolution and imperialism through two world wars, a global depression and the rise of communism. **Tragedy & Hope** is the definitive work on the world's power structure and an essential source material for understanding the history, goals and actions of the New World Order. **ALL ORIGINAL CONTENT, UNABRIDGED.** **ORIGINAL BOOK DESCRIPTION: TRAGEDY AND HOPE** shows the years 1895-1950 as a period of transition from the world dominated by Europe in the nineteenth century to the world of three blocs in the twentieth century. With clarity, perspective, and cumulative impact, Professor Quigley

examines the nature of that transition through two world wars and a worldwide economic depression. As an interpretative historian, he tries to show each event in the full complexity of its historical context. The result is a unique work, notable in several ways. It gives a picture of the world in terms of the influence of different cultures and outlooks upon each other; it shows, more completely than in any similar work, the influence of science and technology on human life; and it explains, with unprecedented clarity, how the intricate financial and commercial patterns of the West prior to 1914 influenced the development of today's world.

Sausage

A Global History

Reaktion Books When you get right down to it, taking the intestine of an animal and stuffing it with the ground meat of that animal doesn't really seem all that intuitive an approach to food preparation. But, as Gary Allen shows in this rich and engaging history, people worldwide have been making sausage for thousands of years. A veritable alphabet of sausages, from the Cajun andouille—and its less spicy forerunner, a French saucisson of the same name--and Mexican chorizo all the way to the Italian zampone, Allen tells a story of relentless creativity and invention, as different cultures found countless delectable ways to transform these otherwise unappealing pieces of meat. Allen peppers his account with examples from all over the world, as well as antique posters and advertisements, artworks

and cartoons; together, they build a picture of a food that has been beloved—even as it's scoffed at—throughout human history, and remains a spicy favorite today.

- The September 2008 collapse of worldwide banking.

Pranksters

Making Mischief in the Modern World

NYU Press From Benjamin Franklin's newspaper hoax that faked the death of his rival to Abbie Hoffman's attempt to levitate the Pentagon, pranksters, hoaxers, and con artists have caused confusion, disorder, and laughter in Western society for centuries. Profiling the most notorious mischief makers from the 1600s to the present day, *Pranksters* explores how OC pranks are part of a long tradition of speaking truth to power and social critique. Invoking such historical and contemporary figures as P.T. Barnum, Jonathan Swift, WITCH, The Yes Men, and Stephen Colbert, Kembrew McLeod shows how staged spectacles that balance the serious and humorous can spark important public conversations. In some instances, tricksters have incited social change (and unfortunate prank blowback) by manipulating various forms of media, from newspapers to YouTube. For example, in the 1960s, self-proclaimed OC professional hoaxer Alan Abel lampooned America's hypocritical sexual mores by using conservative rhetoric to fool the news media into covering a satirical organization that advocated clothing naked animals. In the 1990s, Sub Pop Records then-receptionist Megan Jasper satirized the commodification of alternative music culture by pranking the New York Times into reporting on her fake lexicon of OC grunge speak. Throughout this book, McLeod shows how pranks interrupt the daily flow of approved information and news, using humor to underscore larger, pointed truths. Written in an accessible, story-driven style, *Pranksters* reveals how mischief makers have left their shocking, entertaining, and educational mark on modern political and social life."

On Liberty and the Subjection of Women

Penguin UK A prodigiously brilliant thinker who sharply challenged the beliefs of his age, the political and social radical John Stuart Mill was the most influential English-speaking philosopher of the nineteenth century. Regarded as one of the sacred texts of liberalism, his great work *On Liberty* argues lucidly that any democracy risks becoming a 'tyranny of opinion' in which minority views are suppressed if they do not conform with those of the majority. Written in the same period as *On Liberty*, shortly after the death of Mill's beloved wife and fellow-thinker Harriet, *The Subjection of Women* stresses the importance of equality for the

sexes. Together, the works provide a fascinating testimony to the hopes and anxieties of mid-Victorian England, and offer a compelling consideration of what it truly means to be free.

Herbs

A Global History

Reaktion Books Salsa and guacamole wouldn't be the same without cilantro, and you can't make pizza without oregano or a mojito without mint. You can use peppermint to settle an upset stomach, ease arthritis pain with stinging nettle, and heal burns and wounds with aloe vera. And then there is cannabis—perhaps the most notorious and divisive herb of all. Despite the fact that herbs are often little more than weeds, cultures around the globe have found hundreds of uses for them, employing them in everything from ancient medicines to savory dishes. While much has been written on cooking and healing with herbs, little has been told about the history of the plants themselves and the incredible journeys they have made. This book elucidates how these often overlooked plants have become a staple in our lives. Unlike spices that quickly traversed the globe through trade, Gary Allen shows that herbs were often hoarded by their cultivators and were central to distinctive regional dishes. He draws on his extensive knowledge of food history to examine herbs in new ways, making *Herbs* essential reading for any serious foodie. Filled with beautiful illustrations and delicious recipes, this book will complete the kitchen library.

The Trillion-Dollar Conspiracy

How the New World Order, Man-Made Diseases, and Zombie Banks Are Destroying America

Harper Collins America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed

by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

The Secret History of the Jesuits

Chick Publications **Secrets the Jesuits don't want Christians to know** Out of Europe, a voice is heard from the secular world that documents historically the same information told by ex-priests. The author exposes the Vatican's involvement in world politics, intrigues, and the fomenting of wars throughout history. It appears, beyond any doubt, that the Roman Catholic institution is not a Christian church and never was. The poor Roman Catholic people have been betrayed by her and are facing spiritual disaster. Paris shows that Rome is responsible for the two great world wars. Author Edmond Paris explains why he wrote this book... "The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the start of the two world wars -- a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict." "In fact, the part they took in those tragic events has hardly been mentioned until the present time, except by apologists eager to disguise it. It is with the aim of rectifying this and establishing the true facts that we present in this and other books the political activity of the Vatican during the contemporary -- activity which mutually concerns the Jesuits." "This study is based on irrefutable archive documents, publications from well-known political personalities, diplomats, ambassadors and eminent writers, most of whom are Catholics, even attested by the imprimatur."

The Divine Conspiracy Continued Fulfilling God's Kingdom on Earth

Harper Collins Dallas Willard, the author of the bestselling spiritual classic, *The Divine Conspiracy*, now fulfills his revolutionary vision of how the kingdom of God is made real on earth in this sequel, the last book he was working on before his recent death. In *The Divine Conspiracy*, revered Christian philosopher and scholar Dallas Willard critiqued the church's obsession with "sin management" and revolutionized our understanding of true Christian discipleship. Jesus is not a remote savior, waiting to welcome us into heaven after we die, Willard argued. He is a dynamic living force, a leader and teacher to whom we apprentice ourselves to learn the sacred skills God wants us to embrace, and to fulfill His son's vision when Christ declared that the "kingdom of God has come." In *The Divine Conspiracy Continued*, co-written with theologian Gary Black, Willard lays out the next stage in God's plan as this generation of disciples, including ordained and lay leaders, step into positions of authority across our culture and begin to transform the world from the inside out. To fulfill the Christian calling is not to remove oneself from the outside world and take shelter from its shortcomings, Willard reminds us, but to step into the world to lead and serve as agents of change.

The Anglo-American Establishment - Original Edition

In this original edition, unedited script from Professor Quigley, he presents crucial "keys" without which 20th century political, economic, and military events can never be fully understood. The reader will see that this applies to events past-present-and future. "The Rhodes Scholarships, established by the terms of Cecil Rhode's seventh will, are known to everyone. What is not so widely known is that Rhodes in five previous wills left his fortune to form a secret society, which was to devote itself to the preservation and expansion of the British Empire. And what does not seem to be known to anyone is that this secret society ... continues to exist to this day. ... This group is, as I shall show, one of the most important historical facts of the twentieth century." -Quigley

American Madness

The Story of the Phantom Patriot and How Conspiracy Theories Hijacked American Consciousness

Feral House Q-Anon. Fake News. Bohemian Grove. False flag attacks. Deep state. Crisis actors. Whatever Gate. Is any conspiracy worth the life of a believer? The mainstream news media struggles to understand the power of social media while conspiracy advocates, malicious political movements, and even foreign governments have long understood how to harness the power of fear and the fear of power into lucrative outlets for outrage and money. But what happens when the harbingers of "inside knowledge" go

too far? Author Tea Krulos tells the story of one man, Richard McCaslin, who's fractured thinking made him the ideal consumer of even the most arcane of conspiracy theories. Acting on the daily rants of Alex Jones and his ilk, McCaslin takes matters into his own hands to stop the unseen powers behind the world's disasters who congregate at conspiracy world's Mecca- The Bohemian Grove. It all goes wrong with terrible consequences for the man who styled himself-The Phantom Patriot. McCaslin is not alone, as conspiracy-driven political action has bubbled its way up from the margins of society to the White House. It's no longer a lone deranged kook convinced of getting secret messages from a cereal box, now its slick videos and well-funded outrage campaigns ready to peddle the latest innuendos and lies in hopes of harnessing the chaos for political gain. What is the long term effect on people who believe these barely believable stories? Who benefits, and who pays the price? Krulos investigates and explains the power of conspiracy and the resulting shared madness on the American psyche. Tea Krulos is a Milwaukee-based writer who documents the underground world of fringe sub-cultures. His previous books, *Apocalypse Any Day Now-Deep Underground with America's Doomsday Preppers* and *Heroes in the Night-Inside the Real Life Super Hero Movement* explored the driving beliefs and lives of the people who choose to reject accepted reality and substitute their own.
