Worth and San Antonio, Texas. He is currently Director of Education for Electrical Seminars, Inc. of San Marcos, Texas. Mr. Holder is an active member of the National Fire Protection Association, International Association of Electrical Inspectors, and the International Brotherhood of Electrical Workers.

MODERNISING EUROPEAN UNION LABOUR LAW

HAS THE UK ANYTHING TO GAIN?, REPORT WITH EVIDENCE, 22ND REPORT OF SESSION 2006-07

The Stationery Office In its Green Paper about the need for labour market reform, the European Commission argued that the increasing diversity of 21st century working relationships means that existing labour law is no longer adequate. This report brings together the evidence from a wide range of experts and representative bodies about these issues as they affect the UK labour market. It finds that the evidence does not support the Commission. The consensus is that the relatively light regulation of the UK labour market is advantageous and that problems of social disadvantage and structural unemployment are better addressed by measures aimed at tackling poor skills and social inequality rather than changing labour law. The report therefore recommends that efforts at EU level should focus on the promotion and sharing of good practice, rather than the introduction of new legislation.

BULLETIN OF COMPARATIVE LABOUR RELATIONS

COMPARATIVE EMPLOYMENT RELATIONS IN THE GLOBAL ECONOMY

Routledge "Employment Relations" is widely taught in business schools around the world. Increasingly however more emphasis is being placed on the comparative and international dimensions of the relations between employers and workers. It is becoming ever more important to comprehend today's work and employment issues alongside a knowledge of the dynamics between global financial and product markets, global production chains, national and international employment actors and institutions and the ways in which these relationships play out in different national contexts. This textbook is the first to present a cross-section of country studies, including all four BRIC countries, Brazil, Russia, India and China alongside integrative thematic chapters covering all the important topics needed to excel in this field. The textbook also benefits from the editors' and contributors' experience as leading scholars in Employment Relations. The book is an ideal resource for students on advanced undergraduate and postgraduate comparative programmes across areas such as Employment Relations, Human Resource Management, Political Economy, Labour Politics, Industrial and Economic Sociology, Regulation and Social Policy.

ECONOMIC GOVERNMENT OF THE EU

A BALANCE SHEET OF NEW MODES OF POLICY COORDINATION

Springer The creation of Monetary Union marked a major step in the evolution of the European Union. Is the EU now taking the next step of deeper integration towards a fully-fledged economic government? The book seeks to answer this question by studying the evolution, execution and performance of new modes of economic policy co-ordination as potential stepping-stones towards more institutionalized forms of economic governance.

SOCIAL DIALOGUE AND DEMOCRACY IN THE WORKPLACE

TRADE UNION AND EMPLOYER PERSPECTIVES FROM TURKEY

Springer This book focuses on the experience of social dialogue in Turkey, which is a European Union candidate country. It argues that social dialogue constitutes one of the fundamental pillars of European social model and therefore should be analysed not only at the supranational level but also at the national, sectoral and workplace levels. The book critically examines social dialogue processes and mechanisms in Turkey at various levels, with focus on the workplace because it is shaped by socio-cultural elements which contain many variables. The book also identifies the shortcomings and structural impediments of social dialogue, and provides an empirically grounded theoretical explanation of social dialogue in Turkey. In the process, the book explains and clarifies key concepts to help readers grasp important points relevant to social dialogue, and contains interviews with social partners to take into consideration their views and recommendations on social dialogue. These in-depth interviews also provide a rare insight into the dynamics of social dialogue on the ground. By looking at social dialogue at various levels, the book offers a balanced view of its strengths and weaknesses in Turkey. This book is a valuable tool for students, academics and researchers interested in understanding the complex dynamics of social dialogue and workplace relations in Turkey.

BULLETIN OF THE UNITED STATES BUREAU OF LABOR STATISTICS

EMPLOYEE VOICE AND PARTICIPATION

CONTESTED PAST, TROUBLED PRESENT, UNCERTAIN FUTURE

Routledge Employee participation and voice (EPV) concern power and influence. Traditionally, EPV has encompassed worker attempts to wrest control from employers through radical societal transformation or to share control through collective regulation by trade unions. This book offers a controversial alternative arguing that, in recent years, participation has shifted direction. In *Employee Voice and Participation*, the author contends that participation has moved away from employee attempts to secure autonomy and influence over organisational affairs, to one in which management ideas and initiatives have taken centre stage. This shift has been bolstered in the UK and USA by economic policies that treat regulation as an obstacle to competitive performance. Through an examination of the development of ideas and practice surrounding employee voice and participation, this volume tracks the story from the earliest attempts at securing worker control, through to the rise of trade unions, and today's managerial efforts to contain union influence. It also explores the negative consequences of these changes and, though the outlook is pessimistic, considers possible approaches to address the growing power imbalance between employers and workers. *Employee Voice and Participation* will be an excellent supplementary text for advanced students of employment relations and Human Resource Management (HRM). It will also be a valuable read for researchers, policy makers, trade unions and HRM professionals.

CLASSIFIED INDEX OF NATIONAL LABOR RELATIONS BOARD DECISIONS AND RELATED COURT DECISIONS

EU EMPLOYMENT LAW

OUP Oxford This new edition of *EU Employment Law* provides a complete revision and update of the leading English language text in the field. The coverage in the new edition has been expanded with material on all the latest developments, incorporating the changes made by the Lisbon Treaty; the EU2020 strategy; the Charter of Fundamental Rights; the 'Article 19 Directives'; the Temporary Agency Work Directive; the revisions to the existing including the Directives on Parental Leave and European Works Council; and the new Social Security Regulations 883/2004. It also analyses the ever-expanding body of employment case law, including the momentous decisions in *Viking*, *Laval*, *Rueffert*, and *Commission v Luxembourg*. The book begins with an examination of the development of

EU employment law focusing on the shift from employment law to employment policy. The text then studies rule-making in the field of employment law, considering both the traditional routes to legislation and governance techniques such as the Open Method of Coordination. The final chapters look closely at the substantive area of employment law, examining the free movement of persons, equal treatment, health and safety and working conditions, the restructuring of enterprises, worker participation, and collective action. Throughout, the book addresses the fundamental question as to the purpose of EU employment law: is it primarily economic, or social, or both?
