FED UP WITH FRENZY

SLOW PARENTING IN A FAST-MOVING WORLD

Sourcebooks, Inc., Slow Down. Reconnect. It's Easier than You Think. The hectic pace of everyday life can keep families constantly on the go, but removing some of the frenzy is easy—if you just take a moment to slow down. Hit the pause button on all of life's daily distractions and reconnect with your family in familiar and exciting ways. Parenting and family expert Susan Sachs Lipman shows you the enormous benefits of having a slower paced, more connected family. Packed with simple, affordable, and delightful games, crafts, and activities, Fed Up with Frenzy will help you spend more distraction—free time with your children. Slow down and reconnect with your family by:

- *Creating your own outdoor theater*
- *Experimenting with kitchen science*
- *Playing nature games*
- *Making placemats from fall leaves*
- *And more!*

"Fed Up with Frenzy is a blueprint for any family that feels overwhelmed by the pace of contemporary life." —Darell Hammond, Founder and CEO, KaBOOM! "The heart of parenting is connection, but how do parents and children connect when they are going a mile a minute in different directions? Read this book, stop the frenzy, and reconnect." —Lawrence J. Cohen, PhD, author of Playful Parenting "Fed up with Frenzy is a welcome corrective to a society that has turned childhood into a race to nowhere. With charm, energy and wit, Susan Lipman serves up a treasure trove of ideas to bring joy and sanity back to family life. Every parent needs a copy." —Carl Honoré, author of In Praise of Slowness and Under Pressure

Workman Publishing Company Introducing fold-by-number, a revolutionary origami new concept in paper folding. Created by the founder of Taro's Origami Studio, Origami City marries the joy of paper folding with the foolproof appeal of paint-by-number with the imaginative play of LEGO or Playmobils. This ingenious book is an all-in-one kit for a complete origami metropolis: 75 realistic pieces to fold with step-by-step instructions; an illustrated paper play mat; and over 100 sheets of preprinted origami paper with numbers and lines for folding. The models—houses, office buildings, cars, emergency and construction vehicles, an airport, even dogs and squirrels to run in the parks—are meticulously detailed, illustrated by Brooklyn-based artist Simon Arizpe. For ages 7 and up.

Routledge Based on expert observations of children who experience difficulties with maths this book gives a comprehensive overview of dyscalculia, providing a wealth of information and useful guidance for any practitioner. With a wide range of appropriate and proven intervention strategies it guides readers through the cognitive processes that underpin success in mathematics and gives fascinating insights into why individual students struggle with maths. Readers are taken step-by-step through each aspect of the maths curriculum and each section includes: Examples which illustrate why particular maths difficulties occur Practical 'action plans' which help teachers optimise children's progress in mathematics This fully revised second edition will bring the new research findings into the practical realm of the classroom. Reflecting current knowledge, Glynis Hannell gives increased emphasis to the importance of training 'number sense' before teaching formalities, the role of concentration difficulties and the importance of teaching children to use strategic thinking. Recognising that mathematical learning has a neurological basis will continue to underpin the text, as this has significant practical implications for the teacher.
