Applied Corporate Finance, 4th Edition

Wiley Global Education Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of Applied Corporate Finance. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, Applied Corporate Finance, 4th Edition applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.

Financial Management: Theory & Practice

Cengage Learning The only text to strike a balance between solid financial theory and practical applications, Brigham/Ehrhardt's FINANCIAL MANAGEMENT: THEORY AND PRACTICE, 15e gives you a thorough understanding of the essential concepts you need to develop and implement effective financial strategies. The book begins with a presentation of corporate finance fundamentals before progressing to discussions of specific techniques used to maximize the value of a firm. It also explores the recent financial and economic crises and the role of finance in the business world. With its relevant and engaging presentation, numerous examples, and emphasis on Excel usage, this text serves as a complete reference tool for you in your academic or business career. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

BPP Learning Media The examiner-reviewed P5 Practice and Revision Kit provides invaluable guidance on how to approach the exam and contains past ACCA exam questions for you to try. The examiner has emphasised that simply understanding the advantages and disadvantages of different performance management approaches will not be sufficient to pass the exam. You must apply specific knowledge to the scenarios in the exam questions. The questions in the Practice and Revision Kit reflect the scenario-based questions you will find on the exam.

eBook Fundamentals of Corporate Finance 4e

McGraw Hill Now in its fourth edition, Fundamentals of Corporate Finance continues to use its engaging, accessible narrative to give students an introductory overview of the key concepts in modern corporate finance, and the strategies used by firms in this continually changing field. The author uses years of expertise to guide readers through a framework of corporate finance, providing readers with a solid foundation of knowledge. With integrated theories and real-world European examples, the new edition presents the fundamentals of corporate finance in a clear and captivating way. Key Features • New Sustainability in Finance boxes provide awareness on how sustainability and corporate finance are interconnected in every-day life. • Example boxes in every chapter provide real and hypothetical examples, illustrating theoretical concepts such as calculating returns, bond yields and equity. • Real World Insight boxes on prominent topics like mortgages, investing and price models illustrate how corporate finance theories and concepts have been applied to business and decisions. • Up-to-date content reflecting the latest developments in the field, including the growth of ethics and sustainability, the emergence of cryptocurrencies and financial technology, and the impact of Brexit on corporate finance practice. • Coverage of the Covid-19 pandemic and how this has and will impact the field of corporate finance in the future. • Material aligns with external syllabi from professional bodies including ACCA, CIMA and ICAEW.

Capital Structure and Corporate Financing Decisions

Theory, Evidence, and Practice

John Wiley & Sons A comprehensive guide to making better capital structure and corporate financing decisions in today's dynamic business environment Given the dramatic changes that have recently occurred in the economy, the topic of capital structure and corporate financing decisions is critically important. The fact is that firms need to constantly revisit their portfolio of debt, equity, and hybrid securities to finance assets, operations, and future growth. Capital Structure and Corporate Financing Decisions provides an in-depth examination of critical capital structure topics, including discussions of basic capital structure components, key theories and practices, and practical application in an increasingly complex corporate world. Throughout, the book emphasizes how a sound capital

structure simultaneously minimizes the firm's cost of capital and maximizes the value to shareholders. Offers a strategic focus that allows you to understand how financing decisions relates to a firm's overall corporate policy Consists of contributed chapters from both academics and experienced professionals, offering a variety of perspectives and a rich interplay of ideas Contains information from survey research describing actual financial practices of firms This valuable resource takes a practical approach to capital structure by discussing why various theories make sense and how firms use them to solve problems and create wealth. In the wake of the recent financial crisis, the insights found here are essential to excelling in today's volatile business environment.
