KEY=5 - MALAKI BROWN

Psychology

PsychSim

Macmillan *These original interactive activities involve students in the practice of psychological research by having them play the role of an experimenter (conditioning a rat, probing the hypothalamus electrically, working in a sleep lab) or of a subject (responding to visual illusions or tests of memory, interpreting facial expressions).*

Psychology in Everyday Life

Macmillan

Myers' Psychology for AP*

Macmillan *Already The Bestselling AP* Psychology Author, Myers Writes His First Exclusive AP* Psych Text Watch Dave G. Myers introduce this new text here. David G. Myers is best known for his top-selling college psychology texts, used successfully across North America in thousands of AP* courses. As effective as Myers' college texts have been for the AP* course, we believe his new text will be even better, because Myers' Psychology for AP* has been written especially for the AP* course!*

Myers' Psychology for the AP® Course

Macmillan Higher Education *Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.*

Loose-leaf Version for Psychology

Macmillan Higher Education *David Myers' new partnership with coauthor C. Nathan DeWall matches two dedicated educators and scholars, each passionate about teaching psychological science through writing and interactive media. With this new edition of the #1 bestselling Psychology, Myers and DeWall take full advantage of what an integrated text/media learning combination can do. New features*

move students from reading the chapter to actively learning online: *How Would You Know* puts students in the role of scientific researcher and includes tutorials on key research design principles; *Assess Your Strengths* self-tests help students learn a little more about themselves, and include tips about nurturing key strengths. These and other innovations rest on the same foundations that have always distinguished a new David Myers edition—exhaustive updating (hundreds of new citations), captivating writing, and the merging of rigorous science with a broad human perspective that engages both the mind and heart.

Online Statistics Education

An Interactive Multimedia Course of Study (Part I: Chapters 1-10)

Online Statistics: An Interactive Multimedia Course of Study is a resource for learning and teaching introductory statistics. It contains material presented in textbook format and as video presentations. This resource features interactive demonstrations and simulations, case studies, and an analysis lab. This print edition of the public domain textbook gives the student an opportunity to own a physical copy to help enhance their educational experience. This part I features the book *Front Matter, Chapters 1-10*, and the full Glossary. Chapters Include: I. Introduction, II. Graphing Distributions, III. Summarizing Distributions, IV. Describing Bivariate Data, V. Probability, VI. Research Design, VII. Normal Distributions, VIII. Advanced Graphs, IX. Sampling Distributions, and X. Estimation. *Online Statistics Education: A Multimedia Course of Study* (<http://onlinestatbook.com/>). Project Leader: David M. Lane, Rice University.
