Resist Me Men of Inked Book 3 *Bliss Ink LLC* Izzy Gallo has never been described as a member of the weaker sex. She's a woman who doesn't take shit from anyone. Growing up with four older overprotective brothers has hardened her, making her a force to be reckoned with. Against the wishes of her two brothers, Joe and Mike, Izzy takes a weekend trip to Bike Week in Daytona, turning her world upside down. Over her head, in a world she doesn't understand, there's only one man who can save her. James Caldo has dedicated his life to protect and serve as a member of the DEA. He's cocky, overbearing, and doesn't take no for an answer - the Gallo men have nothing on him. When their paths cross, James makes Izzy question everything she believes about completely surrendering to the opposite sex. Does James have what it takes to overpower the headstrong Izzy, capturing her heart forever? **Wildfire (Men of Inked: Heatwave #3)** *Bliss Ink LLC* Tamara Gallo knew she was missing something in life. Looking for adventure, she takes off, searching for a hot biker who can deliver more than a good time. But once inside the Disciples Compound, she may get more than she bargained for. The badass biker thought he had everything he wanted. He had his freedom, the open road, and the brotherhood. But after being tasked with protecting an innocent, he realizes he's missing the most important thing of all... But can the bossy biker tame the wild child, or will she be too much for even him to handle? **Wildfire** is the third interconnected standalone in the new steamy MC romance Men of Inked: Heatwave series by Wall Street Journal and USA Today bestselling author Chelle Bliss. *** What people are saying about the Heatwave Series "I loved this book!!" -Corinne Michaels, NYT bestselling author "This book will blow your mind." -Chelsea Camaron, USA Today bestselling author "Fast-paced, twist, turns, and a whole lot of FLAME" -Kaylee Ryan, NYT bestselling author "Blown away!" -Fiction Beer & Cupcakes "I inhaled this engaging tale!" -Books & Bindings "A fictional world that absolutely had me wanting more!" -Angel Payne "Chelle is hitting all the high notes in this first book in what promises to be a great series!" -Jasinda Wilder "Holy cow!! The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage

with the material, showcasing a variety of views about the good, the bad, and the best way forward. **Sweat Dramatists Play Service, Inc.** Winner of the 2017 Pulitzer Prize. Filled with warm humor and tremendous heart, SWEAT tells the story of a group of friends who have spent their lives sharing drinks, secrets, and laughs while working together on the factory floor. But when layoffs and picket lines begin to chip away at their trust, the friends find themselves pitted against each other in a heart-wrenching fight to stay afloat. **Worship Me Bliss Ink LLC** James Caldo needs to control everything in his life, even his wife. But Izzy's stubborn and is constantly testing her husband's limits as much as he pushes hers. **Fearless A Salvation Society Novel Bliss Ink LLC** I've always been a wild child and my own worst enemy. Ditched by my best friend at a biker bar. A broken Jeep in a new town with no one to call. What else could possibly go wrong? I'm Makenna Dixon, not a damsel in distress. My parents taught me how to survive on my own. But a handsome stranger thinks he'll be my saving grace. A challenge leads to a lip lock I can't quite forget. I always swore I'd never fall for an alpha like my father. And Austin Moore is as bossy as he is sweet. A wickedly sexy combination. But beneath the cocky attitude is a man fighting the demons from his past. **Radical Technologies The Design of Everyday Life Verso Books** A field manual to the technologies that are transforming our lives Everywhere we turn, a startling new device promises to transfigure our lives. But at what cost? In this urgent and revelatory excavation of our Information Age, leading technology thinker Adam Greenfield forces us to reconsider our relationship with the networked objects, services and spaces that define us. It is time to re-evaluate the Silicon Valley consensus determining the future. We already depend on the smartphone to navigate every aspect of our existence. We're told that innovations—from augmented-reality interfaces and virtual assistants to autonomous delivery drones and self-driving cars—will make life easier, more convenient and more productive. 3D printing promises unprecedented control over the form and distribution of matter, while the blockchain stands to revolutionize everything from the recording and exchange of value to the way we organize the mundane realities of the day to day. And, all the while, fiendishly complex algorithms are operating quietly in the background, reshaping the economy, transforming the fundamental terms of our politics and even redefining what it means to be human. Having successfully colonized everyday life, these radical technologies are now conditioning the choices available to us in the years to come. How do they work? What challenges do they present to us, as individuals and societies? Who benefits from their adoption? In answering these questions, Greenfield's timely guide clarifies the scale and nature of the crisis we now confront—and offers ways to reclaim our stake in the future. **The Takeover Duet Chelle Bliss** A ONE-NIGHT STAND with a handsome stranger wasn't a problem—until he tries to STEAL her company. Ambitious, high-powered CEO Lauren Bradley is one press release away from catapulting her company to new heights. Rival CEO, Antonio Forte is arrogant, controlling, and sexy. She should know, since Antonio's a one-night stand she thought she'd never see again. Antonio wants to take over more than her company, he wants her as part of the Acquisition. Let the games begin... ***** "This is one GRIPPING READ." - Life in the Book Lane "Absolutely SUPERB. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, Homeland is every bit the equal of Little Brother—a paean to activism, to courage, to the drive to make the world a better place. While everyone around Carmello Caldo found love, he was busy losing himself in pleasure and pain. But when his cousin Lily wants to help him find true love, he doesn't hesitate to accept her offer. Arlo King is not Carmello's usual type. She's a bookworm who doesn't give herself away easy. But she's the perfect woman to help reform the serial womanizer, even though she has commitment issues of her own. Quickly their fake relationship goes from slow-burn to scorching hot from the very first touch. But can they work through their troubled pasts and embrace a fairy tale future? After forty years in the Hells Angels, George Christie was ready to retire. As president of the high-profile Ventura charter of the club, he had been the yin to Sonny Barger's yang. Barger was the reckless figurehead and de facto world leader of the Hells Angels. Christie was the negotiator, the spokesman, the thinker, the guy who smoothed things out. He was the one who carried the Olympic torch and counted movie stars, artists, rock musicians, and police chief captains among his friends. But leaving the Hells Angels isn't easy, and within two weeks of retirement, he was told he was "out bad"—blackballed by his fellow Angels, prohibited from wearing the club patch, and even told he should remove his Death Head tattoo. Now Christie sets out to tell his story. Exile on Front Street is the tale of how a former Marine gave up a comfortable job with the Department of Defense and swore allegiance to the Hells Angels. In this revealing, hard-hitting memoir, he recounts his life as an outlaw biker with the world's most infamous motorcycle club. **Qualitative Research from Start to Finish, First Edition** Guilford Press This lively, practical text presents a fresh and comprehensive approach to doing qualitative research. The book offers a unique balance of theory and clear-cut choices for customizing every phase of a qualitative study. A scholarly mix of classic and contemporary studies from multiple disciplines provides compelling, field-based examples of the full range of qualitative approaches. Readers learn about adaptive ways of designing studies, collecting data, analyzing data, and reporting findings. Key aspects of the researcher's craft are addressed, such as fieldwork options, the five phases of data analysis (with and without using computer-based software), and how to incorporate the researcher's "declarative" and "reflective" selves into a final report. Ideal for graduate-level courses, the text includes: * Discussions of ethnography, grounded theory, phenomenology, feminist research, and other approaches. * Instructions for creating a study bank to get a new study started. * End-of-chapter exercises and a semester-long, field-based project. * Quick study boxes, research vignettes, sample studies, and a glossary. * Previews for sections within chapters, and chapter recaps. * Discussion of the place of qualitative research among other social science methods, including mixed methods research. **The Age of Surveillance Capitalism The Fight for a Human Future at the New Frontier of Power** PublicAffairs The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it. **Blaze (Men of Inked: Heatwave #4)** Chelle Bliss Lily Gallo prided herself on her pristine reputation. A dedicated bookworm. An awkward goody-two-shoes. Lover of fiction more than reality. Jett Michaels had always had a broken moral compass. A cocky egomaniac. An unashamed womanizer. Craving adventure instead of responsibility. Lily never expected to come face-to-crotch with her old high school crush, and she never dreamed he'd make her an offer she couldn't refuse. But what was supposed to be a platonic arrangement quickly spiraled out of control. Can the inexperienced nerdy girl tame the notorious player? Or will he peel back her pages, exposing the wildcat hidden underneath? Blaze is a full-length standalone novel in the Men of Inked Heatwave series. *** What people are saying about the Heatwave Series "I loved this book!!" -Corinne Michaels, NYT bestselling author "This book will blow your mind." -Chelsea Camaron, USA Today bestselling author "Fast-paced, twist, turns, and a whole lot of FLAME" -Kaylee Ryan, NYT bestselling author "Blown away!" -Fiction Beer & Cupcakes "I inhaled this engaging tale!" -Books & Bindings "A fictional world that absolutely had me wanting more!" -Angel Payne "Chelle is hitting all the high notes in this first book in what promises to be a great series!" -Jasinda Wilder "Holy cow!!
