LUXURY WATCHES AS INVESTMENT

Think-eBooks Watches are worthwhile investments. Of course not all watches, but only certain ones, special ones, selected ones. But not so special that you could not just buy them. At least some of them. How to recognize what in this form of investment pays off, this book is all about. Like all luxury goods, a watch must be rare and in demand to rise in value. Therefore, all consumer goods decrease in value - but not luxury goods: Luxury goods are rare, not available, scarce, durable and timeless, thus stable in value and therefore in demand. This book will give you all the details of investing in luxury watches in a nutshell and focused on the crucial information, so once you've read it, you immediately can go and buy your first watch as an investment.

label in the world. Published to celebrate The Vintage Watch Company's 25th anniversary in 2020, the book contains a unique pictorial collection of vintage Rolex watches that have passed through the shop during the past 25 years. From early Rolex pocket watches to the world's first wristwatches, elegant in their simplicity yet revolutionary in their impact, to the very first Submariners, iconic Daytonas, and jewel-encrusted Crown collections, the mesmerizing archive of vintage timepieces charts the extraordinary rise of an extraordinary brand.

TUDOR ANTHOLOGY

100 SUPERLATIVE ROLEX WATCHES

Damiani Editore "Rolex was established in 1908, a century ago, so one hundred years have passed from that day to the publication of this volume in which the author, John Goldberger, illustrates what he considers to be the 100 most beautiful examples ever produced. One hundred years of life, and one hundred examples, traced back through time thanks to painstaking research, with the collaboration of some of the most renowned collectors in the world, and photographed to show the characteristics of the movement, case and dial of each example in the best possible way. The top one hundred, we could say, also to narrow down the field of research, which would otherwise have been incredibly vast, to grasp the essence of a brand that has probably contributed more than any other to the development of the wristwatch. Giampiero Negretti Over 700 colour illustrations and 400 descriptions provide the collector and watch enthusiast with invaluable information on reference numbers, watchcases, faces, movements, related calibres and the year of production of each watch. The book is divided into seven chapters: Watches with a destiny; Oyster; Chronograph and moon phases; Oyster chronograph and moon phases; Datejust, Day-Date; Sport Models; Cosmograph."--BOOK JACKET.

CHASING TIME

VINTAGE WRISTWATCHES FOR THE DISCERNING COLLECTOR

Schiffer Publishing The early 2000s were an important period, spanning a time when mechanical watches had quite rightly retaken their place in the world market. We all may have a digital device in our pocket that is more accurate than a mechanical watch, but a timepiece has soul, personality, and history. The collection in this book is a step into the world of vintage watch collecting, with a range of photographs, intricate research, and accessible reference material that will intrigue both the casual and avid enthusiast. The collection showcases some of the most interesting, luxurious, and functional 20th-century (1930-1980) mechanical timepieces ever to be produced, including Heuer's Autavia, Rolex's Submariner, Gallet's MultiChron, Zenith's De Luca, and the Universal Space Compax.

DECEPTION DOWN UNDER

Page Publishing Inc In Deception Down Under, an American student pilot enrolled in a flight training program on the Space Coast of Florida, is lured into smuggling drugs into the country for a powerful Columbian cocaine cartel out of Miami. This young man went from a young naïve college student, studying aviation management to a full-time pilot for a Columbian cocaine cartel which paid him very well to smuggle drugs into the U.S. from the Bahamas in a twin-engine airplane. The initial glamour and power of the drug world is deceiving until he was arrested and set up to look like a witness against the cartel by a testimony fabricated by his co-defendant. He was lured into doing this in 1984 in Florida at a well known surf spot in the "Space Coast" called Sebastian Inlet. It all seemed so simple and he was living in a utopia world not thinking he was ever going to get caught. It was not until after making a lot of money, and acquiring a glamorous lifestyle that everything did fall apart and he was trapped between the cartel and the law. Afraid for his life, he decided to adopt a new identity and escaped from America to start another life for himself in Australia. He fled to Australia where he re-established himself and built a new exotic life in Queensland on the Gold Coast. The large frontier Down Under is a new test of all of his will to survive on his own in a foreign country where he is a total stranger. As a result of intensive surveillance, monitoring his parents mail, and phone taps, the FEDERAL BUREAU OF INVESTIGATION uncovered his deception. He eventually was placed on the F.B.I.'s Top 10 Most Wanted list and was tracked to Australia where he was eventually deported to Hawaii, and later deported back to the mainland of the UNITED STATES to face drug charges and accept the reality of incarceration. Once imprisoned, he builds an inner strength and knowledge of life that changed him forever. All of these scenarios combined formed a barrier which was very difficult to overcome. In addition, it destroyed the life which he was meant to have as a respected professional and placed overwhelming anxiety and emotional strain on his family. The book is being written to describe the upheaval that occurred in this young man's life through the use of drugs and the importation of drugs into this country, successfully utilizing the multi-level marketing network which he had developed. It also describes the awesome task of re-entering his former life, now carrying additional baggage, and the struggle he faces in assimilating a REAL LIFE. His story is a powerful testimony for others to learn from, because so many people in today's world are vulnerable to the deception of "easy money," whether in the drug culture on Wall Street or main street. It is also a compelling adventure story from the standpoint of someone recreating a life for himself and then being allowed to live it. The underlying theme of the story is that "YOU CAN NOT LIVE A LIE. You cannot discover your own reality until you go back and reweave the fabric of your life.

Created in 1961, this chronograph was produced for around ten years under several brand names, through a partnership between the Swiss company NIVADA SA and the American firm CROTON WATCH CO. This led to some of its dials bearing probably the most complicated name in watchmaking history: CROTON NIVADA GRENCHEM Chronomaster Aviator Sea Diver. Thanks to the authors' trademark rigorous methodology, the signature of the 'ONLY' reference works, this book reveals the incredible diversity of the Chronomaster models.
