The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage

readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward. **The Woman in White** Considered one of the mystery genre's greatest novels, *The Woman in White* was first serialized from 1859 to 1860. Published as a book in 1860, it was among the first mystery novels. Setting the stage for other works of mystery fiction, *The Woman in White* is an early detective story starring Walter Hartright, a young art teacher from London who works to find the true identity of a mysterious woman in white who appears to be in deep trouble. **Dream Angus The Celtic God of Dreams** *Open Road + Grove/Atlantic* Short stories inspired by the ancient Celtic god of love and youth, from the New York Times–bestselling author of *The No. 1 Ladies' Detective Agency*. Angus is one of the earliest Celtic deities and one of the most cherished to this day. Like an even more handsome combination of Apollo and Eros, he is the god of love, youth, and beauty. Just the sight of him has made people fall in love, and he has the power to reveal a person's true love in a dream, if asked politely. Alexander McCall Smith has turned his storytelling talents to crafting a collection of short fiction from this Irish mythology. Five contemporary fables of love lost and found unfold alongside Angus's search for the beautiful Caér, the swan maiden he met in his dreams. McCall Smith mesmerizingly unites reality and dreams, today and the ancient past, leaving the reader to wonder: what is life but the pursuit of dreams? "Smith fluidly weaves in contemporary vignettes of the dream god's benevolent influence, touching the lives of honeymooners on a windswept northern island; of a teenage boy sent away to boarding school in Scotland who tricks his mother into revealing who his true father is; and of a Toronto woman bereft at the discovery that her husband is having an affair. Angus, who presides over love and youth is also, it turns out, kindly to pigs. He is nicely reimaged in this spare, polished work." —Publishers Weekly "This slim, elegant volume is further evidence of [Smith's] consummate ability to blend wit, wisdom, and heart." —Booklist (starred review)

Machines Like Me A Novel Anchor From the Booker Prize winner and bestselling author of Atonement—"a sharply intelligent novel of ideas" (The New York Times) that asks whether a machine can understand the human heart, or whether we are the ones who lack understanding. Set in an uncanny alternative 1982 London—where Britain has lost the Falklands War, Margaret Thatcher battles Tony Benn for power, and Alan Turing achieves a breakthrough in artificial intelligence—Machines Like Me powerfully portrays two lovers who will be tested beyond their understanding. Charlie, drifting through life and dodging full-time employment, is in love with Miranda, a bright student who lives with a terrible secret. When Charlie comes into money, he buys Adam, one of the first generation of synthetic humans. With Miranda's assistance, he codesigns Adam's personality. The near-perfect human that emerges is beautiful, strong, and smart—and a love triangle soon forms. Ian McEwan's subversive, gripping novel poses fundamental questions: What makes us human—our outward deeds or our inner lives? Could a machine understand the human heart? This provocative and thrilling tale warns against the power to invent things beyond our control. Don't miss Ian McEwan's new novel, Lessons, coming in September!

Broad Daylight *Independently Published* USA Today Bestselling Authors A. M. Wilson and Alex Grayson return to Westbridge with the sequel to *Pitch Dark*. Detective Niko James may have found what he was looking for, but his brother Reece has no idea what's coming for him. Lightning never strikes twice in the same place. Or so they say...The small town of Westbridge isn't so lucky. When his brother's best friend went missing eighteen years ago, Reece James swore to himself that the pain of loss would never touch him. Walls of concrete fortified his resolve, and as a grown man, he keeps to himself and works hard to earn an honest

living. No wife, no kids, not even a dog to rely on him. His quiet life is upended when strange things start happening to him. As the events escalate, he can't continue to blame the neighborhood kids who roam freely at night. Forced to report a break in, he anticipates a swift investigation and the person responsible to be caught. What he doesn't expect is the woman he's loved in secret for twenty years to return to town and lead the investigation. His attempt to protect Dani as kids was pathetic at best, but when his stalker gets wind of a woman in his life, no matter that she's merely investigating a case and nothing more, Reece will do anything to keep her out of harm's way. Including sacrificing himself. What his captor has in store will rock the very foundation Reece lives upon and will force him to face his past head on for a chance at survival. Poor Reece has no idea what's coming for him. This book contains dark triggers. **Lawful Escort (Eternal Bachelors Club #1)** *Duboce Park Press* When Daniel has to travel to San Francisco and needs an escort for a social event, the beautiful Sabrina shows up on his doorstep. And what can be done about it? The answer lies in the hands of God's people. Increasingly, today's Christians want to be the church, to follow Christ together in daily life. From every corner of society, they are daring to step away from the status quo and respond to Christ's call to share their lives more fully with one another and with others. As they take the plunge, they are discovering the rich, meaningful life that Jesus has in mind for all people, and pointing the church back to its original calling: to be a gathered, united community that demonstrates the transforming love of God. Of course, such a life together with others isn't easy. The selections in this volume are, by and large, written by practitioners--people who have pioneered life in intentional community and have discovered in the nitty-gritty of daily life what it takes to establish, nurture, and sustain a Christian community over the long haul. Whether you have just begun thinking about communal living, are already embarking on sharing life with others, or have been part of a community for many years, the pieces in this collection will encourage, challenge, and strengthen you. The book's fifty-two chapters can be read one a week to ignite meaningful group discussion.
