Basic Guide to the National Labor Relations Act U.S. Government Printing Office Beyond the European Left Ideology and Political Action in the Belgian Ecology Parties Durham [N.C.] : Duke University Press Drawing on recent research on the internal politics of the Belgian ecology parties, Agalev and Ecolo, this work

demonstrates how political careers in contemporary social movements lead to activism in left-libertarian politics and influence political ideology. **Beyond the European Left** is the first comprehensive survey of ecology parties in Europe that presents detailed empirical information on the careers, organizational practices, and political beliefs of the activists involved. The authors employ a new research methodology—surveying party militants—that is better adapted to the study of micropolitics than are expert interviews. Herbert Kitschelt and Staf Hallemans show that European Green party activists express an egalitarian and libertarian vision of a desirable social order that builds on, but radically transforms, ideas of the traditional socialist European left. The authors then examine the debates and disagreements among militants on political objectives and the consequences of conflicting views for party organization and strategy. Their findings illuminate the unique dynamics of left-libertarian politics in a number of Western European countries with obvious relevance to current developments in Eastern Europe. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website. **Political Parties Am** In this comprehensive introduction to political parties, two of the country's foremost scholars combine the traditional PIE, PIG, PO approach with unique chapters on such issues as race and campaign finance. campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." —Michael Jackson, *The Beer Hunter*(r) "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor

Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co. *National Labor Relations Act and Proposed Amendments: Hearings, July 5-6, 1939 Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting (SOC 1)* John Wiley & Sons This updated and improved guide is designed to help accountants effectively perform SOC 1® engagements under AT-C section 320, *Reporting on an Examination of Controls at a Service Organization Relevant to User Entities' Internal Control Over Financial Reporting, of Statement on Standards for Attestation Engagements (SSAE) No. 18, Attestation Standards: Clarification and Recodification*.
