THE GOOD PEOPLE OF NEW YORK

Anchor When Roz Rosenzweig meets Edwin Anderson fumbling for keys on the stoop of a Manhattan walk-up, the last thing on her mind is falling for a polite Nebraskan—yet fall for him she does. So begins Thisbe Nissen's breathtaking debut novel, a decidedly urban fairy tale that follows Roz and Edwin as they move from improbable courtship to marriage to the birth of daughter Miranda—the locus of all Roz's attention, anxiety, and often smothering affection. As Miranda comes of age and begins to chafe against the intensity of her mother's neurotic love, Roz must do her best to let those she cherishes move into the world without her. On crowded subways, in strange bedrooms, at Bar Mitzvahs, in brownstone basements and high school gymnasiums, Nissen's unforgettable characters make their hilarious and wrenching way—and prove, indeed, that good things thrive in New York City.

Bookouture *Someone Else's Daughter: A gripping emotional page-turner with a twist We should have protected her... They'd left their daughter with us, their only child, and we hadn't protected her. That was all they would see when they looked at us—that we had failed them. I count down the days until we can leave the city behind and return to the beach house. Where James and Katie can roam free over the dunes, like they did as children, and Peter will swap his 6 a.m. starts for the stacks of fluffy pancakes he lovingly serves up for our family breakfasts. These sun-drenched, golden days, just the four of us, are what I hold on to all year long. But this summer Katie's best friend will be coming with us. I tell myself the girls will have fun together, pushing aside the doubts I have about this uninvited guest. Isa. With her corn-silk hair and luminous skin, who manages to overshadow my daughter at every turn. Who has been dumped on us by her own parents, too caught up in their petty dramas to see what is right in front of them. Because I can see it. There is something dangerous about Isa. Something more than a carefree girl, testing boundaries as she approaches adulthood. She threatens to cast storm clouds across my beach house days. I feel as powerless to stop her as I would in the face of a hurricane. By the end of the summer, Isa will be dead. And I will have to face her mother. I don't know if I will be able to find the words. How can I begin to explain that she never really knew her daughter at all? ALL THE MISSING GIRLS

A NOVEL

Simon and Schuster *Like the spellbinding psychological suspense in *The Girl on the Train* and *Luckiest Girl Alive*, Megan Miranda's novel is a nail-biting, breathtaking story about the disappearances of two young women—a decade apart—told in reverse. It's been ten years since Nicolette Farrell left her rural hometown after her best friend, Corinne, disappeared from Cooley Ridge without a trace. Back again to tie up loose ends and care for her ailing father, Nic is soon plunged into a shocking drama that reawakens Corinne's case and breaks open old wounds long since stitched. The decade-old investigation focused on Nic, her brother Daniel, boyfriend Tyler, and Corinne's boyfriend Jackson. Since then, only Nic has left Cooley Ridge. Daniel and his wife, Laura, are expecting a baby; Jackson works at the town bar; and Tyler is dating Annaleise Carter, Nic's younger neighbor and the group's alibi the night Corinne disappeared. Then, within days of Nic's return, Annaleise goes missing. Told backwards—Day 15 to Day 1—from the time Annaleise goes missing, Nic works to unravel the truth about her younger neighbor's disappearance, revealing shocking truths about her friends, her family, and what really happened to Corinne that night ten years ago. Like nothing you've ever read before, *All the Missing Girls* delivers in all the right ways. With twists and turns that lead down dark alleys and dead ends, you may think you're walking a familiar path, but then Megan Miranda turns it all upside down and inside out and leaves us wondering just how far we would be willing to go to protect those we love.*

But when the classmate voted Most Likely to Succeed is found dead, Miranda and Parker are pulled out of retirement to investigate what could be a bizarre murder. Not exactly what they had planned. RACE TO THE BOTTOM

UNCOVERING THE SECRET FORCES DESTROYING AMERICAN PUBLIC EDUCATION

HarperCollins Everyone wants: High schoolers to graduate well-prepared for jobs. Improved STEM literacy. Greater achievement for inner-city children. Happiness for all children. So why are liberals spending billions of dollars working against those goals? In *Race to the Bottom*, Luke Rosiak uncovers the shocking reason why American education is failing: Powerful special interest groups are using our kids as guinea pigs in vast ideological experiments. These groups' initiatives aren't focused on making children smarter—but on implementing a radical agenda, no matter the effect on academic standards. Nonprofits pump billions into initiatives meant to redress racial inequities. Rather than fixing the problem, districts with a big gap between white and black test scores hire consultants who claim the tests are meaningless because they are "racist." These consultants' judgments allow school districts to ignore their own failures—ultimately hurting minority students and perpetuating racism. That is just one example. Drawing on his years in investigative journalism, Rosiak did a deep dive into school files, financial records, and parents' stories. What he found is that nonprofit influence has crept into the educational bureaucracy all over America. Corrupt school boards and quack diversity consultants abound. Teachers drawing government pay claim it's unsafe to return to in-person school, but "double dip" teaching in-person private classes. And amid all this focus on money and equity, academic standards are crumbling, which hurts American kids in ways we'll be suffering for decades. *Race to the Bottom* is the first comprehensive exposé of the way radical ideology and self-serving administrators are destroying academic quality in America's K-12 schools. Rigorous and deeply-researched, this is essential reading for anyone who cares about the future of our kids.

PARENTING MATTERS

SUPPORTING PARENTS OF CHILDREN AGES 0-8

National Academies Press Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by

parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.
