Digital Modes for All Occasions

Consensus and Synchronization in Complex Networks

Springer In this book for the first time two scientific fields - consensus formation and synchronization of communications - are presented together and examined through their interrelational aspects, of rapidly growing importance. Both fields have indeed attracted enormous research interest especially in relation to complex networks. In networks of dynamic systems (or agents), consensus means to reach an agreement regarding a certain quantity of interest that depends on the state of all dynamical systems (agents). Consensus problems have a long history in control theory and computer sciences, and form the foundation of the field of distributed computing. Synchronization, which defines correlated-in-time behavior between different processes and roots going back to Huygens to the least, is now a highly popular, exciting and rapidly developing topic, with applications ranging from biological networks to mathematical epidemiology, and from processing information in the brain to engineering of communications devices. The book reviews recent finding in both fields and describes novel approaches to consensus formation, where consensus is realized as an instance of the nonlinear dynamics paradigm of chaos synchronization. The chapters are written by world-known experts in both fields and cover topics ranging from fundamentals to various applications of consensus and synchronization.

Selah Moments

There are times when we need encouragement, comfort, direction, and a thought-provoking Word. Those times are now. Our busyness can cause us to neglect the voice of the Father and time with the Father. Here are some of my moments that have helped and strengthen me; and I would like to share them with you. This book consists of moments I have had during and after meditation and the revelation that I received. The Father will lead you through difficult decisions and will help you to make the right decision. I challenge you to write your thoughts. I also, encourage you to create your very own Selah moment, in your quiet time. God's Word will speak to you personally. At times, wisdom nuggets (personal insight) will come to you after reading His Word. Write them down. And sometimes the smallest lesson will make the greatest impact. My prayer is that you will seize the moment and create new lasting memories. Listen to the voice of God every day because he is always speaking. Take the time to pause and meditate on what is important to you. This book is to increase your hunger for time with God and to activate the gift that He has placed inside of you. Lady Michele Williams feels her greatest achievement is her four sons and one grandson. She is an ordained minister, songwriter, worship leader, psalmist, and poet. She is a licensed minister through Kingdom Harvest Bible College and holds a degree in Systematic Theology. She ministers truth and liberation to women through speaking at Women's Conferences and one on one mentoring. She

shares nuggets daily that have helped her get through her darkest hours until she realized her light had come. Lady Williams heart is in tuned with the Father and relay his message to those who need rest and encouragement.

The Practical Guide to Corporate Social Responsibility

Do the Right Thing

Routledge Corporate social responsibility has gained substantial traction in recent decades but many still struggle with conveying the importance of integrating ethics and environmental and social values within the demands of a business world understandably concerned with making profit. First published in 2009 as 'Do the Right Thing', The Practical Guide to Corporate Social Responsibility guides you through the basics, teaching how to recognise CSR benefits and put principles into practice in a business-focussed way. This new edition helps readers get to grips with improving their organisation's environmental management, sustainability, health and safety and trading ethics with straightforward guidance and tips. A new 'Do The Right Thing' Model assists organisations with identifying risks and frames corporate social responsibility in a business context accessible to all. Features include: An updated Do the Right Thing Model aligned to the new ISO high level structure for management system standards 20 global case studies to demonstrate how the model can impact performance A corporate social responsibility policy template for your organisation's use Helpful 'Test your thinking' exercises to check your understanding and stretch your working knowledge 100 practical actions for you to start implementing today This is an essential introduction to the complex areas of corporate social responsibility that affect health and safety practitioners, environmental managers, human resources personnel and those working with quality and business assurance. It will also be critical reading for those looking to understand how CSR fits into the new high level structure of ISO 9001, ISO 14001 and ISO 45001.

Danger on the Page

A Fiction Writer's Guide to Sex, Violence, Dead Narrators, and Other Challenges

ForeEdge from University Press of New England Although fiction writers must concern themselves with "big picture" issues such as plot, theme, and character development, much of the day-to-day work of writing involves finding answers to seemingly minor questions: How should I describe the exterior of a house? How can I construct the voice of a historical narrator with authenticity? How should I depict a physically atypical character? Few books on the market address the problems and opportunities present in these and other questions, yet they are the ones that most writers grapple with on a daily basis. Danger on the Page: A Fiction Writer's Guide to Sex, Violence, Dead Narrators, and Other Challenges identifies and explores some of the more common and intractable situational challenges of fiction writing, with chapters grouped into the general subject areas such as scenes, characters, points of view, and settings. Shawver delves into the pitfalls and opportunities of writing about sex, violence, sports, and love; he examines writing from the perspective of a different race, gender, or species; he interrogates conventional beliefs about the use of brand names, the description of architecture, and the portrayal of nature. Throughout, he gives dozens of examples from both literary and commercial fiction so readers can borrow (or reject) other writers' techniques and explore the myriad challenges of fiction writing on their own. A lively and witty approach to a diverse range of specific writing issues, Shawver's book will appeal especially to intermediate-level

writers seeking to bring their craft to the next level.

Sciency-Fun Wows!: 54 Surprising Bible Object Lessons (for Ages 8-12)

Group Publishing (Company) Science experiments are a surefire way to get kids' attention. Even better? When they get to help! Supplement your Bible lessons with these Bible-related object lessons from the popular Dig In curriculum. 8- to 12-year-olds will participate in exciting science fun that focuses on the life of Jesus. Here's a few of the 54 clever ideas you'll find inside: * Experimenting with how many paper clips fit into a full cup of water (reminding kids that Jesus has room in his heart for everyone) * See how water prevents a balloon from popping (demonstrating Jesus' power over sickness and death) * Using static to repel two pieces of tape, then to attract them together (an illustration of how Jesus is drawn to children) * Using pressure to make ketchup sink or float in water (encouraging kids not to hold on to grudges because Jesus loves even his enemies) These memorable object lessons will stick with kids for years to come! The Scripture and topical indexes make it easy to find an experience that goes with your Bible lesson. Get ready for a lot of oohs, ahs, and wows as kids are amazed to see how science can illustrate important Bible truths. This book includes reproducible pages.

Selected Readings on Race, Class, and Gender

An Exploration of Human Rights and the Effects of Capitalism

Cognella Academic Publishing Selected Readings on Race, Class, and Gender: An Exploration of Human Rights and the Effects of Capitalism encourages readers to analyze social conflicts, socialized prejudices, and conditions of intolerance that arise from tension between people of different races, classes, and genders. It provides students with an intersectional framework to demonstrate how our participation within political, economic, and social affairs is crucial in reforming existing systems of oppression. The readings within the text shine a light on those who are marginalized and asks readers to address the systemic conditions that continue to discriminate and oppress individuals at a personal and institutional level. It encourages readers to rethink their internalized biases and dismantle existing conditions of racism, classism, and genderism. Students are provided with strategies to resist the totalizing power that controls our systems of knowledge. Throughout, study questions, comprehension questions, critical thinking questions, and expansion questions inspire critical thought and meaningful discussion. Designed to help readers better understand their own identities and the systems that influence them, Selected Readings on Race, Class, and Gender is a timely and essential anthology for courses in the humanities, including sociology, race studies, and gender studies, among others.

Santa's Toes

Austin Macauley Beneath the branches of the Christmas tree, Santa sat while holding his head in sorrow. "How will I ever find my way back before the light of tomorrow?" After falling from his place on the Christmas tree, Santa needs help climbing back up to his special branch. Who will be able to help the 'Hero of Christmas' before the sun comes up and he is discovered? This book demonstrates the importance of working together as a team to solve problems and that sometimes it is the hero himself who needs the most help.
