KEY=PICTURING - KYLER NOBLE

Subject to Change

Leigh Ann Kopans **A stand-alone novel in the Picturing Perfect series* Joey made her dad a deathbed promise that she would become a doctor, and dedicate herself to fighting the very cancer that took his life. There’s just one problem -three years into her pre-med classes, she's struggling to stay on top of the curve, let alone prove she's dazzling enough to earn a spot in an Ivy League medical school. In a Hail Mary move, she throws a basic Business 101 class into her semester schedule, banking on a perfect score to boost her GPA. That is, until she’s paired for a final project with Hawk, the bartending, motorbike-riding, gorgeously bedheaded loser who falls asleep in class and communicates in one-word sentences. Hawk does whatever he wants, whenever he wants, which sets Joey on edge – in every possible way. As they get to know each other, her urge to scream at him is curbed only by her fantasies of tearing his clothes off. Soon those fantasies become reality, and Joey realizes Hawk makes her feel more fully herself than any of the rich boys her mother and sorority sisters approve of. But the promise to her father hangs over her head, and the harder Joey tries to succeed in her chosen career, the faster everything falls into a hopeless tailspin of bad grades, broken promises and guilt. It doesn't help to have Hawk sitting like a devil on her shoulder, insisting she should be free to live however she wants to live - like he does. The only thing Joey knows is that her neatly organized life is crushing her - and Hawk's bad attitude might be the only thing that can save her.*

Then, the team started losing. Women started dying. And everything in my perfect world broke apart.*

Picture Perfect

Leigh Ann Kopans *Fashion design major Cat Mitchell has a closet full of gorgeous clothes - and not a single thing fits. After two years of runway modeling for easy cash, an accident shattered her lower leg bone and her self-esteem in just one swift fall. Ten months of no exercise, prescription steroids, comfort eating and yoga pants meant returning to campus as a size twelve instead of her former size two. When her gorgeous long-time friend with benefits sees her for the first time after her accident and snubs her in front of all her friends, Cat’s self-image hits rock bottom. Her sorority sisters all insist that she looks gorgeous, but all Cat sees is the roll of her stomach when she sits down, or the dimpling at the back of her thighs that wasn't there last year. Cat's therapist prescribes something radical to stop the downward spiral - nude modeling for a nearby college's human form drawing classes. When Cat faces her fears and bares it all for the class, she realizes that she's posing naked in front the most gorgeous, buffest guy she's ever seen in her life. He asks her out after the class, and after one steamy night and six weeks of perfect dates together, Cat's absolutely smitten. But when Cat goes home with Nate for Thanksgiving, she discovers something shocking from his recent past that proves that he hasn’t always been so encouraging of women of all shapes and sizes. Cat has no idea what to think, but she does know one thing - this might destroy their relationship before it's even had a chance to get off the ground. Before Cat can figure out whether the real Nate is the sensitive, adoring guy she fell in love with, or an undercover asshole, she'll have to finally feel comfortable in her own skin - even if it means leaving him forever. (This book contains sex and adult language.)*

Caressed my thigh, dug rough fingers into my hair, lowered his soft mouth to my skin, took sexual control of my mind and stirred it all around with what he packed in his pants. He dumped my quiet life upside down and crawled into a place in my heart I thought was dead. The issue is his secret. The issue is her. The issue is that I don't even know she exists, and he thinks she's dead. The issue is that shit is about to hit the fan and I can't hold on to him tight enough"--Page 4 of cover.*

Lore

Disney Electronic Content From the #1 New York Times best-selling author of *The Darkest Minds* comes a sweepingly ambitious, high-octane tale of power, destiny, love, and redemption. Every seven years, the Agon begins. As punishment for a past rebellion, nine Greek gods are forced to walk the earth as mortals. They are hunted by the descendants of ancient bloodlines, all eager to kill a god and seize their divine power and immortality. Long ago, Lore Perseous fled that brutal world, turning her back on the hunt's promises of eternal glory after her family was murdered by a rival line. For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths. Yet as the next hunt dawns over New York City, two participants seek her out: Castor, a childhood friend Lore believed to be dead, and Athena, one of the last of the original gods, now gravely wounded. The goddess offers an alliance against their mutual enemy and a way to leave the Agon behind forever. But Lore's decision to rejoin the hunt, binding her fate to Athena's, will come at a deadly cost—and it may not be enough to stop the rise of a new god with the power to bring humanity to its knees.

Just Let Go

Just Love *There's only one word to describe the way Natalia Ortiz lives her life - fast. She's got big plans to be a Hollywood stunt double someday. Since she graduated from college, she's never stayed in one place for longer than a few months. That changes when her mom passes away and her dad is left suffering from heart disease with no one to help him manage the family gym. She has to move back home. Ethan Anderson has a firm grip on life - he has a house, a car, and a well-paying job assessing insurance risk for one of the biggest firms in Philly. He had a brief fling with Natalia a year ago, but broke it off when she left for Spain, insistent on running with the bulls and probably being violently murdered by one in the process. He liked her way too much to think of her risking her life every other day without him there to watch over her. So when he gets a call to draw up a new insurance policy for The Knockout Brothers gym, now under new management, he's shocked to find that it's Natalia -the fiery, fun, sexy woman he's never stopped thinking about - at the helm. Aside from Ethan's romantic interests, there's one big problem with Natalia's bungee-jumping and gun-range visits; as a new business owner, Natalia needs insurance. It'll be way too expensive if she insists on a daredevil lifestyle - unless Ethan finds some very creative loopholes. Natalia comes up with a proposal: If she can take him on some blood-rushing dates and convince him the wild side is the place to be, he'll help her get covered at a price she can afford. If, however, he can make her fall in love with quiet evenings at home, she'll agree to give up her thrill-seeking and spend a safe, secure future in his arms, where Ethan desperately wants her to stay. When the landscape of Natalia's life changes yet again, however, and she gets the chance to leave do what she's always wanted, which part of her heart will she listen to - the one that wants to be with Ethan, or the one that craves adventure? And if she regrets her choice, will there be any going back? Just Let Go is a full-length romance with skydiving, but no cliffhanger, and, of course, a super-swoony HEA.*

Massie sweeps readers back to the extraordinary world of Imperial Russia to tell the story of the Romanovs' lives: Nicholas’s political naïveté, Alexandra’s obsession with the corrupt mystic Rasputin, and little Alexis’s brave struggle with hemophilia. The tale is so bizarre, no melodrama is equal to it.”—Newsweek “A wonderfully rich tapestry, the colors fresh and clear, every strand sewn in with a sure hand. Mr. Massie describes those strange and terrible years with sympathy and understanding. . . . They come vividly before our eyes.”—The New York Times “An all-too-human picture . . . The theme of this workshop was focused on "Emergence, Attention and Creativity". The workshop structure consisted of five modules each one composed of two invited lectures (dealing with solutions in nature and machines respectively) and a panel discussion. The lectures focused on presenting the state-of-the-art and outlining open questions. In particular, they sought to stress links, suggesting possible synergies between different cultural areas. The panel discussion was conceived as a forum for an open debate, briefly introduced by each panellist, and mainly aimed at deeper investigation for the different approaches and strictly related topics. The panellists were asked to prepare a few statements on hot-points, which were delivered in advance to the participants as a guide for a qualified discussion.*
