THE COMPLETELY MAD DON MARTIN

Running Press Just about everyone who came of age during the 1960s, 70s, and 80s was influenced by MAD MAGAZINE, and no one at MAD was more influential than "MAD's MADdest Artist," Don Martin. His immediately recognizable style--featuring bulbous noses, wild sound effects, and the legendary "hinged feet"--was filled with broad and daring slapstick and routinely broke new ground. A surprisingly quiet man, Martin's work spoke volumes as he left an indelible mark on several generations, influencing the style of many illustrators while shaping the sense of humor of countless misguided youths. He was inducted into the Comic Book Hall of Fame in 2004. Says Gary Larson, creator of The Far Side: "Don Martin was the one who really stood out." Now, it is with great pride that Running Press, in collaboration with MAD, launches the MAD's Greatest Artists: The Completely MAD Don Martin (MAD's Greatest Artists Series). For the first time ever, here is the complete collection of every piece of art Don Martin published in MAD throughout his extraordinary thirty-year tenure (1957-1987). With all of Martin's strips, covers, posters, and stickers--presented in chronological order--it is nothing less than a masterpiece of comic genius. Complementing Martin's opus of published works are letters, sketches, and rare photos providing an in-depth look at the artist at work. Plus, scattered throughout are notes and original illustrations--commissioned for this volume--paying tribute to the artist and penned by MAD's most-notable personalities, including Al Jaffee, Mort Drucker, Jack Davis, Sergio Aragonés, and more. There are also notes by the likes of Jim Davis (Garfield) and a foreword by Gary Larson. A collector's item and object d'art in its own right, this deluxe two-volume slipcased edition will be the season's must-have gift book for the millions whose childhoods--and subsequent adulthoods--would not have been the same without MAD MAGAZINE and Don Martin.

ASK DR. MUELLER

THE WRITINGS OF COOKIE MUELLER

Serpents Tail Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights*, *Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.

SHAQ TALKS BACK

St. Martin's Press It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in *Shaq Talks Back*, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. *Shaq Talks Back* is the story of how potential became reality-- how someone expected to be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: * Playing at Louisiana State University for the unpredictable coach Dale Brown * Signing the biggest rookie contract ever with the Orlando Magic-- and going to the NBA Finals for the first time * What happened next: dissent, disappointment, and his decision to leave for Los Angeles * The dysfunctional Lakers who were never able to win the big games * Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team * Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others * The trouble with free throws... * "Bling-bling" and women: the larger-than-life world of NBA players off the court * Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, *Shaq Talks Back* is the true voice of the NBA's best player.
