Shadows of the Empire** *Spectra* A novel set during the period between **The Empire Strikes Back** and **Return of the Jedi** follows Leia's preparations to rescue Han Solo and Luke's flight from both Darth Vader and an equally powerful dark lord, Xizor. Reprint. **The Icarus Hunt A Novel** *Spectra* **From Timothy Zahn, Hugo Award winner and New York Times bestselling author of two landmark Star Wars® series, comes an original new tale featuring a renegade space pilot, his unusual alien partner, and an unknown cargo that can change the course of galactic history. Jordan McKell has a problem with authority. Unfortunately for him, the iron-fisted authority of the powerful Patthaaunutth controls virtually every aspect of galactic shipping. In order to survive, Jordan ekes out a living dabbling in interstellar smuggling for outlaw concerns that represent the last vestiges of free trade in the galaxy. So when Jordan and his partner, Ixil--an alien with two ferret-like "outhunters" linked to his neural system--are hired by a mysterious gentleman to fly a ship and its special cargo to Earth, they jump at the job. Caution has never been one of Jordan's strong suits. But this time he may have taken on more than even he can handle. The ship, Icarus, turns out to be a ramshackle hulk, the ragtag crew literally picked up off the street, and the cargo so secret, it's sealed in a special container that takes up most of the cramped and ill-designed ship. As if that weren't bad enough, it looks like the authorities already suspect something is afoot, there's a saboteur aboard, and the Icarus appears to be shaking apart at the seams. It doesn't seem as if things could get any worse. That is, until a beautiful crew member helps McKell uncover the true nature of the cargo he's carrying. With his enemies closing in on the lumbering Icarus, the unknown saboteur still aboard, and authorities on Earth pressured to turn them in, McKell and Ixil become fugitives. Their only chance is to stay one step ahead of their pursuers as they try to make it home. A bold and epic novel filled with unrelenting action and a good dose of humor, The Icarus Hunt is a wild hyperspace romp through the galaxy. Tales from the Mos Eisley Cantina Collection of 16 short stories in the Star Wars series. Features a number of repulsive and sinister characters such as Jabba the Hutt, Kardue the flesh-shredding dervish and Goa the bounty hunter as well as heroes like Hans Solo and Luke Skywalker. Contributors include Jennifer Roberson, author of 'Shapechangers,' and Barbara Hambly author of 'Children of the Jedi'. The Anthology At The End Of The Universe Leading Science Fiction Authors On Douglas Adams' The Hitchhiker's Guide To The Galaxy** *BenBella Books* Every aspect of the science fiction classic **The Hitchhiker's Guide to the Galaxy** is analyzed in a variety of quirky ways in this collection of essays. Topics include the logistics of the restaurant at the end of the universe, how the Internet is creating the real **Hitchhiker's Guide**, an assessment of **Vogon poetry**, and an analysis of computing. The essays are written by both science fiction greats, such as **Cory Doctorow**, **Lawrence Watt-Evans**, **Stephen Baxter**, **Jacqueline Carey**, and **Alastair Reynolds**, and up-and-coming writers. **Star Wars Vol. 2 Showdown On The Smuggler's Moon** *Marvel Entertainment* **Star Wars (2015) 7-12 Star Wars Jabba's palace pop-up book** *Little Brown & Company* **Jubnuk the Gamorrean guard searches high and low through the palace after Jabba the Hutt loses his lucky charm, in a colorful, interactive book complete with pop-up illustrations, pull-tabs, and music and sound effects. Solo: A Star Wars Story: Expanded Edition** *Del Rey* **Don't miss the exclusive content in this thrilling adaptation of Solo: A Star Wars Story, with scenes from alternate versions of the script including Han Solo's time in the Imperial Navy, Qi'ra's past, the beginnings of the rebellion, and more! Though Han Solo has thrilled Star Wars fans for decades, the notorious wisecracking scoundrel was chasing adventure and dodging trouble long before he walked into the cantina at Mos Eisley spaceport. Young Han dreams of someday soaring into space at the helm of his own starship and leaving his home, the gritty industrial planet Corellia, far behind. But as long as he's trapped in a life of poverty and crime—and under the thumb of the sinister Lady Proxima and her brutal street gang—reaching the distant stars seems impossible. When Han tries to escape with his girlfriend and partner-in-crime, Qi'ra, he makes it out—but she doesn't. Desperate for a way to find his own offworld vessel and free her, Han enlists in the Imperial Navy—the last place for a rebellious loner who doesn't play well with others. When the Empire clips his wings, Han goes rogue and plunges into the shady world of smugglers, gamblers, and con artists. There he meets the charming and cunning high roller Lando Calrissian, makes an unlikely friend in a cantankerous Wookiee called Chewbacca, and first lays eyes on the Millennium Falcon. To snag his piece of the outlaw pie, Han joins a crew of pirates to pull off a risky heist. The stakes are high, the danger is great, and the odds are slim. But never tell Han Solo the odds. Praise for Solo: A Star Wars Story “Mur Lafferty has given us the best adaptation of a Star Wars film yet.”—Star Wars News Net “If you liked the movie but were left wanting more, this novel has exactly what you need.”—CNET “A fun adventure tale within the larger Star Wars franchise that goes beyond the run-of-the-mill novelization treatment to explore a new bit of the world that we haven't yet seen.”—The Verge **A Forest of Stars** *Orbit* Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result. **The Perfect Weapon (Star Wars) (Short Story) Journey to Star Wars: The Force Awakens** *Del Rey* **Journey to Star Wars: The Force Awakens** with this exclusive ebook short story set shortly before the events of the film, featuring a quick-witted mercenary who takes big risks for bigger rewards—and now faces the challenge that will take her to the edge. There are plenty of mercenaries, spies, and guns for hire in the galaxy. But probably none as dangerous and determined as **Bazine Netal**. A master of disguise—and lethal with a blade, a blaster, or bare handed—she learned from the best. Now it's her turn to be the teacher—even if schooling an eager but inexperienced recruit in the tricks of her trade is the last thing she wants to do. But it's the only way to score the ship she needs to pull off her latest job. An anonymous client has hired Bazine to track down an ex-stormtrooper and recover the mysterious package he's safeguarding. Payment for the mission promises to be astronomical, but the obstacles facing Bazine will prove to be formidable. And though her**

eager new sidekick has cyber skills crucial to the mission, only Bazine's razor-sharp talents will mean the difference between success or failure—and life or death. The Paradise Snare *Spectra* Recounts the early years of the young Han Solo, beginning with his late teenage years, as he chafes under the sadistic tyranny of the cruel Garris Shrike, and chronicling his transformation into a swashbuckling pilot, smuggler, and rogue. Original. Death Star: Star Wars Legends *Del Rey* "THAT'S NO MOON." -Obi-Wan Kenobi The Death Star's name says it all, with bone-chilling accuracy. It is a virtual world unto itself-equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine-power-hungry Senator and Sith Lord-to seize control of the Republic, declare himself Emperor, and usher in a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine's sinister will, the threat of rebellion still looms. And the Emperor knows that only abject fear-and the ability to punish dissent with devastating consequences-can ensure his unchallenged control of the galaxy. Enter ambitious and ruthless government official Wilhuff Tarkin, architect of the Emperor's terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star-and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil-all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years! Darksaber: Star Wars Legends *Del Rey* Luke Skywalker and Han Solo, cloaked by the Force and riding with the hostile Sand People, have returned to the dunes of the desert planet Tatooine in hopes of finding what Luke so desperately seeks: contact with Obi-Wan Kenobi. Luke is hoping the old Jedi Knight's spirit will tell him how to help his love, Callista, regain her lost ability to use the Force. Tormented and haunted, Luke cannot rest until Callista is a Jedi in the fullest sense, for only then will the link between their minds and souls be restored. Yet brewing on Tatooine is news that will shake Luke and Han and threaten everything they value. The disturbing piece of information is that the evil Hutts, criminal warlords of the galaxy, are building a secret superweapon: a reconstruction of the original Death Star, to be named Darksaber. This planet-crushing power will be in the ruthless hands of Durga the Hutt -- a creature without conscience or mercy. But there is worse news yet: the Empire lives. The beautiful Admiral Daala, still very much alive and more driven than ever to destroy the Jedi, has joined forces with the defeated Pellaeon, former second in command to Grand Admiral Thrawn. Together they are marshaling Imperial forces to wipe out the New Republic. Now, as Luke, Han, Leia, Chewbacca, Artoo and Threepio regroup to face these threats, they are joined by new Jedi Knights and Callista. Together they must fight on two fronts, outshooting and outsmarting the most formidable enemies in the galaxy. In Darksaber the Jedi are heading for the ultimate test of their power--a test in which all the temptations of the dark side beckon. And Luke Skywalker must draw upon his innermost resources to fight for a world in which he can not only live, but dare to love. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years! The Odyssey of Star Wars An Epic Poem *Abrams Image* A thrilling retelling of the Star Wars saga in the style of classic epic poetry "I look not to myself but to the Force, In which all things arise and fall away." Journey to a galaxy far, far away like never before--through lyrical verse and meter. Like the tales of Odysseus and Beowulf, the adventures of Luke Skywalker, Han Solo, Princess Leia, Jyn Erso, Obi-Wan Kenobi, Darth Vader, and the Emperor are fraught with legendary battles, iconic heroes, fearsome warriors, sleek ships, and dangerous monsters. Beginning with Rogue One's rebel heist on Scarif to secure the plans to the Death Star and continuing through the climax of Return of the Jedi, author Jack Mitchell uses the ancient literary form of epic poetry to put a new spin on the Star Wars saga. Punctuated with stunning illustrations inspired by the terracotta art of Greek antiquity, The Odyssey of Star Wars: An Epic Poem presents the greatest myth of the 20th century as it would have been told nearly 3,000 years ago. Star Wars and the History of Transmedia Storytelling *Transmedia* Star Wars has reached more than three generations of casual and hardcore fans alike, and as a result many of the producers of franchised Star Wars texts (films, television, comics, novels, games, and more) over the past four decades have been fans-turned-creators. Yet despite its dominant cultural and industrial positions, Star Wars has rarely been the topic of sustained critical work. Star Wars and the History of Transmedia Storytelling offers a corrective to this oversight by curating essays from a wide range of interdisciplinary scholars in order to bring Star Wars and its transmedia narratives more fully into the fold of media and cultural studies. The collection places Star Wars at the center of those studies' projects by examining video games, novels and novelizations, comics, advertising practices, television shows, franchising models, aesthetic and economic decisions, fandom and cultural responses, and other aspects of Star Wars and its world-building in their multiple contexts of production, distribution, and reception. In emphasizing that Star Wars is both a media franchise and a transmedia storyworld, Star Wars and the History of Transmedia Storytelling demonstrates the ways in which transmedia storytelling and the industrial logic of media franchising have developed in concert over the past four decades, as multinational corporations have become the central means for subsidizing, profiting from, and selling modes of immersive storyworlds to global audiences. By taking this dual approach, the book focuses on the interconnected nature of corporate production, fan consumption, and transmedia world-building. As such, this collection grapples with the historical, cultural, aesthetic, and political-economic implications of the relationship between media franchising and transmedia storytelling as they are seen at work in the world's most profitable transmedia franchise. But not everyone wants peace, and High Admiral Tharkus has made plans to ensure the Empire will reemerge under his rule. At his side stands the mysterious Dioskouroi, beings of rare and deadly powers! For Luke Skywalker, exhausted from years of fighting, the time has come to depart upon a journey of discovery, a journey that will lead him to a secret long ago hidden by Obi-Wan Kenobi. ♦♦♦ The Heart of the Jedi, Kenneth C. Flint's lost Star Wars novel, commissioned and approved by Lucasfilm, and set to be released in 1993, disappeared without a trace. For many years fans wondered what became of the book and why it was never published, and so it was chalked up to yet another tragic "lostworlds" story that no one would ever get to read or enjoy... or so we thought! Kenneth C. Flint's complete novel The Heart of the Jedi has at last been unearthed! Published on StarWarsTimeline.net, it has been edited to fit into the existing Expanded Universe, taking place a short time after The Truce at Bakura and the end of issue #107 of the Marvel series, but before the X-Wing comic-book

series. Reprinted here in paperback for the first time, this is a non-profit listing for private collectors only. This is an unofficial fan printing of an unofficial fan story. IE: Bootleg Fanfiction. Disney owns Star Wars®, not The Heart of the Jedi. I am not making money off this venture. This is being printed AT COST only. The price paid is merely to Amazon for printing charges. There was a fan printing briefly available in 2015. I, and most others, missed that one. Some time ago, I decided I wanted a copy of "The Heart of the Jedi" for my bookshelf. I downloaded the PDF, formatted it for paperback, sized it so it would fit in with other MMPs, and did some Photoshop work for a Batam-era appropriate cover. I put it on Amazon, ordered my copy, and was done. Then, quite frankly, I forgot about it. The increase in copies sold has lead to a few rumors. Growing up in the shadow of his heroic father, Lumpawarrump, son of Chewbacca, feels tremendous pressure to match his father's daring exploits. Chewie's life-debt to Han Solo keeps him from returning home, and without the steadying influence of his father, Lumpy is unfocused and out of control. So Chewie's wife decides that a visit to Coruscant is in order. It's the perfect opportunity for the family to bond—and for Chewbacca to teach his son some much-needed life-lessons. But when Lumpy's eagerness to impress his father leads to direct disobedience, Chewie is forced into an extreme pursuit that will lead him into Coruscant's dangerous underlevels—and to a secret as shocking as it is deadly. . . . BONUS: This original novella includes an excerpt from Star Wars: Legacy of the Force: Betrayal and an interview with the author. Those Dark Places Industrial Science Fiction Roleplaying *Bloomsbury Publishing* Space is a hell of a thing but you need to be sure that this is what you want. Like, what you really want. The idea of space exploration to further the frontiers of mankind is noble, but let's not kid ourselves - it's really all about furthering the profit margins. There's money to be made and out there is the place to make it, but you hear all kinds of stories... equipment malfunctions, strange discoveries, crewmembers going insane... You'll be out there in the reaches, alone, for months or years, breathing recycled air and drinking recycled water, with nothing but a few feet of metal and shielding between you and certain death. Are you sure this is what you want? - Crew Orientation Briefing *** Those Dark Places is a rules-light, story-focused roleplaying game about the darker side of space exploration and the people who travel the stars in claustrophobic, dangerous conditions. Starships, stations, and outposts aren't havens of safety with clean, brightly lit corridors - they're potential deathtraps, funded by budget-conscious corporate interests and running on stale, recycled air and water. The stars may be the future of humanity, but they are also home to horrors and terror the human mind cannot comprehend.
