The Complete Poetry A Bilingual Edition

Univ of California Press "César Vallejo is the greatest Catholic poet since Dante—and by Catholic I mean universal."—Thomas Merton, author of The Seven Storey Mountain "An astonishing accomplishment. Eshleman's translation is writhing with energy."—Forrest Gander, author of Eye Against Eye "Vallejo has emerged for us as the greatest of the great South American poets—a crucial figure in the making of the total body of twentieth-century world poetry. In Clayton Eshleman's spectacular translation, now complete, this most tangled and most rewarding of poets comes at us full blast and no holds barred. A tribute to the power of the imagination as it manifests through language in a world where meaning has always to be fought for and, as here, retrieved against the odds."—Jerome Rothenberg, co-editor of Poems for the Millennium "Every great poet should be so lucky as to have a translator as gifted and heroic as Clayton Eshleman, who seems to have gotten inside Vallejo's poems and translated them from the inside out. The result is spectacular, or as one poem says, 'green and happy and dangerous.'"—Ron Padgett, translator of Complete Poems by Blaise Cendrars "César Vallejo was one of the essential poets of the twentieth century, a heartbreaking and groundbreaking writer, and this gathering of the many years of imaginative work by Clayton Eshleman is one of Vallejo's essential locations in the English tongue."—Robert Hass, former Poet Laureate of the United States "This is a crucially important translation of one of the poetic geniuses of the twentieth century." —William Rowe, author of Poets of Contemporary Latin America: History and the Inner Life "Only the dauntless perseverance

and the love with which the translator has dedicated so many years of his life to this task can explain why the English version conveys, in all its boldness and vigor, the unmistakable voice of César Vallejo."—Mario Vargas Llosa

The Complete Posthumous Poetry

Univ of California Press The Translation judges for the National Book Awards--Richard Miller, Alastair Reid, Eliot Weinberger--cited Clayton Eshleman and Jose Rubia Barcia's translation of Cesar Vallejo's The Complete Posthumous Poetry as follows: "This, the first National Book Award to be given to a translation of modern poetry, is a recognition of Clayton Eshleman's seventeen-year apprenticeship to perhaps the most difficult poetry in the Spanish language. Eshleman and his present collaborator, Jose Rubia Barcia, have not only rendered these complex poems into brilliant and living English, but have also established a definitive Spanish text based on Vallejo's densely rewritten manuscripts. In recreating this modern master in English, they have also made a considerable addition to poetry in our language."

The Complete Poems

This large volume brings together under one set of covers the three volumes published by Shearsman in 2005 and 2007: The Black Heralds and Other Early Poems, Trilce and The Complete Later Poems. Some minor errors have been corrected and one additional poem - recently rediscovered - has been added to the Early Poems section.

Trilce

Wesleyan University Press A highly-praised translation of a seminal work of Spanish literature is once again available. Winner of the Harold Morton Landon Translation Award (2001) César Vallejo was born in Peru in 1892. In 1921 he spent three months in prison where he wrote some of the poems in Trilce. In 1923 he left for Paris, where he co-founded a cell of the Peruvian Communist Party. He traveled to Russia, and to Spain during the Spanish Civil War. He died in Paris in 1938, in absolute poverty, devastated by the fall of the Spanish Republic. Trilce, published the same year as Eliot's Waste Land and also masterpiece of early modernism, is a ground-breaking work that has had an indelible effect on all subsequent poetry in its language. It contains 77 poems considered to be Vallejo's most complex and radical work.

Selected Writings of César Vallejo

Wesleyan University Press For the first time in English, readers can now evaluate the extraordinary breadth of César Vallejo's diverse oeuvre that, in addition to poetry, includes magazine and newspaper articles, chronicles, political reports, fictions, plays, letters, and notebooks. Edited by the translator Joseph Mulligan, *Selected Writings* follows Vallejo down his many winding roads, from Santiago de Chuco in highland Peru, to the coastal cities of Trujillo and Lima, on to Paris, Madrid, Moscow, and Leningrad. This repeated border-crossing also plays out on the textual level, as Vallejo wrote prolifically across genres and, in many cases, created poetic space in extra-literary modes. Informed by a vast body of scholarly research, this compendium synthesizes a restored literary corpus and—in bold translations that embrace the idiosyncratic spirit of the author's writing—puts forth a new representation of this essential figure of twentieth-century Latin American literature as an indispensable alternative to the European avant-garde. Compiling well known versions with over eighty percent of the text presented in English translation for the first time, *Selected Writings* is both a trove of and tribute to Vallejo's multifaceted work. Includes translations by the editor and Clayton Eshleman, Pierre Joris, Suzanne Jill Levine, Nicole Peyrafitte, Michael Lee Rattigan, William Rowe, Eliot Weinberger, and Jason Weiss.

Aphorisms

Green Integer Books Translated from the Spanish by Stephen Kessler. In these short, pithy, subjective statements, the great Peruvian poet, author of *Trilce* and *Los Heraldos Negros*, explores his own thinking and poetics at an extremely important moment in his career.

Scales

Melographed by César Vallejo

Wesleyan University Press First published in 1923, just before César Vallejo left Peru for France, Scales combines prose poems with short stories in a collection that exhibits all the exuberance of the author's early experimentalism. A follow-up to Vallejo's better-known work, Trilce, this radical collection shattered many aesthetic notions prevailing in Latin America and Europe. Intermingling romantic, symbolist, and avant-garde traditions, Scales is a poetic upending of prose narrative that blends Vallejo's intercontinental literary awareness with his commitment to political transformation. Written in part from Trujillo Central Jail, where Vallejo would endure some of the most terrifying moments of his life, Scales is also a testament of anguish and desperation, a series of meditations on justice and freedom, an exploration of the fantastic, and a confrontation with the threat of madness. Edited and translated from the Castilian by the scholar Joseph Mulligan, this first complete English translation, published here in bilingual format and accompanied by extensive archival documentation related to Vallejo's incarceration, this volume gives unprecedented access to one of the most inventive practitioners of Latin American literature in the twentieth century.

Complete Later Poems, 1923-1938

Shearsman Books César Vallejo is one the greatest Spanish-language poets of the 20th century, his monument being the book-length sequence 'Trilce' (a translation of which is published simultaneously with this volume). After the publication of 'Trilce' he published numerous essays and a didactic novel, but did not collect any of his subsequent poems for book publication. Since his death, these poems have usually been referred to as the Posthumous Poems or, collectively, as the 'Poemas humanos' after the title of one of the posthumous collections. This volume brings together all of the post-'Trilce' work that has been identified by the latest scholarship and included in the most recent Peruvian edition of the author's works. The Spanish texts have benefitted from a number of corrections, as compared to previous publications, and the poems are presented chronologically - in so as far as the chronology can be ascertained. The book offers the most complete version yet of this magnificent body of work. The translations are by the award-winning Irish poet-translator, Michael Smith, and the Peruvian scholar Valentino Gianuzzi.

Poetry in Pieces

César Vallejo and Lyric Modernity

Univ of California Press Set against the cultural and political backdrop of interwar Europe and the Americas, Poetry in Pieces is the first major study of the Peruvian poet César Vallejo (1892–1938) to appear in English in more than thirty years. Vallejo lived and wrote in two distinct settings—Peru and Paris—which were continually crisscrossed by new developments in aesthetics, politics, and practices of everyday life; his poetry and prose therefore need to be read in connection with modernity in all its forms and spaces. Michelle Clayton combines close readings of Vallejo’s writings with cultural, historical, and theoretical analysis, connecting Vallejo—and Latin American poetry—to the broader panorama of international modernism and the avant-garde, and to writers and artists such as Rainer Maria Rilke, James Joyce, Georges Bataille, and Charlie Chaplin. Poetry in Pieces sheds new light on one of the key figures in twentieth-century Latin American literature, while exploring ways of rethinking the parameters of international lyric modernity.

Companion Spider

Essays

Wesleyan University Press A penetrating exploration of poetic life by a veteran poet, translator, and editor. Companion Spider is the accumulated work of a poet and translator who goes more deeply into the art and its process and demands than anyone since Robert Duncan. Clayton Eshleman is one of our most admired and controversial poets, the translator of such great international poets as César Vallejo, Aimé Césaire and Antonin Artaud, and founder and editor of two important literary magazines, Sulfur and Caterpillar. As such, Eshleman writes about the vocation of poet and of the poet as translator as no one else in America today; he believes adamantly that art must concern itself with vision, and that poets learn best by an apprenticeship that is a kind of immersion in the work of other poets. Companion Spider opens with a unique eighty page essay called "Novices: A Study of Poetic Apprenticeship" addressed to the poet who is just starting out. Subsequent sections take up the art of translation, poets and their work, and literary magazine editing. The title is drawn from an extraordinary visionary experience which the author had, which becomes a potent metaphor for the creative process. Through the variety of poets and artists to whom he pays homage, Eshleman suggests a community which is not of a single place or time; rather, there is mutual recognition and responsiveness, so that the reader becomes aware of a range of artistic practices s/he might explore

The Black Heralds

& Other Early Poems

Before writing his breakthrough poem sequence 'Trilce', César Vallejo published 'The Black Heralds', his first book of poems, in 1919. Although heavily indebted to the aesthetics of modernismo, Vallejo's early volume finds a way to escape the merely decorative, and includes poems of indubitable originality, harbingers of his later masterpieces. In this varied book, lyrics of existential angst and romantic frustration appear amid descriptions of family life and Andean landscapes. 'The Black Heralds' includes many of Vallejo's best-known poems, and its deceptive straightforwardness has garnered a lasting appeal among poetry readers. This bilingual edition presents a new translation of 'The Black Heralds', and is based upon the latest textual discoveries, such as variants in some copies of the first edition. Aside from the contents of his first book, an appendix gathers all of Vallejo's early uncollected poems, as well as those which only survive in fragments. Together with 'Trilce' and 'The Complete Later Poems 1923-1938', this volume makes available, for the first time in English, all of César Vallejo's poetry. The new translations presented here are by the Irish poet, and award-winning translator, Michael Smith, and the Peruvian scholar Valentino Gianuzzi.

The Complete Posthumous Poetry [of] César Vallejo

The Collected Poems of Philip Lamantia

University of California Press The Collected Poems of Philip Lamantia represents the lifework of the most visionary poet of the American postwar generation. Philip Lamantia (1927-2005) played a major role in shaping the poetics of both the Beat and the Surrealist movements in the United States. First mentored by the San Francisco poet Kenneth Rexroth, the teenage Lamantia also came to the attention of the French Surrealist leader André Breton, who, after reading Lamantia's youthful work, hailed him as a "voice that rises once in a hundred years." Later, Lamantia went "on the road" with Jack Kerouac and shared the stage with Allen Ginsberg at the famous Six Gallery reading in San Francisco, where Ginsberg first read "Howl." Throughout his life, Lamantia sought to extend and renew the visionary tradition of Romanticism in a distinctly American vernacular, drawing on mystical lore and drug experience in the process. The Collected Poems gathers not only his published work but also an extensive selection of unpublished or uncollected work; the editors have also provided a biographical introduction.

Poets on the Edge

Vicente Huidobro, César Vallejo, Juan Luis Martínez, and Néstor Perlongher

BrownWalker Press Poets on the Edge critically explores the relationship between poetry and its context through the work of four Latin American poets: Chilean Vicente Huidobro (1898-1948), Peruvian César Vallejo (1893-1938), Chilean Juan Luis Martínez (1943-1993), and Argentine Néstor Perlongher (1949-1992). While Huidobro and Vallejo establish their poetics on the edge in the context of worldwide conflagrations and the emergence of the historical avant-garde during the first half of the twentieth century, Martínez and Perlongher produce their work in the context of the Chilean and Argentine dictatorships respectively, developing different strategies to overcome the panoptic societies of control installed throughout the 1970s and 1980s. Martínez recreates the avant-garde tradition in

a playful manner to avoid censorship and also proposes a philosophical poetics to stage a utopian project oriented toward redesigning the house of civilization that has fallen apart. Perlongher unfolds his peculiar Neobaroque sensitivity in order to reshape the complex Latin American identities, culminating his poetic project with two collections written under the influence of ayahuasca-based ceremonies. Poets on the Edge offers the reader a new understanding of the hybrid and edgy nature of Latin American poetics and subjectivity as well as of the evolution of poetry written in Spanish during the twentieth century.

Collected Poems

A Bilingual Edition

Farrar, Straus and Giroux A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist, saw two snowy eagles and a naked girl. The one was the other and the girl was neither. -from "Qasida of the Dark Doves"
Federico García Lorca was the most beloved poet of twentieth-century Spain and one of the world's most influential modernist writers. His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss. Perhaps more persistently than any writer of his time, he sought to understand and accommodate the numinous sources of his inspiration. Though he died at age thirty-eight, he left behind a generous body of poetry, drama, musical arrangements, and drawings, which continue to surprise and inspire. Christopher Maurer, a leading García Lorca scholar and editor, has brought together new and substantially revised translations by twelve poets and translators, placed side by side with the Spanish originals. The seminal volume Poet in New York is also included here in its entirety. This is the most comprehensive collection in English of a poet who—as Maurer writes in his illuminating introduction—"spoke unforgettably of all that most interests us: the otherness of nature, the demons of personal identity and artistic creation, sex, childhood, and death."

The Complete Poetry of Aimé Césaire

Bilingual Edition

Wesleyan University Press The Complete Poetry of Aimé Césaire gathers all of Césaire's celebrated verse into one bilingual edition. The French portion is comprised of newly established first editions of Césaire's poetic œuvre made available in French in 2014 under the title Poésie, Théâtre, Essais et Discours, edited by A. J. Arnold and an international team of specialists. To prepare the English translations, the translators started afresh from this French edition. Included here are translations of first editions of the poet's early work, prior to political interventions in the texts after 1955, revealing a new understanding of Césaire's aesthetic and political trajectory. A truly comprehensive picture of Césaire's poetry and poetics is made possible thanks to a thorough set of notes covering variants, historical and cultural references, and recurring figures and structures, a scholarly introduction and a glossary. This book provides a new cornerstone for readers and scholars in 20th century poetry, African diasporic literature, and postcolonial studies.

Conductors of the Pit

Poetry Written in Extremis in Translation

"Forget the orchestra/ conduct the pit!" National Book Award and PEN winning translator Clayton Eshleman commands, of both himself and his muses in a search for "the abyss, the recesses of the mind, the darkness of political domination, the gulf between worlds." Featuring the major forces behind the surrealist movement from around the world including Rimbaud, Pablo Neruda, Cesar Vallejo, Aime Césaire, Andre Breton, Vladimir Holan and Antonin Artaud, his essential study brings these poets to a new generation of creative hearts. From Rimbaud's obscure and harrowing "Drunken Boat" with its "very sea whose sobbing made my churning sweet" to Pablo Neruda's "tongue of death looking for the dead,/the needles of death looking for the thread," Conductors of the Pit is unlike any poetry anthology of its kind. In this mesmerizing and fully annotated volume, the major works of experimental poetry that have shaped the modern age are at last available side by side, along with a historical and cultural overview by the editor.

Leaping Poetry

An Idea with Poems and Translations

University of Pittsburgh Press Leaping Poetry is Robert Bly's testament to the singular importance of the artistic leap that bridges the gap between conscious and unconscious thought in any great work of art; the process that Bly refers to as "riding on dragons." Originally published in 1972 in Bly's literary journal The Seventies, Leaping Poetry is part anthology and part commentary, wherein Bly seeks to rejuvenate modern Western poetry through his revelations of "leaping" as found in the works of poets from around the world, including Federico Garcia Lorca, Chu Yuan, Tomas Tranströmer, and Allen Ginsberg, among others, while also outlining the basic principles that shape his own poetry. Bly seeks the use of quick, free association of the known and the unknown-the innate animal and rational cognition-which, he maintains, have been kept apart in the development of Western religious, intellectual, and literary thought.

The Art of Exile

Bilingual Press Poetry. Latino/Latina Studies. In THE ART OF EXILE, William Archila asks readers in the United States to engage with a subject seldom explored in American poetry: the unrest in El Salvador in the 1980s and its impact on Central American immigrants who now claim this country as home. In language that is poignant and often harrowing, the poet takes us on a journey from Santa Ana, El Salvador, to Los Angeles, California. Archila bridges race and class, metaphor and reality with astuteness, mingling humor and pain with a skill that denigrates neither.
