The Enzyme Factor 2 Reverse Aging, Stop Alzheimers, Prevent Diabetes, Improve Your Sex Life Millichap Books "Dr. Shinya explains why your health is not about ever more powerful pharmaceutical intervention. It is about working with the miracle of the body you have been given. He shows in detail how a few simple lifestyle changes can awaken your body's innate power to renew itself at the cellular level"-- **The Microbe Factor Your Innate Immunity and the Coming Health Revolution Millichap Books** **Llc** Council Oak introduced Dr. Shinya's work to the English-speaking world with its translation of The Enzyme Factor. Now, Council Oak is publishing Dr. Shinya's first original English-language book, The Microbe Factor in paperback after its success in cloth. In this follow-up to his bestseller Enzyme Factor, Dr. Shinya shows how bacteria work to produce enzymes and are thus key to keeping you healthy. He questions the currently popular approach of fighting disease with more and more pharmaceuticals and explains why his "Shinya Biozyme" programme for natural health works inside cells to cleanse and energize the body. Hiromi Shinya, MD, is one of the world's leading gastroenterologists whose book The Enzyme Factor has sold millions of copies in the United States, Japan and other countries. He pioneered the "Shinya Technique," the now-standard procedure for the removal of polyps from the colon without invasive surgery. Over a career of 40 years Dr. Shinya has treated thousands of patients. It has been his routine to get diet and nutrition histories from his patients and, by comparing this with the evidence of their colonoscopies, has developed a set of lifestyle and diet suggestions that will enable us to live a vital, healthy life into a good old age. **The Rejuvenation Enzyme Reverse Aging, Revitalize Cells, Restore Vigor Millichap Books** Dr. Shinya again changes our view of what is possible in his groundbreaking new book, the Rejuvenation Enzyme. Here Dr. Shinya turns his visionary genius to solving the problem of aging cells. His conclusions will

amaze you with their simplicity and insight as he shows you how you can create your own rejuvenation plan using techniques such as the Little Fast, detox massage, coffee enema and Kangen water. In The Rejuvenation Enzyme you will learn: How rejuvenation enzymes transform zombie cells into healthy cells. How you can restore energy by clearing ôgarbageö from your cells Why purple food improves your memory How drinking Kangen Water supports you health and energy Why turmeric may prevent Alzheimer/Es Disease Dr. Hiromi Shinya, medical pioneer and inventor, developed the now standard technique of non-invasive colonoscopic surgery. In his more than 50 years of practice he was a professor of surgery at Albert Einstein College of Medicine and Head of the Endoscopic Center of Beth Israel Hospital in New York as well as an adviser for Maeda Hospital and Hanzomon Gastrointestinal Clinic in Japan. He was also vice-chairman of the Japanese Medical Association in the USA. What is lacking in our modern diet that makes us so susceptible to degenerative disease? What natural elements in food may play a key role in unlocking the secrets of life extension? These fascinating questions, and many more, are answered in *Enzyme Nutrition*. Written by one of America's pioneering biochemists and nutrition researchers, Dr. Edward Howell, *Enzyme Nutrition* presents the most vital nutritional discovery since that of vitamins and minerals—food enzymes. Our digestive organs produce some enzymes internally, however food enzymes are necessary for optimal health and must come from uncooked foods such as fresh fruits and vegetables, raw sprouted grains, unpasteurized dairy products, and food enzyme supplements. *Enzyme Nutrition* represents more than fifty years of research and experimentation by Dr. Howell. He shows us how to conserve our enzymes and maintain internal balance. As the body regains its strength and vigor, its capacity to maintain its normal weight, fight disease, and heal itself is enhanced. **Natural Cure for High Blood Pressure: 30 Days Step By Step Lower Blood Pressure Lulu Press, Inc** This eBook provides you with a more natural way to reduce your blood pressure within a month's time. An extensive new foreword by Viktoras Kulvinskis has been added to this revised and enlarged 3rd edition, as well as a new research appendix at the end. The Foreword adds a very substantial body of recent and updated research to support the food enzyme concept of Dr. Howell and underline the importance of food enzymes. **Never Be Sick Again Health Is a Choice, Learn How to Choose It Simon and Schuster** One day Raymond Francis, a chemist and a graduate of MIT, found himself in a hospital, battling for his life. The diagnosis: acute chemical hepatitis, chronic fatigue, multiple chemical sensitivities, and several autoimmune syndromes, causing him to suffer fatigue, dizziness, impaired memory, heart palpitations, diarrhea, numbness, seizures and numerous other ailments. Knowing death was imminent unless he took action, Francis decided to research solutions for his disease himself. His findings and eventual recovery led him to conclude that almost all disease can be both prevented and reversed. In Never Be Sick Again, Francis presents a seminal work based on these

findings — a revolutionary theory of health and disease: there is only one disease (malfunctioning cells), only two causes of disease (deficiency and toxicity), and six pathways to health and disease (nutrition, toxins, psychological, physical, genetic, and medical). This remarkable book answers the questions: What is health? What is disease? Why do people get sick? How can disease be prevented? How can it be reversed? It will teach readers, in one easy lesson, an entirely new way to look at health and disease — an approach that is easy to understand, yet so powerful that they may, indeed, never have to be sick again. Providing a basic understanding of health and disease, this book takes the mystery out of disease. It provides readers, no matter what their present physical condition, a holistic approach to living that will empower them to get well — and stay well. **CLEAN 7 Supercharge the Body's Natural Ability to Heal Itself—The One-Week Breakthrough Detox Program HarperCollins** The definitive program on detoxification just got easier, thanks to multiple New York Times bestselling author Dr. Alejandro Junger's detailed, personalized, and medically proven seven-day plan that helps us begin to rid our bodies of the multitude of toxins that infiltrate our systems every day. Each day, too many of us struggle unnecessarily with debilitating health issues, such as colds or viruses, allergies or hay fever, stubborn extra pounds, poor sleep, recurrent indigestion, constipation, or irritable bowel syndrome, itchy rashes, acne or other skin conditions, depression, anxiety, or frequent fatigue. But we don't have to suffer any longer. In his bestseller Clean, the international leader in the field of integrative medicine revealed how many of these common ailments are the direct result of toxic build-up in our systems accumulated through daily living, and offered solutions for combatting them. Now, with Clean 7, Dr. Junger makes his groundbreaking program easier and more accessible than ever before. Clean 7 is his medically proven seven-day regimen that provides all the necessary tools to support and reactivate our bodies' detoxification system to its fullest capabilities. In one week, you can begin addressing those nagging health issues by discovering the foods that harm you and the foods that heal you, lose extra weight, and start to experience what it truly means to be well. The first seven days of any program are the most critical. Undertaking a new routine is stressful, and tests our commitment, willpower, and focus. Understanding exactly what's going on in your body—why you might feel fatigue on day two or cravings on day five—is the key to success. A doctor who's helped millions, Dr. Junger personally guides you through the process, offering a clear, day-by-day, meal-by-meal exploration of what's happening in your body to keep you focused on your goals. Filled with the latest science on the brain, and featuring delicious, nutritious recipes, and details on everything from prepping your kitchen to prepping your mind, Clean 7 revolutionizes the detoxification process. Discover what it truly means to be healthy. **The Saint, the Surfer, and the CEO Hay House, Inc** "Release any concerns that you have about this path you're about to walk on, and just go into it with the curiosity of a child, knowing that you'll come out on the other side as a new person, or to be more accurate, far more of the person who you truly are and have been created to be." Jack Valentine seemed to have it all. He made good money as an adman, and looked good doing it. He had a hot apartment, cool friends, even a slick car—at least until the hectic Monday

morning a truck smashed into it, sending the critically injured Jack to the hospital. Everything happens for a reason, though, and Jack's reason reveals itself in the silver-haired cancer patient who becomes his roommate one evening. The elderly man, Cal, shares his life story—one not dissimilar to Jack's—of material wealth masking a gaping hole within. Cal ultimately found salvation through philosophy ("the love of wisdom"), and now offers to help Jack by prepping the younger man for the Final Questions we all must face: Have I lived wisely? Have I loved well? Have I served greatly? Presenting Jack with three plane tickets, each accompanied by a map marked with a red X, Cal sends Jack to meet with three great teachers, each of whom will help Jack answer one of the Final Questions—just as they once helped Cal. First, in Rome, Jack will meet "the Saint." Then a haunted beach in Hawaii introduces him to "the Surfer." And finally the grandeur of New York City sets the stage for his last encounter: with "the CEO." Along the way, Jack will learn to do his interior work, discover that our negative traits offer gateways to higher versions of ourselves, and understand that figuring things out in your head can distract you from the powerful whispers of your heart. Join Jack on his journey and step into the you that you were always meant to be.

Reverse Aging Not Science Fiction, But a Scientific Fact! Healing Waters The Powerful Health Benefits of Ionized H2O Square One Publishers, Inc. Water is essential to every bodily function, but not all water is equal. Given all the hype, it's hard to choose from among the staggering array of bottled beverages, yet beyond all the advertising is a clear liquid that can restore your health. In *Healing Waters*, Dr. Ben Johnson guides you to oxygen-rich ionized water--a substance that has been proven to maximize well-being. *Healing Waters* begins by explaining why water is crucial to good health. It then explores the importance of the body's acid-alkaline balance and examines why problems with this balance are responsible for many chronic diseases. Finally, the author presents everything you need to know about ionized water, including what it is, why it is necessary to wellness, and how you can produce it. While the Fountain of Youth may be just another legend, with *Healing Waters*, you will understand that a good source of health and longevity may be no farther than your own home.

Secret Letters From 0 To 10 Penguin Ten-year-old Ernest lives a flat, colorless life. Each day is the same: he comes home right after school, eats a healthy snack, and does his homework. Enter Victoria, the new girl in class. Victoria instantly falls in love with Ernest, and bulldozes her way into his life. Much to Ernest's surprise, he likes it. Bit by bit, color seeps into Ernest's humdrum existence--and he begins to realize that life can hold an endless variety of love, friendship, adventure, and change. "Quirky characters, heightening suspense, and hilarious situations are deftly combined in this tender novel, which examines a few of the large and small ways people affect one another." --Booklist, starred review

Seven Days in Usha Village A Conversation with Dr. Sebi Part biography, part health education, part social commentary, this 132-page paperback explores the candid, controversial life and unconventional pathology skills of noted healer and nutritionist Dr. Sebi. Written in interview style and published on the 20th anniversary of Dr. Sebi's acquittal by the New York Supreme Court, *Seven Days in Usha Village: A Conversation with Dr. Sebi*, exposes readers to the healer's updated views on health and nutrition as he speaks from his native home Honduras, Central America. Beverly Oliver, the book's editor, tape recorded the seven-day interview in November 2005.

She chose excerpts that shed light on Dr. Sebi's 25-year relationship with community activists, political leaders and celebrities, including Michael Jackson and the late hip hop singer Lisa "Left Eye" Lopes. The book also includes Dr. Sebi's relentless appeals to Black Americans specifically, and more broadly the general public, to change generations of harmful food consumption. The book's glossary contains chemical and botanical definitions as well as descriptions of historical figures in music, education, health, religion, and philosophy.

The China Study: Revised and Expanded Edition The Most Comprehensive Study of Nutrition Ever Conducted and the Startling Implications for Diet, Weight Loss, and Long-Term Health BenBella Books, Inc. The revised and expanded edition of the bestseller that changed millions of lives The science is clear. The results are unmistakable. You can dramatically reduce your risk of cancer, heart disease, and diabetes just by changing your diet. More than 30 years ago, nutrition researcher T. Colin Campbell and his team at Cornell, in partnership with teams in China and England, embarked upon the China Study, the most comprehensive study ever undertaken of the relationship between diet and the risk of developing disease. What they found when combined with findings in Colin's laboratory, opened their eyes to the dangers of a diet high in animal protein and the unparalleled health benefits of a whole foods, plant-based diet. In 2005, Colin and his son Tom, now a physician, shared those findings with the world in The China Study, hailed as one of the most important books about diet and health ever written. Featuring brand new content, this heavily expanded edition of Colin and Tom's groundbreaking book includes the latest undeniable evidence of the power of a plant-based diet, plus updated information about the changing medical system and how patients stand to benefit from a surging interest in plant-based nutrition. The China Study—Revised and Expanded Edition presents a clear and concise message of hope as it dispels a multitude of health myths and misinformation. The basic message is clear. The key to a long, healthy life lies in three things: breakfast, lunch, and dinner.

Colonoscopy, Diagnosis and Treatment of Colonic Diseases Igaku-Shoin Medical Publishers Tripping Over the

Truth The Metabolic Theory of Cancer CreateSpace "In the wake of the Cancer Genome Atlas project's failure to provide a legible road map to a cure for cancer, science writer Travis Christofferson illuminates a promising blend of old and new perspectives on the disease. 'Tripping Over the Truth' follows the story of cancers proposed metabolic origin from the vaunted halls of the German scientific golden age, to modern laboratories around the world. The reader is taken on a journey through time and science that results in an unlikely connecting of the dots with profound therapeutic implications." --Cover. **The Book of Macrobiotics The Universal Way of Health, Happiness & Peace Square One Pub** this revised edition includes a new chapter on the Spiritual World. **The Purple Wave Ancient Science~Modern Technology, A Marriage Made in Heaven Raw Juices Can Save Your Life SCB International** The A - Z Guide to juicing and natural therapies which contains carefully designed juices by Sandra Cabot MD and Audrey Tea The A - Z Guide to juicing and natural therapies guide which contains carefully designed juices by Sandra Cabot MD and Audrey Tea. Often in this technological age where computers diagnose diseases and perform surgery, we tend to minimise natural therapies. It seems incredulous that the simple act of drinking raw juices could turn around severe diseases, however I have seen it work in otherwise hopeless cases. In this book you will learn that juices are easily digested and absorbed and are superb for those with a poor appetite, nausea, digestive problems and an inflamed stomach or intestines. It is so much easier to drink a juice than chew your way through large amounts of fibrous raw vegetables, especially if you are feeling fatigued and disinterested in food. Modern day medicine is focused on treating the symptoms of disease with suppressive drugs. Sometimes this is necessary when a disease is very aggressive and acute in onset, however raw juice therapy is something that should always be used, even in conjunction with drug use. I have seen many of my patients recover from chronic disease after they started juicing, and this has been after they have tried many other things. People of all ages can benefit from juicing, especially the very young and old, or those with serious disease such as cancer, immune dysfunction and liver problems. **Alkaline Plant Based Diet Reversing Disease and Saving the Planet With an Alkaline Plant Based Diet Createspace Independent Publishing Platform** Alkaline Plant Based Diet is my book The God-Awakening Diet, revised. This new edition titled Alkaline Plant Based Diet is re-branded to better identify what the book is about. It also includes some minor revisions to content for a more user-friendly experience. An alkaline plant based diet is instrumental in supporting health and vitality, reversing disease, and protecting the earth's ecosystem. It optimally supports a slightly alkaline pH level in the blood, which is the equilibrium point for the health of all the organs in the body. Consuming acidifying meat, dairy, and processed foods causes the body to rely on buffering systems to keep the blood's pH around 7.4. The body then strips alkaline material from bones and tissues to put into the bloodstream when the buffering systems are overwhelmed. This compromises the health of organs and allows for the proliferation of pathogens and toxins. The global assimilation of the Western diet, which is centered on the consumption of meat, dairy, and processed foods, supports industrial processes that compromise the natural life supporting patterns of the earth's ecosystem, and supports the proliferation of disease in the body and in the earth. Diets centered on

the consumption of meat, dairy, and processed foods are the catalyst of the inhumane treatment of animals, deforestation, land erosion, depletion of fresh water, and intensified climate change. The mechanisms employed to satisfy the demand for meat, dairy, and processed foods severely compromise the natural patterns that support all life on earth. **Ionized Water Protocols** Protocols for health using ionized water **The China Study The Most Comprehensive Study of Nutrition Ever Conducted and the Startling Implications for Diet, Weight Loss and Long-term Health BenBella Books** Referred to as the "Grand Prix of epidemiology" by The New York Times, this study examines more than 350 variables of health and nutrition with surveys from 6,500 adults in more than 2,500 counties across China and Taiwan, and conclusively demonstrates the link between nutrition and heart disease, diabetes, and cancer. While revealing that proper nutrition can have a dramatic effect on reducing and reversing these ailments as well as curbing obesity, this text calls into question the practices of many of the current dietary programs, such as the Atkins diet, that are widely popular in the West. The politics of nutrition and the impact of special interest groups in the creation and dissemination of public information are also discussed. **Miracle Enzyme is Serrapeptase The 2nd Gift from Silkworms Mitochondria and the Future of Medicine The Key to Understanding Disease, Chronic Illness, Aging, and Life Itself Chelsea Green Publishing** With information for patients and practitioners on optimizing mitochondrial function for greater health and longevity Why do we age? Why does cancer develop? What's the connection between heart failure and Alzheimer's disease, or infertility and hearing loss? Can we extend lifespan, and if so, how? What is the Exercise Paradox? Why do antioxidant supplements sometimes do more harm than good? Many will be amazed to learn that all these questions, and many more, can be answered by a single point of discussion: mitochondria and bioenergetics. In Mitochondria and the Future of Medicine, Naturopathic Doctor Lee Know tells the epic story of mitochondria, the widely misunderstood and often-overlooked powerhouses of our cells. The legendary saga began over two billion years ago, when one bacterium entered another without being digested, which would evolve to create the first mitochondrion. Since then, for life to exist beyond single-celled bacteria, it's the mitochondria that have been responsible for this life-giving energy. By understanding how our mitochondria work, in fact, it is possible to add years to our lives, and life to our years. Current research, however, has revealed a dark side: many seemingly disconnected degenerative diseases have tangled roots in dysfunctional mitochondria. However, modern research has also endowed us with the knowledge on how to optimize its function, which is of critical importance to our health and longevity. Lee Know offers cutting-edge information on supplementation and lifestyle changes for mitochondrial optimization, such as CoQ10, D-Ribose, cannabinoids, and ketogenic dietary therapy, and how to implement their use successfully. Mitochondria and the Future of Medicine is an invaluable resource for practitioners interested in mitochondrial medicine and the true roots of chronic illness and disease, as well as anyone interested in optimizing their health. **The Healing Power of Kangen Water Blurb** With the advent of Flint, Michigan, public health crisis, lead poisoning has become a front-page news story. You'll find recipes for chocolate glazed donuts, cinnamon roll bites, mac and cheese, keto fried chicken, spaghetti squash carbonara, and meat lovers cauliflower pizza that deliver the same flavor with a fraction of the carbs"-- **Never Fear Cancer Again How to Prevent and Reverse Cancer** Simon and Schuster Most cancer research dollars have been wasted by asking the wrong questions, looking in the wrong places, and recycling the same failed approaches while expecting different results. Conventional cancer treatments damage health, cause new cancers, lower the quality of life, and decrease the chances of survival. In fact, most people who die from cancer are not dying from cancer, but from their treatments! That's the bad news. Here's the good news: We can end the cancer epidemic. In Never Fear Cancer Again, readers will gain a revolutionary new understanding of health and disease and will come to understand that cancer is a biological process that can be turned on and off, not something that can be surgically removed or destroyed with radiation or toxic chemicals. So whether cancer has already been diagnosed or if prevention is the concern, it is possible to turn off the wayward production of these malfunctioning cells once and for all by reading this book and implementing its strategies. The key to any disease has one simple cause: malfunctioning cells that are created by either deficiency or toxicity. By switching off the malfunctioning cells, you switch off the cancer. Never Fear Cancer Again guides readers along six pathways that cause deficiency or toxicity at the cellular level: nutritional path, genetic path, medical path, toxin path, physical path, and the psychological path. By making key lifestyle changes, people truly have the power to take control of cancer and transform their health. This radically different, yet holistic approach restored author Raymond Francis back to health just as it has helped thousands of others, many of whom were told they had no other options or that their cancer was incurable. Take back your health with this book and never fear cancer again. **Could It Be B12? An Epidemic of Misdiagnoses** Linden Publishing Presenting a wide scope of problems caused by B12 deficiency, this comprehensive guide provides up-to-date medical information about symptoms, testing, diagnosis, and treatment. Written for both the patient and the interested layperson, this detailed book outlines how physicians frequently misdiagnose B12 deficiency as Alzheimer's disease, multiple sclerosis, heart disease, mental retardation, Parkinson's disease, depression, or other mental illnesses. Now in the second

edition, this resource has been thoroughly updated with the latest research, diagnostic tests, treatment options, case studies, and testimonials. **Medicine Hands Massage Therapy for People with Cancer Findhorn Press (US)** The field of oncology massage is maturing into a discipline with a deeper and deeper body of knowledge. The 3rd edition of Medicine Hands reflects this maturation. Every chapter contains updated information and insights into massaging people affected by cancer. New chapters have been added to cover each stage of the cancer experience: treatment, recovery, survivorship, side effects from the disease, and end of life. These new chapters and organizational structure will make it easier for the reader to find the information needed to plan the massage session for a given client. In addition, a new chapter has been added that focuses on the Pressure/Site/Positioning framework. This is the clinical framework around which the massage session is planned.
