#### OVERCOME OBSTACLES, HEAL YOUR BODY, AND REACH ANY GOAL WITH A REVOLUTIONARY TECHNIQUE

---

*Hay House, Inc* New York Times best-selling author offers a groundbreaking approach to activate the subconscious brain to set yourself free from your past and create a terrific future. Have you ever been surprised by the power of your subconscious brain? Perhaps it took control of the wheel as your conscious mind was busy tackling a problem during a 30-minute drive home. You barely remember making your way from the office, but then your car ended up safely in your driveway. Perhaps a name escaped you at some point during your day. Despite trying your hardest to remember it, the conscious parts of your brain couldn't retrieve what you were seeking. Then, your subconscious worked its magic and presented you with the answer hours later. It had been hard at work for you this whole time, and you didn't even realize it! In this book, Dr. Mike Dow shares a program he created: subconscious visualization technique (SVT) and cutting-edge tools to help you learn how to speak directly to your subconscious brain and tap into your greatest strengths, gifts, and resources. His program starts with cognitive therapy, then incorporates various types of subconscious tools: mindfulness, relaxation training, hypnosis, meditation, cognitive rehearsal, and guided imagery.

*Penguin* From the renowned bestselling author of *The Power of Your Subconscious Mind*, an authorized collection of writings that unlock the secret to extraordinary success that lies within each of us Millions of readers have embraced Joseph Murphy's writings, including the phenomenal bestseller *The Power of Your Subconscious Mind*, a beloved classic that sits alongside the works of Napoleon Hill, Dale Carnegie, and Norman Vincent Peale. ## **A MANUAL OF PRACTICAL PSYCHOLOGY**

---

*Bibliotech Press* Comprehensive overview of the basics of psychology--with some practical tips for self improvement. The content is overall a little dated. For example, the advice on cultivating good habits seems amusingly uninformed given the vast body of work that's been done on how to form and maintain good habits since Atkinson wrote his manual. But the breadth still makes this title a good starter for folks wanting to better understand how their minds work and perhaps gain a foundation that will help ground newer research in everything from management psychology to behavioral economics.

## **FROM POVERTY TO POWER: THE REALIZATION OF PROSPERITY AND PEACE**

---

This is James Allen's first book, published in 1901. It was also titled *The Realization of Prosperity and Peace*. Allen described this book as "A Book for all those who are in search of better conditions, wider freedom, and increased usefulness." This book appeals to the reader from his own standpoint, and indicates the line of development along which each one should work in order to accomplish the greatest amount of lasting good. Enduring success in any direction is shown to be the result of inward adjustment and growth. Each may accelerate his own progress by silently, but effectively harmonizing his mental forces, the good effects of which will soon become manifest in improved circumstances, and wider opportunities. This Book is suitable for men and women in all circumstances, stations, and conditions of life. The Truth is so presented in its pages as to render it adaptable to all minds. Numbers of business men have profited largely by reading it, while those sacking the highest Truth have entered into larger light and greater peace by studying its chapters.

## **USE YOUR INNER MIND TO CREATE THE LIFE YOU'VE ALWAYS WANTED**

---

*Atria Books* Activate the raw power of your subconscious to create the life you've always wanted, using six essential lessons from one of the world's most renowned hypnotherapists in this "nourishing and healing book" (Michael Bernard Beckwith, author of *Spiritual Liberation*). Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of

what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it's your inner child, your authentic self. It is the honest compass that will lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we're taught to stop daydreaming and to follow society's rules, which makes us disconnect from our subconscious, often with tragic results. In *Subconscious Power*, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights. Featuring inspiring success stories and the practical tools you need to make meaningful change, *Subconscious Power* gives "you a pathway to achieve your goals and dreams in an effective and easily understandable manner. This book will improve your life in ways you never thought of" (David Zelon, producer of *Soul Surfer*).

### **STRENGTHEN YOUR SUBCONSCIOUS MIND MUSCLE: TAME, REPROGRAM AND CONTROL YOUR SUBCONSCIOUS MIND TO TRANSFORM YOUR LIFE**

---

*Independently Published* Make your subconscious mind your bi\*\*h! Did you know that over 80% of the decisions we make stem from our subconscious mind, at an emotional level? While we make decisions consciously, the truth is that the subconscious mind runs the show for most of us. In fact, it is as if we just run on autopilot and our conscious part of the brain just 'rubber stamps' the decisions or preferences from our subconscious mind. In simple terms, while we may seem to be consciously in control of our thoughts and actions, the truth is that our conscious mind is hardly even aware of what's happening, as the subconscious mind runs the show! We (our conscious self) are like puppets that our subconscious mind controls whether we are awake or asleep! Here an interesting fact; when you let your subconscious mind operate with no semblance of conscious control of what it concentrates on and makes habitual, the probability of your life being desirable (to you and others) is slim. When your subconscious mind rules you, you operate on impulse, which translates to lack of self-discipline, chronic procrastination, low productivity, you having bad habits, you not having high emotional intelligence and much more. If all this sounds familiar and you want to change all that, here is good news for you; you can turn the tables to your favor such that you make you lord over your subconscious mind instead of the letting it rule. How then can you turn the tables to your favor? This book will show you how. More precisely, with this this book, you will: Build a comprehensive understanding of your subconscious mind so that you know just how powerful it is and how much control it has over you Understand why being the one in control over your subconscious mind will work in your favor Find specific steps you can take to gain conscious control over your subconscious mind Understand the place of awareness in becoming lord over your subconscious mind How to use awareness to your advantage taking reins over your subconscious mind Know the rules of the game that you MUST adhere to if you are to increase your chances of success Understand how to grow your subconscious mind's 'muscle' to your benefit Discover other strategies you can use to make reprogramming your subconscious mind a lot easier and more effective Learn much, much more! By reading this book and taking action, you will be among the few that don't act out of impulse (which is your subconscious mind controlling your conscious mind). You will be more purposeful and directional in your actions so that you ultimately move closer to the version of yourself that you wish to become i.e. someone with good habits, who doesn't procrastinate often, someone who is productive, someone who is disciplined and such. ### **THE 30 MINUTE CHANGE**

---

---

#### **LEARN TO CHANGE ANYTHING IN YOUR LIFE IN 30 MINUTES OR LESS**

---

*Createspace Independent Publishing Platform* What is the "30 Minute Change"? Let me start off by telling you what it is not. It is not a 30 minute routine or program you have to do every day or week. It is not a 30 minute shortcut to lose weight, make money, find love, quit bad habits, start new ones, get in shape or change your career. The "30 Minute Change" is a One Time detailed step by step process, which engages your current thoughts on a specific subject and then, through a visual, auditory, kinesthetic & Whole-Brained exercise, helps you set a "New Belief Statement" in motion at the subconscious level based on my new formula for change: AOSED Everything worthwhile you have ever done in your life began with a thought...followed by an action. And, unfortunately, everything you have wished you would have done, also began with a thought...followed by an action, of which the action was, to do nothing. Everyone has thoughts about a change they want to make, but very few have been trained in how to effectively turn those thoughts into New Beliefs which can then alter the course of one's life. Real and lasting change only happens after personal Awareness begins. Awareness provides a transparent view of the Obstacles. Once you can define the Obstacles, you are able to formulate a Strategy. When you have a clear, detailed Strategy, you are then able to develop your Execution plan. Execution of that plan leads to your Desired Result, also known as your New Belief! The missing link has been, learning how to actually reprogram the wanted New Belief into your subconscious mind. \*Discover in the inspiring new book how easily that can be done!

---

### CHANGE YOUR HABITS, CHANGE YOUR ATTITUDE, CHANGE YOUR LIFE!

---

*CreateSpace Life* is a continuous learning process. The experiences you go through are opportunities leading to a better understanding of the things that will ultimately shape your decision-making skills and your destiny. The experiences you encounter in the journey of life are normally stored in a magnetic field surrounding you, just like a computer program. This is your aura. As you walk around and interact with others, your individual uniqueness accompanies you. Your experiences are transmitted into your immediate environment in the same manner as a vibration. This transfer reflects the relationships and real physical occurrences you experience in life. The unfortunate thing, however, is that some of our subconscious statements concerning ourselves may be out of date, incorrect, or even self-destructive. These distortions then attract undesirable experiences in your life as they reflect your hidden negative beliefs. Take an instance where you subconsciously believe that your own creation is unworthy. This negative belief is then reflected on you and transferred to the world around you. Therefore, the people you attract subconsciously or overtly believe in your unworthiness. You and those around you are immersed in negative energy. Remember, beliefs are subconscious, meaning they are hidden from the conscious. The subconscious mind is not easily available. Reaching and discovering the subconscious, and then changing it, are the subject matter of this book. You will learn various techniques that will not only help you interpret the subconscious, but remove the negative beliefs so that you may live a more fulfilling, stress free life. There are systematic guidelines to help you achieve this goal.

### AND HOW TO UNLOCK ITS UNLIMITED POWERS

---

*Independently Published* Your conscious mind has nearly 10% of your total mind-power while the remaining 90% power is with your subconscious mind. This book will teach you the techniques to access that 90% power which your subconscious mind has and use it in your favor. It will also teach you as to how you can gradually remove all the negativities from your subconscious mind. These negative impressions and emotions in your subconscious mind prevent you from using your mighty subconscious mind in a productive manner. The very fact that you are reading this is enough proof that you do have a keen desire to learn 'something more' about the actual working of your mind, including the different roles that your Conscious Mind and Subconscious Mind play in your everyday life. Though you have never seen your subconscious mind, you have indeed seen many impactful results that it has brought about in your life and in the lives of people close to you. You have, for sure, also heard many 'stories' of the positive changes that it has had in the lives of many highly successful people. Perhaps, you have also heard some pleasing comments and compliments from people on your own achievements, which too were the result of brilliant guidance provided by your mind. In addition to the above, you are also inquisitive to know about how your mind actually works. Towards this end, you would naturally be keen to know more about the following: The enormous powers of your subconscious mind; The language that your subconscious mind understands; The key to unlocking the powers of your subconscious mind; The art of re-programming your subconscious mind. This book is my humble attempt to provide you with all that is mentioned above. It will also answer your simple questions such as -- How does your mind work? - What is subconscious mind? - How does any information enter the subconscious mind? - How can you prevent yourself from 'unknowingly' using the power of your subconscious mind to your detriment? While I shall be explaining various concepts in detail, I shall also be liberal in taking up some day-to-day illustrations for your easy understanding of the various terms. I shall also be repeating certain critically important pieces of relevant information so that they get duly implanted in your memory for easy recall and use. I have divided this book into easy-to-understand chapters, based on "NLP-Subconscious Mastery," which happens to be my favourite subject. This will greatly facilitate your implementing the knowledge that you acquire from this book in a gradual manner in your daily life. While learning is indeed a continuous process, you will be startled to see the results as they start to pour-in. I do hope that this book will be found very interesting as well as useful by you. You may even be able to use it as an everyday 'Reference Manual' till such time as using the power of your subconscious mind on a continuous basis gets into your system and comes naturally. About the book: The book is available in three types, the Kindle edition, paperback edition and hardcover edition. The book contains concise information of about 90 pages of wisdom, clarity and positive energy. Book size: The book is sized at 5"x8" which is easy to carry. About the Author: Ved embarked upon his current challenging but interesting journey more than 10 years ago. During the process, he learnt, practiced and polished multiple skills such as Hypnosis, Neuro Linguistic Programming (NLP), Counseling, Psychology, Memory Enhancement, Law of Attraction, Self-help, Affirmations, Leadership, Motivation, Life Skills, Mind Power, Emotional Freedom Technique (EFT), Spiritual Science, Quantum Physics and Quantum Jumping etc. Ved finally settled for Neuro Linguistic Programming (NLP). ### **BELIEVE IT TO RECEIVE IT**

---

Some people would have you believe that you need to earn miracles, or that miracles are only for special people. Bernadette Rodebaugh believes **MIRACLES ARE FOR EVERYBODY!** Bernadette spent nearly two decades learning how to "CALL IN MIRACLES" for every area of her life as she fought to overcome devastation and challenges—mentally, physically, and spiritually. These challenges inspired her to create this book to help guide others to their miracles much sooner. In *Believe It to Receive It*, you'll discover your unique ability to become a "MIRACLE MAGNET." Using everyday TOOLS that will help you transform your life from the inside and out, this book is a fast-track in creating the ideal life you've always wanted. You will learn how to **ACTIVATE** your "NEXT BEST STEP" toward the solution to your problem, or the answer to your prayers. This book acts as a guide to help reconnect you to your inner guidance where all your answers are waiting for you, and are revealed to you one step at a time. Bernadette does not pretend to have all the answers for you or your situation because she believes **YOU** have the answers, but you may need a little guidance to help better receive those answers. This is why Bernadette teaches practical TOOLS that have nothing to do with religion or her personal beliefs. However, you can use them in conjunction with your own belief system if you wish. Once you pick up this book, you'll realize there are no limits to your life unless **YOU BELIEVE IN THE LIMITS**, which **CREATE** them!

### **EXISTENTIAL RISK AND THE FUTURE OF HUMANITY**

---

*Hachette Books* This urgent and eye-opening book makes the case that protecting humanity's future is the central challenge of our time. If all goes well, human history is just beginning. Our species could survive for billions of years - enough time to end disease,

poverty, and injustice, and to flourish in ways unimaginable today. But this vast future is at risk. With the advent of nuclear weapons, humanity entered a new age, where we face existential catastrophes - those from which we could never come back. Since then, these dangers have only multiplied, from climate change to engineered pathogens and artificial intelligence. If we do not act fast to reach a place of safety, it will soon be too late. Drawing on over a decade of research, *The Precipice* explores the cutting-edge science behind the risks we face. It puts them in the context of the greater story of humanity: showing how ending these risks is among the most pressing moral issues of our time. And it points the way forward, to the actions and strategies that can safeguard humanity. An Oxford philosopher committed to putting ideas into action, Toby Ord has advised the US National Intelligence Council, the UK Prime Minister's Office, and the World Bank on the biggest questions facing humanity. In *The Precipice*, he offers a startling reassessment of human history, the future we are failing to protect, and the steps we must take to ensure that our generation is not the last. "A book that seems made for the present moment." —New Yorker

*Sourcebooks, Inc.* Hypnosis is a proven technique that allows people to reprogram their subconscious to change unwanted behaviors. But *Instant Self-Hypnosis* is the only self-hypnosis book that allows you to hypnotize yourself as you read, with your eyes wide open, without putting down the book. The author's fail-proof method allows you to put yourself into a hypnotic state and then use that state to improve your life in myriad ways.
