FUNDAMENTALS OF FICTION WRITING

SUNFLOWER JUSTICE

A NEW HISTORY OF THE KANSAS SUPREME COURT

U of Nebraska Press Until recently, American legal historiography focused almost solely on national government. Although much of Kansas law reflects U.S. law, the state court's arbitrary powers over labor-management conflicts, yellow dog contracts, civil rights, gender issues, and domestic relations set precedents that reverberated around the country. *Sunflower Justice* is a pioneering work that presents the history of a state through the use of its supreme court decisions as evidence. ³/₄ R. Alton Lee traces Kansas's legal history through 150 years of records, shedding light on the state's political, economic, and social history in this groundbreaking overview of Kansas legal cases and judicial biographies. Beginning with the territorial justices and continuing through the late twentieth century, R. Alton Lee covers the dispossession of Native American land, the growth and impact of labor unions, antimonopoly cases against railroad and mining companies, a nine-year state ban on the movie *Birth of a Nation*, and implications and effects of desegregation, as well as the shooting of Dr. George Tiller for performing legal abortions. Because judicial decisions are not made in a vacuum, Lee presents each of the justices in the context of the era and their personal experiences before examining how their decisions shaped Kansas political, economic, social, and legal history.

ATLANTIDA

Aegyptan I hear a step outside. It is Cegh ir-ben-Cheikh, our Targa guide, the man who in three days is to lead us across the unknown plateaus of the mysterious Imoschaoch. The lamp casts a yellow light on the paper. Strange fate, which, I never knew exactly why, decided one day when I was a lad of sixteen that I should prepare myself for Saint Cyr, and gave me there Andr de Saint-Avit as classmate. A great insect has flown in through the window. It is an African May bug, big, black, with spots of livid grey. What has been capable of causing this metamorphosis in me? A story, a legend, perhaps, told, at any rate by one on whom rests the direst of suspicions. Our departure being scheduled for the tenth of November.

CHEVATO

THE STORY OF THE APACHE WARRIOR WHO CAPTURED HERMAN LEHMANN

U of Nebraska Press Here is the oral history of the Apache warrior Chevato, who captured eleven-year-old Herman Lehmann from his Texas homestead in May 1870. Lehmann called him "Bill Chivat" and referred to him as both his captor and his friend. Chevato provides a Native American point of view on both the Apache and Comanche capture of children and specifics regarding the captivity of Lehmann known only to the Apache participants. Yet the capture of Lehmann was only one episode in Chevato's life. Born in Mexico, Chevato was a Lipan Apache whose parents had been killed in a massacre by Mexican troops. He and his siblings fled across the Rio Grande and were taken in by the Mescalero Apaches of New Mexico. Chevato became a shaman and was responsible for introducing the Lipan form of the peyote ritual to both the Mescalero Apaches and later to the Comanches and the Kiowas. He went on to become one of the founders of the Native American Church in Oklahoma. The story of Chevato reveals important details regarding Lipan Apache shamanism and the origin and spread of the type of peyote rituals practiced today in the Native American community. This book also provides a rare glimpse into Lipan and Mescalero Apache life in the late nineteenth century, when the Lipans faced annihilation and the Mescaleros faced the reservation.

ITALIAN SWORD AND SANDAL FILMS, 1908-1990

McFarland Produced in Italy from the turn of the 20th century, "sword and sandal" or peplum films were well received in the silent era and attained great popularity in the 1960s following the release of *Hercules* (1959), starring Mr. Universe Steve Reeves. A global craze for Bronze Age fantasy-adventures ensued and the heroic exploits of Hercules, Maciste, Samson and Goliath were soon a mainstay of American drive-ins and second-run theaters (though mainly disparaged by critics). By 1965, the genre was eclipsed by the spaghetti western, yet the 1960s peplum canon continues to inspire Hollywood epics. This filmography provides credits, cast and comments for dozens of films from 1908 through 1990.
