The Return *Jennifer L. Armentrout* Originally published February 2015 The Fates are cackling their bony asses off... It's been a year since Seth made the deal with the gods that pledged his life to them. And so far, the jobs they've given him have been violent and bloody--which is kind of all right with him. But now Apollo has something else in mind for Seth. He's got to play protector while keeping his hands and fingers off, and for someone who really has a problem with restraint, this new assignment might be the most challenging yet. Josie has no idea what this crazy hot guy's deal might be, but it's a good bet that his arrival means the new life she started after leaving home is about to be thrown into an Olympian-sized blender turned up to puree. Either Josie is going insane or a nightmare straight out of ancient myth is gunning for her. But it might be the unlikely attraction simmering between her and the golden-eyed, secret-keeping Seth that may prove to be the most dangerous thing of all. Because history has once again been flipped to repeat. The Return Josie's life is turned upside-down by the appearance of Seth, a sexy man who has made a deal with the gods and been assigned to protect her. *The Power The Titan Series Book 2 Hachette UK*

From the New York Times bestselling author of the Covenant and Lux series comes the second novel in the pulse-pounding, electric Titan series. In *The Return*, Seth and Josie's story ended on the ultimate cliffhanger. Now, things are about to get even more dangerous... The Covenant University has become the frontline for the escalating violence between pure-bloods and half-bloods. War between the races seems inevitable, and it couldn't come at a worse time. Seth must prepare Josie for battle, which means teaching her how to control her newfound demigod abilities...and they need to find and rescue the other demigods before their enemies - the Titans - find them first. Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon in the form of Seth. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is becoming explosively dangerous. But letting her go requires a level of selflessness that just isn't Seth's style. When the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again - but this time, Josie may not be able to pull him back from the brink... *The Power Jennifer L. If Ivy is going to have any hope of surviving this, she must put aside the hurt and betrayal she feels, and work with not only those she loves, but with an enemy she would rather kill than ever trust. War is coming, and it soon becomes clear that what Ivy and Ren thought they knew about the Order, themselves, and even their enemies, has been nothing but a cluster of dangerous, deadly lies. Ivy knows she must be more than just brave to save those she loves--and, ultimately, to save herself. Because behind every evil fae Prince, there's a Queen....
