THE BLOOD SUGAR SOLUTION

THE ULTRAHEALTHY PROGRAM FOR LOSING WEIGHT, PREVENTING DISEASE, AND FEELING GREAT NOW!

Little, Brown Spark In THE BLOOD SUGAR SOLUTION, Dr. Mark Hyman reveals that the secret solution to losing weight and preventing not just diabetes but also heart disease, stroke, dementia, and cancer is balanced insulin levels. Dr. Hyman describes the seven keys to achieving wellness-nutrition, hormones, inflammation, digestion, detoxification, energy metabolism, and a calm mind-and explains his revolutionary six-week healthy-living program. With advice on diet, green living, supplements and medication, exercise, and personalizing the plan for optimal results, the book also teaches readers how to maintain lifelong health. Groundbreaking and timely, THE BLOOD SUGAR SOLUTION is the fastest way to lose weight, prevent disease, and feel better than ever.

THE BLOOD SUGAR SOLUTION COOKBOOK

MORE THAN 175 ULTRA-TASTY RECIPES FOR TOTAL HEALTH AND WEIGHT LOSS

Little, Brown In THE BLOOD SUGAR SOLUTION COOKBOOK, Dr. Mark Hyman shares recipes that support the BLOOD SUGAR SOLUTION lifestyle. In 1900, only two percent of meals in America were eaten outside the home; now it is over fifty percent. Dr. Hyman calls for readers to take back their health by taking back their kitchens. The major culprit of diabetes, obesity and heart disease is insulin imbalance. Following Dr. Hyman's scientifically based program for rebalancing insulin and blood sugar levels, this cookbook presents 175 delectable recipes that are free of allergens and harmful inflammatory ingredients. Readers will exchange toxic factory-made foods for nutritious and easy-to-make dishes such as Chicken Satay with Peanut Sauce, Mexican Shrimp Ceviche, Tuscan Zucchini Soup, Raspberry Banana Cream Pie Smoothie, Chocolate Nut Cake, and more. THE BLOOD SUGAR SOLUTION COOKBOOK will illuminate the inner nutritionist and chef in every reader.

THE BLOOD SUGAR SOLUTION 10-DAY DETOX DIET COOKBOOK

SMART BLOOD SUGAR

THE COMPLETE SYSTEM TO NATURALLY BALANCE BLOOD SUGAR AND PREVENT OR REVERSE DIABETES...WITHOUT DRUGS!

THE BLOOD SUGAR SOLUTION

Hodder Paperbacks The No.1 New York Times bestselling programme to fight diabetes, lose weight, and stay healthy

THE DIABETES CODE

PREVENT AND REVERSE TYPE 2 DIABETES NATURALLY

Greystone Books Ltd From acclaimed author Dr. Jason Fung, a revolutionary guide to reversing diabetes. Dr. Jason Fung forever changed the way we think about obesity with his best-selling book, The Obesity Code. Now he has set out to do the same for type 2 diabetes. Today, most doctors, dietitians, and even diabetes specialists consider type 2 diabetes to be a chronic and progressive disease—a life sentence with no possibility of parole. But the truth, as Dr. Fung reveals in this paradigm-shifting book, is that type 2 diabetes is reversible. Writing with clear, persuasive language, he explains why conventional treatments that rely on insulin or other blood-glucose-lowering drugs can actually exacerbate the problem, leading to significant weight gain and even heart disease. The only way to treat type 2 diabetes effectively, he argues, is proper dieting and intermittent fasting—not medication. Dr. Jason Fung forever changed the way we think about obesity with his best-selling book, The Obesity Code. Now he has set out to do the same for type 2 diabetes. THE AYURVEDA SOLUTION TO TYPE 2 DIABETES

A CLINICALLY PROVEN PROGRAM TO BALANCE BLOOD SUGAR IN 12 WEEKS

Humanix Books AYURVEDA: A 12-WEEK SOLUTION TO PREVENT, REVERSE & TREAT TYPE 2 DIABETES AND LIVE A LONGER, HEALTHIER LIFE! Dr Christensen has developed the perfect guidebook to help people navigate and understand the implications of Type 2 Diabetes from the Ayurvedic perspective with 48 delicious recipes. The Ayurveda Solution for Type 2 Diabetes: A Clinically Proven Program to Balance Blood Sugar in 12 Weeks will be the first book to: Trace the roots of Type 2 Diabetes through the Ayurvedic perspective Bring to life natural therapies that originated in Ayurveda, but are clinically proven and used in Western medicine Provide recent clinical research to support the most effective use of the diet, lifestyle, and herbal therapies Allow readers to discover their true nature and apply a constitution-specific program Include easy-to-follow bullet-point instructions Provide a 12-week program to balance blood sugar, including an 8-week elimination diet, a one-week detox, and a 3-week reintroduction of foods Incorporate an exercise journal, relaxation journal, food and blood-sugar journal to increase compliance Include delicious, easy-to-prepare recipes for each constitution Modern medicine emphasizes the structure of the body; Ayurveda, on the other hand, focuses on the energies behind that structure--the doshas. Each chapter is full of extraordinary facts, clinical research, useful tips, and instructions for therapeutic self-application. Each therapy includes a brief yet compelling overview of how Ayurveda made these astonishing discoveries thousands of years ago, which are now clinically proven and implemented in Western medicine. Following the 12-step program, which features an 8-week elimination diet, herbal therapies, dietary guidelines, lifestyle adjustments and fabulous recipes by award-winning culinary herbalist Pat Crocker, the reader will be on the road to getting her blood sugar under control and feeling better than she has in months or even years - knowing she is likely to be extending her life. Whether the reader is an Ayurveda novice or a serious student, the book - filled with practical advice, solid science and compassion - will be a valuable guide. Ayurveda can fully thrive in today's world, as its therapeutic approaches are proven through randomized controlled studies and adapted to a modern lifestyle. Ayurveda is supported through evidence-based scientific methods for the treatment of Type 2 Diabetes and has shown to get highly significant results. It is essential to integrate Ayurveda and modern medicine in treatment of Type 2 Diabetes, and The Ayurveda Solution for Type 2 Diabetes can help. START AYURVEDA THERAPY & START FEELING BETTER TODAY!

MASTERING DIABETES

THE REVOLUTIONARY METHOD TO REVERSE INSULIN RESISTANCE PERMANENTLY IN TYPE 1, TYPE 1.5, TYPE 2, PREDIABETES, AND GESTATIONAL DIABETES

Penguin The instant New York Times bestseller. A groundbreaking method to master all types of diabetes by reversing insulin resistance. Current medical wisdom advises that anyone suffering from diabetes or prediabetes should eat a low-carbohydrate, high-fat diet. But in this revolutionary book, Cyrus Khambatta, PhD, and Robby Barbaro, MPH, rely on a century of research to show that advice is misguided. While it may improve short-term blood glucose control, such a diet also increases the long-term risk for chronic diseases like cancer, high blood pressure, high cholesterol, chronic kidney disease, and fatty liver disease. The revolutionary solution is to eat a low-fat plant-based whole-food diet, the most powerful way to reverse insulin resistance in all types of diabetes: type 1, type 1.5, type 2, prediabetes, and gestational diabetes. As the creators of the extraordinary and effective Mastering Diabetes Method, Khambatta and Barbaro lay out a step-by-step plan proven to reverse insulin resistance—the root cause of blood glucose variability—while improving overall health and maximizing life expectancy. Armed with more than 800 scientific references and drawing on more than 36 years of personal experience living with type 1 diabetes themselves, the authors show how to eat large quantities of carbohydrate-rich whole foods like bananas, potatoes, and quinoa while decreasing blood glucose, oral medication, and insulin requirements. They also provide life-changing advice on intermittent fasting and daily exercise and offer tips on eating in tricky situations, such as restaurant meals and family dinners. Perhaps best of all: On the Mastering Diabetes Method, you will never go hungry. With more than 30 delicious, filling, and nutrient-dense recipes and backed by cutting-edge nutritional science, Mastering Diabetes will help you maximize your insulin sensitivity, attain your ideal body weight, improve your digestive health, gain energy, live an active life, and feel the best you've felt in years.

SALT SUGAR FAT

HOW THE FOOD GIANTS HOOKED US

Signal From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."

BREAKING UP WITH SUGAR

DIVORCE THE DIETS, DROP THE POUNDS, AND LIVE YOUR BEST LIFE

Penguin A proven plan to break free from your unhealthy relationship with Sugar - and reclaim your health and your life for good. The solution to your food and weight problems isn't willpower or the next fad diet - it's breaking up with Sugar. Molly Carmel, an eating disorder therapist with a thriving clinic in New York City, discovered the devastating role Sugar played in her own 20-year struggle with disordered eating. After reaching a peak weight of 325 pounds and trying every diet imaginable, Molly was finally able to dramatically transform her life--and find her happy weight--by breaking up with Sugar. Molly has since helped thousands of people overcome compulsive overeating, repetitive dieting, and Sugar addiction to reinvent their lives. Here, she shares her empowering 66-day blueprint for kicking Sugar to the curb - once and for all. Molly explains how Sugar is not only bad for your health, it's also a substance with highly addictive potential - one that creates physical, neurological, and hormonal changes that often make moderation impossible. This is the first book to address the emotional, spiritual, chemical, and physical components of this toxic relationship and help guide you through the steps to create a new and lasting relationship with food...and with yourself. Breaking Up with Sugar includes step-by-step meal plans to take the guesswork out of going Sugar-free, as well as seven key self-affirming vows you can rely on to help end the overeating and dieting cycle and release unhealthy weight. With empathy, honesty, and humor as your trusted coach and friend, Molly gives you essential tools to navigate this new way of eating when life gets "life-y" or times get tough. Her sustainable roadmap will put you on the path to true freedom.

THE ULTRAMIND SOLUTION

FIX YOUR BROKEN BRAIN BY HEALING YOUR BODY FIRST

Simon and Schuster From the ten-time New York Times bestselling author of Ultrametabolism, The Blood Sugar Solution, and Eat Fat, Get Thin comes The UltraMind Solution. —Do you find it next to impossible to focus or concentrate? —Have you ever experienced instant clarity after exercise? Alertness after drinking coffee? —Does your brain inexplicably slow down during stress, while multitasking, or when meeting a deadline? —Do you get anxious, worried, or stressed-out frequently? In The UltraMind Solution, Dr. Mark Hyman explains that to fix your broken brain, you must heal your body first. Through his simple six-week plan, Dr. Hyman shows us how to correct imbalances caused by nutritional deficiencies, allergens, infections, toxins, and stress, restoring our health and gaining an UltraMind—one that's highly focused, able to pay attention at will, has a strong memory, and leaves us feeling calm, confident, in control, and in good spirits.

FOOD

WHAT THE HECK SHOULD I EAT?

Little, Brown #1 New York Times bestselling author Dr. Mark Hyman sorts through the conflicting research on food to give us the skinny on what to eat. Did you know that eating oatmeal actually isn't a healthy way to start the day? That milk doesn't build bones, and eggs aren't the devil? Even the most health conscious among us have a hard time figuring out what to eat in order to lose weight, stay fit, and improve our health. And who can blame us? When it comes to diet, there's so much changing and conflicting information flying around that it's impossible to know where to look for sound advice. And decades of misguided "common sense," food-industry lobbying, bad science, and corrupt food polices and guidelines have only deepened our crisis of nutritional confusion, leaving us overwhelmed and anxious when we head to the grocery store. Thankfully, bestselling author Dr. Mark Hyman is here to set the record straight. In *Food: What the Heck Should I Eat?* -- his most comprehensive book yet -- he takes a close look at every food group and explains what we've gotten wrong, revealing which foods nurture our health and which pose a threat. From grains to legumes, meat to dairy, fats to artificial sweeteners, and beyond, Dr. Hyman debunks misconceptions and breaks down the fascinating science in his signature accessible style. He also explains food's role as powerful medicine capable of reversing chronic disease and shows how our food system and policies impact the environment, the economy, social justice, and personal health, painting a holistic picture of growing, cooking, and eating food in ways that nourish our bodies and the earth while creating a healthy society. With myth-busting insights, easy-to-understand science, and delicious, wholesome recipes, *Food: What the Heck Should I Eat?* is a no-nonsense guide to achieving optimal weight and lifelong health.

THE HUNGRY BRAIN

OUTSMARTING THE INSTINCTS THAT MAKE US OVEREAT

Flatiron Books A Publishers Weekly Best Book of the Year From an obesity and neuroscience researcher with a knack for engaging, humorous storytelling, *The Hungry Brain* uses cutting-edge science to answer the questions: why do we overeat, and what can we do about it? No one wants to overeat. And certainly no one wants to overeat for years, become overweight, and end up with a high risk of diabetes or heart disease--yet two thirds of Americans do precisely that. Even though we know better, we often eat too much. Why does our behavior betray our own intentions to be lean and healthy? The problem, argues obesity and neuroscience researcher Stephan J. Guyenet, is not necessarily a lack of willpower or an incorrect understanding of what to eat. Rather, our appetites and food choices are led astray by ancient, instinctive brain circuits that play by the rules of a survival game that no longer exists. And these circuits don't care about how you look in a bathing suit next summer. To make the case, *The Hungry Brain* takes readers on an eye-opening journey through cutting-edge neuroscience that has never before been available to a general audience. *The Hungry Brain* delivers profound insights into why the brain undermines our weight goals and transforms these insights into practical guidelines for eating well and staying slim. Along the way, it explores how the human brain works, revealing how this mysterious organ makes us who we are.

SUGAR

Little, Brown Books for Young Readers Ten-year-old Sugar lives on the River Road sugar plantation along the banks of the Mississippi. Slavery is over, but laboring in the fields all day doesn't make her feel very free. Thankfully, Sugar has a knack for finding her own fun, especially when she joins forces with forbidden friend Billy, the white plantation owner's son. Sugar has always yearned to learn more about the world, and she sees her chance when Chinese workers are brought in to help harvest the cane. The older River Road folks feel threatened, but Sugar is fascinated. As she befriends young Beau and elder Master Liu, they introduce her to the traditions of their culture, and she, in turn, shares the ways of plantation life. Sugar soon realizes that she must be the one to bridge the cultural gap and bring the community together. Here is a story of unlikely friendships and how they can change our lives forever. From Jewell Parker Rhodes, the author of *Ninth Ward* (a Coretta Scott King Honor Book and a Today show Al's Book Club for Kids pick), here's another tale of a strong, spirited young girl who rises beyond her circumstances and inspires others to work toward a brighter future.

EAT FAT, GET THIN

WHY THE FAT WE EAT IS THE KEY TO SUSTAINED WEIGHT LOSS AND VIBRANT HEALTH

Little, Brown Spark A revolutionary diet program based on the latest science showing the importance of fat in weight loss and overall health, from #1 bestselling author Dr. Mark Hyman. Many of us have long been told that fat makes us fat, contributes to heart disease, and generally erodes our health. Now a growing body of research is debunking our fat-phobia, revealing the immense health and weight-loss benefits of a high-fat diet rich in eggs, nuts, oils, avocados, and other delicious superfoods. In his new book, bestselling author Dr. Mark Hyman introduces a new weight-loss and healthy living program based on the latest science and explains how to Eat Fat, Get Thin, and achieve optimum wellness along the way. Offering practical tools, meal plans, recipes, and shopping lists, as well as step-by-step, easy-to-follow advice, *Eat Fat, Get Thin* is the cutting edge way to lose weight, prevent disease, and feel your best.

HOW NOT TO DIE

DISCOVER THE FOODS SCIENTIFICALLY PROVEN TO PREVENT AND REVERSE DISEASE

Flatiron Books From the physician behind the wildly popular NutritionFacts website, *How Not to Die* reveals the groundbreaking scientific evidence behind the only diet that can prevent and reverse many of the causes of disease-related death. The vast majority of premature deaths can be prevented through simple changes in diet and lifestyle. In *How Not to Die*, Dr. Michael Greger, the internationally-renowned nutrition expert, physician, and founder of NutritionFacts.org, examines the fifteen top causes of premature death in America—heart disease, various cancers, diabetes, Parkinson's, high blood pressure, and more—and explains how nutritional and lifestyle interventions can sometimes trump prescription pills and other pharmaceutical and surgical approaches, freeing us to live healthier lives. The simple truth is that most doctors are good at treating acute illnesses but bad at preventing chronic disease. The fifteen leading causes of death claim the lives of 1.6 million Americans annually. This doesn't have to be the case. By following Dr. Greger's advice, all of it backed up by strong scientific evidence, you will learn which foods to eat and which lifestyle changes to make to live longer. History of prostate cancer in your family? Put down that glass of milk and add flaxseed to your diet whenever you can. Have high blood pressure? Hibiscus tea can work better than a leading hypertensive drug—and without the side effects. Fighting off liver disease? Drinking coffee can reduce liver inflammation. Battling breast cancer? Consuming soy is associated with prolonged survival. Worried about heart disease (the number 1 killer in the United States)? Switch to a whole-food, plant-based diet, which has been repeatedly shown not just to prevent the disease but often stop it in its tracks. In addition to showing what to eat to help treat the top fifteen causes of death, *How Not to Die* includes Dr. Greger's Daily Dozen—a checklist of the twelve foods we should consume every day. Full of practical, actionable advice and surprising, cutting edge nutritional science, these doctor's orders are just what we need to live longer, healthier lives.

SUGAR CRUSH

HOW TO REDUCE INFLAMMATION, REVERSE NERVE DAMAGE, AND RECLAIM GOOD HEALTH

Harper Collins A shocking look at the link between sugar, inflammation, and a host of preventable chronic diseases—perfect for fans of bestselling author Gary Taubes' *The Case Against Sugar*—from leading nerve surgeon Dr. Richard Jacoby. What Grain Brain did for wheat, this book by a leading peripheral nerve surgeon now does for sugar, revealing how it causes crippling nerve damage throughout the body—in our feet, organs, and brain—why sugar and carbohydrates are harmful to the body's nerves, and how eliminating them can mitigate and even reverse the damage. If you suffer from ailments your doctors can't seem to diagnose or help—mysterious rashes, unpredictable digestive problems, debilitating headaches, mood and energy swings, constant tiredness—nerve compression is the likely cause. *Sugar Crush* exposes the shocking truth about how a diet high in sugar, processed carbohydrates, and wheat compresses and damages the peripheral nerves of the body, leading to pain, numbness, and tingling in the hands and feet, along with a host of related conditions, including migraines, gall bladder disease, and diabetes. Over the years, Dr. Richard Jacoby has treated thousands of patients with peripheral neuropathy. Now, he shares his insights as well as the story of how he connected the dots to determine how sugar is the common denominator of many chronic diseases. In *Sugar Crush*, he offers a unique holistic approach to understanding the exacting toll sugar and carbs take on the body. Based on his clinical work, he breaks down his highly effective methods, showing how dietary changes reducing sugar and wheat, coinciding with an increase of good fats, can dramatically help regenerate nerves and rehabilitate their normal function. *Sugar Crush* includes a quiz to assess your nerve damage, practical dietary advice, and the latest thinking on ways to prevent and reverse neuropathy. If you have diabetes, this essential guide will help you understand the dangers and give you the tools you need to make a difference beyond your doctor's prescriptions. If you have the metabolic syndrome or prediabetes, or are just concerned about your health, it will help you reverse and prevent nerve damage.

THE CASE AGAINST SUGAR

Anchor From the best-selling author of *Why We Get Fat*, a groundbreaking, eye-opening exposé that makes the convincing case that sugar is the tobacco of the new millennium: backed by powerful lobbies, entrenched in our lives, and making us very sick. Among Americans, diabetes is more prevalent today than ever; obesity is at epidemic proportions; nearly 10% of children are thought to have nonalcoholic fatty liver disease. And sugar is at the root of these, and other, critical society-wide, health-related problems. With his signature command of both science and straight talk, Gary Taubes delves into Americans' history with sugar: its uses as a preservative, as an additive in cigarettes, the contemporary overuse of high-fructose corn syrup. He explains what research has shown about our addiction to sweets. He clarifies the arguments against sugar, corrects misconceptions about the relationship between sugar and weight loss, and provides the perspective necessary to make informed decisions about sugar as individuals and as a society.

GLUCOSE REVOLUTION

THE LIFE-CHANGING POWER OF BALANCING YOUR BLOOD SUGAR

Simon and Schuster USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * INSTANT INTERNATIONAL BESTSELLER Improve all areas of your health from your weight, sleep, cravings, mood, energy, skin, and even slow down aging, with easy-to-implement, science-based hacks to manage your blood sugar levels while still eating the foods you love. Glucose, or blood sugar, is a tiny molecule in our body that has a huge impact on our health. It enters our bloodstream through the starchy or sweet foods we eat. Ninety percent of us suffer from too much glucose in our system—and most of us don't know it. The symptoms? Cravings, fatigue, infertility, hormonal issues, acne, wrinkles... And over time, the development of conditions like type 2 diabetes, polycystic ovarian syndrome, cancer, dementia, and heart disease. Drawing on cutting-edge science and her own pioneering research, biochemist Jessie Inchauspé offers ten simple, surprising hacks to help you balance your glucose levels and reverse your symptoms—without going on a diet or giving up the foods you love. For example: * How eating foods in the right order will make you lose weight effortlessly * What secret ingredient will allow you to eat dessert and still go into fat-burning mode * What small change to your breakfast will unlock energy and cut your cravings Both entertaining, informative, and packed with the latest scientific data, this book presents a new way to think about better health. Glucose Revolution is chock-full of tips that can drastically and immediately improve your life, whatever your dietary preferences.

DEEP NUTRITION

WHY YOUR GENES NEED TRADITIONAL FOOD

Macmillan A self-published phenomenon examining the habits that kept our ancestors disease-free—now with a prescriptive plan for “The Human Diet” to help us all live long, vital, healthy lives. Physician and biochemist Cate Shanahan, M.D. examined diets around the world known to help people live longer, healthier lives—diets like the Mediterranean, Okinawa, and “Blue Zone”—and identified the four common nutritional habits, developed over millennia, that unfailingly produce strong, healthy, intelligent children, and active, vital elders, generation after generation. These four nutritional strategies—fresh food, fermented and sprouted foods, meat cooked on the bone, and organ meats—form the basis of what Dr. Cate calls “The Human Diet.” Rooted in her experience as an elite athlete who used traditional foods to cure her own debilitating injuries, and combining her research with the latest discoveries in the field of epigenetics, Dr. Cate shows how all calories are not created equal; food is information that directs our cellular growth. Our family history does not determine our destiny: what you eat and how you live can alter your DNA in ways that affect your health and the health of your future children. Deep Nutrition offers a prescriptive plan for how anyone can begin eating The Human Diet to: *Improve mood *Eliminate cravings and the need to snack *Boost fertility and have healthier children *Sharpen cognition and memory *Eliminate allergies and disease *Build stronger bones and joints *Get younger, smoother skin Deep Nutrition cuts through today's culture of conflicting nutritional ideologies, showing how the habits of our ancestors can help us lead longer, healthier, more vital lives.

BETTER THAN BEFORE

WHAT I LEARNED ABOUT MAKING AND BREAKING HABITS--TO SLEEP MORE, QUIT SUGAR, PROCRASTINATE LESS, AND GENERALLY BUILD A HAPPIER LIFE

Crown NEW YORK TIMES BESTSELLER • The author of *The Happiness Project* and “a force for real change” (Brené Brown) examines how changing our habits can change our lives. “If anyone can help us stop procrastinating, start exercising, or get organized, it's Gretchen Rubin. The happiness guru takes a sledgehammer to old-fashioned notions about change.”—Parade Most of us have a habit we'd like to change, and there's no shortage of expert advice. But as we all know from tough experience, no magic, one-size-fits-all solution exists. It takes work to make a habit, but once that habit is set, we can harness the energy of habits to build happier, stronger, more productive lives. In *Better Than Before*, acclaimed writer Gretchen Rubin identifies every approach that actually works. She presents a practical, concrete framework to allow readers to understand their habits—and to change them for good. Infused with Rubin's compelling voice, rigorous research, and easy humor, and packed with vivid stories of lives transformed, *Better Than Before* explains the (sometimes counterintuitive) core principles of habit formation and answers the most perplexing questions about habits: • Why do we find it tough to create a habit for something we love to do? • How can we keep our healthy habits when we're surrounded by temptations? • How can we help someone else change a habit? Rubin reveals the true secret to habit change: first, we must know ourselves. When we shape our habits to suit ourselves, we can find success—even if we've failed before. Whether you want to eat more healthfully, stop checking devices, or finish a project, the invaluable ideas in *Better Than Before* will start you working on your own habits—even before you've finished the book.

ALWAYS HUNGRY?

CONQUER CRAVINGS, RETRAIN YOUR FAT CELLS, AND LOSE WEIGHT PERMANENTLY

Grand Central Life & Style Leading Harvard Medical School expert and “obesity warrior” (Time magazine) Dr. David Ludwig rewrites the rules on weight loss, diet, and health in this guide to retraining your cells and reclaiming your health for life. Forget everything you've been taught about dieting. In *Always Hungry?*, renowned endocrinologist Dr. David Ludwig explains why traditional diets don't work and presents a radical new plan to help you lose weight without hunger, improve your health, and feel great. For over two decades, Dr. Ludwig has been at the forefront of research into weight control. His groundbreaking studies show that overeating doesn't make you fat; the process of getting fat makes you overeat. That's because fat cells play a key role in determining how much weight you gain or lose. Low-fat diets work against you by triggering fat cells to hoard more calories for themselves, leaving too few for the rest of the body. This “hungry fat” sets off a dangerous chain reaction that leaves you feeling ravenous as your metabolism slows down. Cutting calories only makes the situation worse by creating a battle between mind and metabolism that we're destined to lose. You gain more weight even as you struggle to eat less food. *Always Hungry?* turns dieting on its head with a three-phase program that ignores calories and targets fat cells directly. The recipes and meal plan include luscious high-fat foods (like nuts and nut butters, full-fat dairy, avocados, and dark chocolate), savory proteins, and natural carbohydrates. The result? Fat cells release their excess calories, and you lose weight - and inches - without battling cravings and constant hunger. This is dieting without deprivation. Forget calories. Forget cravings. Forget dieting. *Always hungry?* reveals a liberating new way to tame hunger and lose weight for good.

FOOD - WTF - SHOULD I EAT?

A NO-NONSENSE GUIDE TO ACHIEVING OPTIMAL WEIGHT AND LIFELONG HEALTH

Yellow Kite Demystifies conflicting dietary advice to explain the crucial role of food in health, examining each food group to reveal what popular opinions have gotten right and wrong so that dieters can make informed choices to lose weight and promote wellness.

ULTRAMETABOLISM

Simon and Schuster Presents an eight-week plan for weight loss that can be tailored to individual needs, examines common myths that thwart weight loss, and includes recipes that aid in detoxifying and balancing the metabolism.

THE AUTOIMMUNE SOLUTION COOKBOOK

OVER 150 DELICIOUS RECIPES TO PREVENT AND REVERSE THE FULL SPECTRUM OF INFLAMMATORY SYMPTOMS AND DISEASES

HarperCollins The companion cookbook to the revolutionary New York Times bestseller *The Autoimmune Solution*, filled with more than 150 nutritious, easy-to-prepare, every day recipes to heal symptoms of inflammation and autoimmune disorders, including Graves' Disease, Psoriasis, Fibromyalgia, Lupus, Celiac disease, Hashimoto's thyroiditis, and Multiple sclerosis. Nine in ten Americans suffer from inflammation or an autoimmune disorder—conditions for which conventional medicine has no cure. Minor irritations like rashes and runny noses are ignored, while chronic and debilitating diseases like Crohn's and rheumatoid arthritis are handled with a cocktail of toxic treatments that fail to address their root cause. But as Dr. Amy Myers revealed in *The Autoimmune Solution*, there are solutions. In this invaluable cookbook, she now shows you how to repair your body and reverse your symptoms by eating your way to good health. *The Autoimmune Solution Cookbook* delivers more than 150 grain-free recipes designed to prevent and reverse the full spectrum of autoimmune diseases, including allergies, obesity, asthma, cardiovascular disease, fibromyalgia, lupus, IBS, chronic headaches, fatigue, multiple sclerosis, colitis, Graves' disease, and Hashimoto's thyroiditis. As our food and environment becomes more toxic, the health of millions of us have been impaired. Thanks to Dr. Myers, you no longer need to rely on prescriptions—with troubling, sometimes dangerous side effects—to counteract your body's over-reactive immune system. *The Autoimmune Solution Cookbook* is the healthy alternative to cope with and conquer inflammatory-related symptoms and diseases.

ZERO SUGAR DIET

THE 14-DAY PLAN TO FLATTEN YOUR BELLY, CRUSH CRAVINGS, AND HELP KEEP YOU LEAN FOR LIFE

Ballantine Books NEW YORK TIMES BESTSELLER • Lose up to a pound a day and curb your craving for sweets with delicious recipes and simple, science-based food swaps from David Zinczenko, NBC's health and wellness contributor and bestselling author of *Zero Belly Diet*, *Zero Belly Smoothies*, and *Eat This, Not That!* With *Zero Sugar Diet*, #1 New York Times bestselling author David Zinczenko continues his twenty-year mission to help Americans live their happiest and healthiest lives, uncovering revolutionary new research that explains why you can't lose weight—and shows that it's not your fault! The true culprit is sugar—specifically added sugars—which food manufacturers sneak into almost everything we eat, from bread to cold cuts to yogurt, peanut butter, pizza, and even “health” foods. Until now, there's been no way to tell how much added sugar you're eating—or how to avoid it without sacrifice. But with the simple steps in *Zero Sugar Diet*, you'll be able to eat all your favorite foods and strip away unnecessary sugars—losing weight at a rate of up to one pound per day, while still enjoying the sweeter things in life. By replacing empty calories with essential ones—swapping in whole foods and fiber and swapping out added sugars—you'll conquer your cravings and prevent the blood sugar surge that leads to some of the worst health scourges in America today, including abdominal fat, diabetes, heart disease, cancer, liver disease, fatigue, and tooth decay. And all it takes is 14 days. You'll be stunned by the reported results: Lisa Gardner, 49, lost 10 pounds Tara Anderson, 42, lost 10 pounds David Menkhaus, 62, lost 15 pounds Ricky Casados, 56, lost 12 pounds You, too, can melt away belly fat, boost your energy levels and metabolism, and take control of your health and your life, armed with a comprehensive grocery list of fresh produce, proteins, whole grains, and even prepared meals, accompanied by two weeks' worth of fiber-rich breakfast, lunch, dinner, and snack recipes and real-life results from successful *Zero Sugar* dieters. The fat-burning formula for long-term weight loss and optimal health is at your fingertips. Join in the crusade and say goodbye to added sugars—and goodbye to your belly—with *Zero Sugar Diet!* Praise for *Zero Sugar Diet* “*Zero Sugar Diet* targets an easily identifiable enemy, comparing excess sugar in our diet to a deadly virus. . . . Well, that got my attention.”—*The New York Times Book Review* “A user-friendly guide [that provides] a wealth of helpful information and tools for those wishing to limit added sugars in their diet.”—*Library Journal* “This plan is informative and entertaining (e.g., a chart converts common meals to their equivalent in donuts; ‘an open letter from your pancreas’) and will help readers rein in cravings and become savvy monitors of added sugar consumption.”—*Publishers Weekly*

THE STARCH SOLUTION

EAT THE FOODS YOU LOVE, REGAIN YOUR HEALTH, AND LOSE THE WEIGHT FOR GOOD!

Rodale Books A bestselling author's groundbreaking eating plan that challenges the notion that starch is unhealthy From Atkins to Dukan, the fear-mongering about carbs over the past few decades has reached a fever pitch; the mere mention of a starch-heavy food is enough to trigger a cavalcade of shame and longing. In *The Starch Solution*, bestselling diet doctor and board-certified internist John A. McDougall, MD, and his kitchen-savvy wife, Mary, turn the notion that starch is bad for you on its head. *The Starch Solution* is based on a simple swap: fueling your body primarily with carbohydrates rather than proteins and fats. This will help you lose weight and prevent a variety of ills. Fad diets come and go, but Dr. McDougall has been a proponent of the plant-based diet for decades, and his medical credibility is unassailable. He is one of the mainstay experts cited in the bestselling and now seminal *China Study*—called the “Grand Prix of epidemiology” by the *New York Times*. But what *The China Study* lacks is a plan. Dr. McDougall grounds *The Starch Solution* in rigorous scientific fact and research, giving readers easy tools to implement these changes into their lifestyle with a 7-Day Quick Start Plan and 100 delicious recipes. This book includes testimonials from among the hundreds Dr. McDougall has received, including people who have lost more than 125 pounds in mere months as well as patients who have conquered lifethreatening illnesses such as diabetes and cardiac ailments.

ULTRAPREVENTION

Simon and Schuster A six-week health-bolstering program identifies such contributors to poor health as malnutrition and an impaired metabolism and offers advice on how to remove toxins from the body and implement healthy nutrition and supplement regimes.

BULL'S EYE!

THE MOST APT REVIEWS THE BLOOD SUGAR SOLUTION

Lennox In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of “*The Blood Sugar Solution: The UltraHealthy Program for Losing Weight, Preventing Disease, and Feeling Great Now!*.” Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

THE OBESITY CODE

UNLOCKING THE SECRETS OF WEIGHT LOSS (WHY INTERMITTENT FASTING IS THE KEY TO CONTROLLING YOUR WEIGHT)

Greystone Books FROM NEW YORK TIMES BESTSELLING AUTHOR DR. JASON FUNG: The landmark book that is helping thousands of people lose weight for good. Harness the power of intermittent fasting for lasting weight loss Understand the science of weight gain, obesity, and insulin resistance Enjoy an easy and delicious low carb, high fat diet Ditch calorie counting, yoyo diets, and excessive exercise for good Everything you believe about how to lose weight is wrong. Weight gain and obesity are driven by hormones—in everyone—and only by understanding the effects of the hormones insulin and insulin resistance can we achieve lasting weight loss. In this highly readable and provocative book, Dr. Jason Fung, long considered the founder of intermittent fasting, sets out an original theory of obesity and weight gain. He shares five basic steps to controlling your insulin for better health. And he explains how to use intermittent fasting to break the cycle of insulin resistance and reach a healthy weight—for good.

SUGAR NATION

THE HIDDEN TRUTH BEHIND AMERICA'S DEADLIEST HABIT AND THE SIMPLE WAY TO BEAT IT

Hachette UK THIS BOOK COULD SAVE YOUR LIFE Every five seconds, one more person develops diabetes. Worldwide, 285 million people are affected by type 2 diabetes. Many of them have no idea. Here is the personal story of one man who has unearthed the mysteries of this global epidemic and offers hard-won practical advice for how readers can take control of their lives and combat this deadly disease. “*Sugar Nation* is a must-read! As a fitness expert myself, who has dealt with family diabetes and coaching families on how to limit their sugar intake, this book is a fundamental tool in educating the world on just how dangerous dietary sugar can be. Jeff O'Connell's direct yet user-friendly approach to this important and overlooked subject is more than refreshing. All will benefit from picking this book up.” -- Jennifer Nicole Lee, author of *The Jennifer Nicole Lee Fitness Model Diet*

DR. BERNSTEIN'S DIABETES SOLUTION

THE COMPLETE GUIDE TO ACHIEVING NORMAL BLOOD SUGARS

Little, Brown Originally published in 1997, DR. BERNSTEIN'S DIABETES SOLUTION is a unique resource that covers both adult- and childhood-onset diabetes, explains step-by-step how to normalize blood sugar levels and prevent or reverse complications, and offers detailed guidelines for establishing a treatment plan. Readers will find fifty gourmet recipes, in addition to a comprehensive discussion of diet, obesity, and new drugs to curb carbohydrate craving and overeating. Now in its fourth edition, the book presents up-to-the-minute information on insulin resistance, blood-testing devices, measuring blood sugar, new types of insulin, gastroparesis and other issues, as well as updated diet guidelines. DR. BERNSTEIN'S DIABETES SOLUTION is the one book every diabetic must own.
