KEY=MINISTRY - BENJAMIN MCMAHON

Chronicles of Wasted Time

Regent College Pub **Back in print for the first time since Muggeridge's death in 1990, both published volumes of his acclaimed biography-The Green Stick and The Infernal Grove, plus the previously unpublished start to an unfinished third volume entitled The Right Eye-all brought together in one unabridged volume. "There is not a flat page in this mingling of anecdote, comment and self-criticism. . . . An international throng of writers, politicians, soldiers, spies, traitors and eccentrics jostles in these page from Attlee to Wodehouse via Burgess and Philby, Churchill, de Gaulle, Gide, Chanel, Montgomery, Evelyn Waugh." -The Daily Telegraph "Much of it . . . is very funny indeed; his description of being inducted into the mysteries of invisible writing when he joined the M16, for instance, is one of the great comic set-pieces that are artfully placed throughout the book. . . . Apart from these, the wit sparkles on almost every page." -The Observer . " . . this is one of the most delightful and entertaining memoirs of our age." -The Washington Post "A sure hand pushes the pen; a splendid mind guides the hand. There are paragraphs in this book that . . . are models of the best of clarity, grace and beauty in the English language." -The Dallas Morning News** Born in 1903, Malcolm Muggeridge started his career as a university lecturer in Cairo before taking up journalism. As a journalist he worked around the world on the Guardian, Calcutta Statesman, the Evening Standard and the Daily Telegraph. In 1953 became editor of Punch, where he remained for four years. In later years he became best known as a broadcaster both on television and radio for the BBC. His other books include Jesus Rediscovered, Christ and the Media, and A Third Testament.

The Mission of God: A Manifesto of Hope for Society

Ezra Press **Culture is the public manifestation of religion, expressing the values and beliefs that a society treasures. Western culture was built upon the principles of Christian belief. Today, having largely abandoned the triune God and his word in public and private life, we have undermined this cultural foundation. We must recover our footing or collapse.**

Blowout

Corrupted Democracy, Rogue State Russia, and the Richest, Most Destructive Industry on Earth

Crown Publishing Group (NY) **The author offers a dark, serpentine, riveting tour of the unimaginably lucrative and corrupt oil-and-gas industry. With her trademark black humor, Maddow exposes the greed and incompetence of Big Oil and Gas.**

Apply Yourself to Reading and Teaching

Seventeen Contradictions and the End of Capitalism

Oxford University Press (UK) "David Harvey examines the internal contradictions within the flow of capital that have precipitated recent crises. While the contradictions have made capitalism flexible and resilient, they also contain the seeds of systemic catastrophe"--

If Not Empire, What?

Lulu Press, Inc In this thoughtful and systematic exploration, Friesen and Stoner understand the Bible to be an extended argument about life, love and power. In the various biblical texts, this argument presents two versions of the Hebrew god, one who aligns with kings and the religious establishment, the other who makes a fool of kings and aligns with everyday people. Through discussion of each biblical text, the authors highlight how this argument plays out in the history of the Israelites, the prophetic attempts to articulate an alternative to the nation-state, the life and teachings of Jesus, and the multi-ethnic community that emerged after Jesus' death. Written in a popular style, the book serves as a concise and sometimes irreverent introduction to the entire Bible while demonstrating its immediate relevance to the problems of violence, insecurity and injustice.

Iran Reframed

Anxieties of Power in the Islamic Republic

Stanford Studies in Middle East An inside look at what it means to be pro-regime in Iran, and the debates around the future of the Islamic Republic. More than half of Iran's citizens were not alive at the time of the 1979 Revolution. Now entering its fifth decade in power, the Iranian regime faces the paradox of any successful revolution: how to transmit the commitments of its political project to the next generation. New media ventures supported by the Islamic Republic attempt to win the hearts and minds of younger Iranians. Yet

members of this new generation--whether dissidents or fundamentalists--are increasingly skeptical of these efforts. *Iran Reframed* offers unprecedented access to those who wield power in Iran as they debate and define the future of the Republic. Over ten years, Narges Bajoghli met with men in Iran's Revolutionary Guard, Ansar Hezbollah, and Basij paramilitary organizations to investigate how their media producers developed strategies to court Iranian youth. Readers come to know these men--what the regime means to them and their anxieties about the future of their revolutionary project. Contestation over how to define the regime underlies all their efforts to communicate with the public. This book offers a multilayered story about what it means to be pro-regime in the Islamic Republic, challenging everything we think we know about Iran and revolution.

Speak of the Devil

How the Satanic Temple Is Changing the Way We Talk about Religion

Oxford University Press, USA In this book-length study of *The Satanic Temple*, Joseph Laycock, a scholar of new religious movements, contends that the emergence of "political Satanism" marks a significant moment in American religious history that will have a lasting impact on how Americans frame debates about religious freedom. Though the group gained attention for its strategic deployment of outrage, it claims to have developed beyond politics into a religious movement. Equal parts history and ethnography, *Speak of the Devil* demonstrates why religious Satanism is significant to larger conversations about the definition of religion, religious freedom, and religious tolerance.

King Jesus

Rosetta Books "Both the knowledge of a scholar and the imagination of a poet are brought to bear upon Jesus as child, boy, and man. . . . A bold speculative adventure." (Harold Brighthouse, *Manchester Guardian*) In Graves's unique retelling, Jesus is very much a mortal and the grandson of King Herod the Great. When his father runs afoul of the King's temper and is executed, Jesus is raised in the house of Joseph the Carpenter. The kingdom he is heir to, in this version of the story, is very much a terrestrial one: the Kingdom of Judea. Graves tells of Jesus's rise as a philosopher, scriptural scholar, and charismatic speaker in sharp detail, as well as his arrest and downfall as a victim of pitiless Roman politics. Bringing together his unparalleled narrative skill and in-depth expertise in historical scholarship, renowned classicist and historical novelist Robert Graves brings the story of Jesus Christ to life in a strikingly unorthodox way, making this one of the most hotly contested novels Graves ever wrote—and possibly one of the most controversial ever written. It provides a fascinating new twist to a well-known story, one that fans of this historical period are sure to love. "This is not reading for the easily shocked; it definitely presents Jesus as a sage and a poet, if not divine. It moves, as does all Mr. Graves' writing, at a brilliant fast pace, and with a tremendous style." —Kirkus Reviews

The Book of Fate

House of Anansi Selected as one of World Literature Today's 75 Notable Translations of 2013 Spanning five turbulent decades in Iranian history, from before the 1979 revolution, through the Islamic Republic, and up to the present, *The Book of Fate* is a powerful story of friendship and passion, fear and hope. A teenager in pre-revolutionary Tehran, Massoumeh is an average girl, passionate about learning. On her way to school she meets a local man and falls in love, but when her family discovers his letters they accuse her of bringing them dishonour. She is badly beaten by her brother, and her parents hastily arrange for her to marry a man she's never met. Facing a life without love, and the prospect of no education, Massoumeh is distraught, but a female neighbour urges her to comply: "We each have a destiny, and you can't fight yours." The years that follow Massoumeh's wedding prove transformative for Iran. Hamid, Massoumeh's husband, is a political dissident and a threat to the Shah's regime. When the secret service arrive to arrest him, it is the start of a terrifying period for Massoumeh. Her fate, so long dictated by family loyalty and tradition, is now tied to the changing fortunes of her country.

Entertainment-Education Behind the Scenes

Case Studies for Theory and Practice

Springer Nature This Open Access book tracks the latest trends in the theory, research, and practice of entertainment-education, the field of communication that incorporates social change messaging into entertaining media. Sometimes called edutainment, social impact television, narrative persuasion, or cultural strategy, this approach to social and behavior change communication offers new opportunities including transmedia and digital formats. However, making media can be a chaotic process. The realities of working in the field and the rigid structures of scholarly evaluation often act as barriers to honest accounts of entertainment-education practice. In this collection of essays, experienced practitioners offer unique insight into how entertainment-education works and present a balanced view of its potential pitfalls. This book gives readers an opportunity to learn from the successes and mistakes of the experts, taking a behind-the-scenes look at the business of making entertainment-education media.

Five Views on Biblical Inerrancy

Zondervan Academic The inerrancy of the Bible--the belief that the Bible is without error--is often a contentious topic among mainstream Christianity. Like other titles in the Counterpoints collection, this volume gives those interested in theology the tools they need to draw informed conclusions on debated issues by showcasing the range of positions in a way that helps readers understand the perspectives--especially where and why they diverge. Each essay in Five Views on Biblical Inerrancy considers: The present context, viability, and relevance for the contemporary evangelical Christian witness. Whether and to what extent Scripture teaches its own inerrancy. The position's assumed or implied understandings of the nature of Scripture, God, and truth. Three difficult biblical texts: one that concerns intra-canonical contradictions, one that raises questions of theological plurality, and one that concerns historical authenticity. Five Views on Biblical Inerrancy serves not only as a single-volume resource for surveying the current debate, but also as a catalyst both for understanding and advancing the conversation further. Contributors include Al Mohler, Kevin Vanhoozer, Michael Bird, Peter Enns, and John Franke.

Evolution Education Around the Globe

Springer This edited book provides a global view on evolution education. It describes the state of evolution education in different countries that are representative of geographical regions around the globe such as Eastern Europe, Western Europe, North Africa, South Africa, North America, South America, Middle East, Far East, South East Asia, Australia, and New Zealand. Studies in evolution education literature can be divided into three main categories: (a) understanding the interrelationships among cognitive, affective, epistemological, and religious factors that are related to peoples' views about evolution, (b) designing, implementing, evaluating evolution education curriculum that reflects contemporary evolution understanding, and (c) reducing antievolutionary attitudes. This volume systematically summarizes the evolution education literature across these three categories for each country or geographical region. The individual chapters thus include common elements that facilitate a cross-cultural meta-analysis. Written for a primarily academic audience, this book provides a much-needed common background for future evolution education research across the globe.

American Apocalypse

Harvard University Press In the first comprehensive history of American evangelicalism to appear in a generation, Matthew Sutton shows how charismatic Protestant preachers, anticipating the end of the world, paradoxically transformed it. Narrating the story from the perspective of the faithful, he shows how apocalyptic thinking influences the American mainstream today.

Philosophy a School of Freedom

This publication is also dedicated to the young spirits of today, bound to become the active citizens of tomorrow.

The Book of Enoch

by R. H. Charles

Unbroken Will

The Extraordinary Courage of an Ordinary Man the Story of Nazi Concentration Camp Survivor Leopold Engleitner, Born 1905

Xlibris Corporation History / World War I / World War II / Nazi Concentration Camp Survivor / Holocaust / Biography "This book is a milestone in recording the horrors of National Socialism. It is essential reading, and I am delighted that the translation has already received such keen attention in the United States." -Heinz Fischer, president of the Republic of Austria "This book is not only an enthralling read; every detail in it has also been thoroughly researched. From a scientific point of view, it is one of the most reliable biographies of a victim of National Socialism." -Professor Walter Manoschek, political scientist, University of Vienna "You have given current and future generations a priceless gift by recording Mr. Engleitner's life story. His experiences remind us of the strength of the human will to overcome even the most horrible and challenging circumstances." -Arnold Schwarzenegger, governor of California WHEN LEOPOLD ENGLEITNER WAS NINE YEARS OLD, an event of historical significance for the world that initiated the First World War took place in his hometown. Moreover, although Leopold Engleitner and his contemporary Adolf Hitler, who was sixteen years his senior, grew up in the same province (Upper Austria) and shared the same cultural background and educational system, the convictions and attitudes they developed were diametrically opposed. Whereas Adolf Hitler caused untold suffering to millions as a merciless mass murderer, Leopold Engleitner devoted his life to peace, refusing to buckle even in the face of death. The ordinary farmhand found the extraordinary courage to follow his conscience. He refused to serve in Hitler's army and did not even use the Nazi greeting "Heil Hitler!" Suffering unspeakable cruelty in three concentration camps he grew so thin that he weighed less than sixty-two pounds. Yet nothing and no one could break his will. Astoundingly, he could easily have had his freedom: all he had to do was sign a paper renouncing his religious convictions as one of Jehovah's Witnesses, but he steadfastly refused. And he never lost his optimism. In the concentration camp, he even bought a suitcase for the journey home it seemed impossible he would ever make. His unshakable faith in God helped Engleitner to lead a full and happy life despite constant

rejection, and he never lost his zest for life as he became the oldest and one of the best known male concentration camp survivors in the world. His unexpected rehabilitation was achieved thanks to an extraordinary friendship. Though already far advanced in years, he travelled more than ninety-five thousand miles across Europe and the USA, between 1999 and 2012, testifying as a witness of history to ensure the past is not forgotten; as such, he became a model of tolerance and peace. Letters written by Engleitner during his internment and believed lost for nearly sixty years were discovered; and their combination with original minutes of police and court proceedings, reports from the concentration camps, and personal accounts of traumatic childhood incidents from one hundred years ago constitutes an impressive firsthand history.

World Cultures and Geography

McDougal Littell/Houghton Mifflin

The Birth of Christianity

The First Twenty Years

Wm. B. Eerdmans Publishing Barnett's work is not so much a narrative of the "birth" and early years of Christianity as an argument that this birth can be documented by the usual methods of historical inquiry.

In Search of Christian Freedom

Edition for Digital Distribution Abridged Formatting

CreateSpace Finding a proper balance between freedom and responsibility is a problem that has faced every serious Christian. For those raised in a highly structured religious environment, balancing loyalties to a religious organization, family, and personal conscience may raise difficult issues. Raymond Franz's first-hand account of the issues with which he struggled forms the theme of his first book, *Crisis of Conscience*. *In Search of Christian Freedom*, the sequel to *Crisis of Conscience*, provides even more comprehensive study. The issues and options discussed herein, although relating particularly to the structure of Jehovah's Witnesses, are not so very different from issues other Christians have faced and continue to face when they seek to reconcile considerations for conscience, loyalty, responsibility and freedom. This work will mover readers — of any religion — to consider seriously how much they value Christian freedom and to ask how genuine their own freedom is.

The Division of Labor in Society

Digireads.Com Emile Durkheim is often referred to as the father of sociology. Along with Karl Marx and Max Weber he was a principal architect of modern social science and whose contribution helped established it as an academic discipline. "The Division of Labor in Society," published in 1893, was his first major contribution to the field and arguably one his most important. In this work Durkheim discusses the construction of social order in modern societies, which he argues arises out of two essential forms of solidarity, mechanical and organic. Durkheim further examines how this social order has changed over time from more primitive societies to advanced industrial ones. Unlike Marx, Durkheim does not argue that class conflict is inherent to the modern Capitalistic society. The division of labor is an essential component to the practice of the modern capitalistic system due to the increased economic efficiency that can arise out of specialization; however Durkheim acknowledges that increased specialization does not serve all interests equally well. This important and foundational work is a must read for all students of sociology and economic philosophy.

The Death of Porn

Men of Integrity Building a World of Nobility

Crossway **Your Battle against Porn Isn't about Porn. It's about Hope.** Pornography may seem inescapable, but God can free us from its destructive power. The gospel replaces the dehumanizing lies of pornography with this surprising truth: God created us as royalty. How then can we reclaim our God-given identity to take a stand against—and ultimately starve—the predatory porn industry? In *The Death of Porn*, Ray Ortlund writes six personal letters, as from a father to his son. Ideal for individuals and small groups, it will give hope to men who have been misled by porn into devaluing themselves and others. Through Scripture and personal stories, Ortlund assures readers that God loves them the most tenderly in their moments of deepest shame. *The Death of Porn* inspires men to come together in new ways to fight the injustice of porn and build a world of nobility for every man and woman—for the sake of future generations.

The Giver

Houghton Mifflin Harcourt **Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.**

Social Movements

An Introduction

John Wiley & Sons **Social Movements is a comprehensive introduction and critical analysis of collective action in society today. In this new edition, the authors have updated all chapters with the most recent scientific literature, expanded on topics such as individual motivations, new media, public policies, and governance. Draws on research and empirical work across the social sciences to address the key questions in this international field. New edition expands on topics such as individual motivations, new media, public policies, and governance. Has been redesigned in a more user-friendly format.**

Blasphemy, Insult and Hatred

Finding Answers in a Democratic Society

Council of Europe **Mutual understanding and acceptance is perhaps the main challenge of modern society. Diversity is undoubtedly an asset, but cohabiting with people of different backgrounds and ideals calls for a new ethic of responsible intercultural relations, in Europe and in the World. This book tries to answer a series of pertinent and poignant questions arising from these issues, such as whether it is still possible to criticise ideas when this may be considered hurtful to certain religious feelings; whether society is hostage to the excessive sensitivity of certain individuals; or what legal responses there may be to these phenomena, and whether criminal law is the only answer.**

Christian Higher Education

Faith, Teaching, and Learning in the Evangelical Tradition

Crossway Our world is growing increasingly complex and confused—a unique and urgent context that calls for a grounded and fresh approach to Christian higher education. Christian higher education involves a distinctive way of thinking about teaching, learning, scholarship, curriculum, student life, administration, and governance that is rooted in the historic Christian faith. In this volume, twenty-nine experts from a variety of fields, including theology, the humanities, science, mathematics, social science, philosophy, the arts, and professional programs, explore how the foundational beliefs of Christianity influence higher education and its disciplines. Aimed at equipping the next generation to better engage the shifting cultural context, this book calls students, professors, trustees, administrators, and church leaders to a renewed commitment to the distinctive work of Christian higher education—for the good of the society, the good of the church, and the glory of God.

Teaching Across Cultures

Contextualizing Education for Global Mission

InterVarsity Press In our globalized world, educators often struggle to adapt to the contexts of diverse learners. In this practical resource, educator and missiologist James Plueddemann offers field-tested insights for teaching across cultural differences. He unpacks how different cultural dynamics may inhibit learning and offers a framework for integrating conceptual ideas into practical experience.

Scofield Reference Notes to the Bible

1917 Notes

CreateSpace A brief but comprehensive reference to the Christian Bible.

The Homosexual Agenda

Exposing the Principal Threat to Religious Freedom Today

B&H Books Equips Christians and even those outside the church who see the destructive power of this agenda to fight it and proclaim biblical truth.

A Cognitive Psychology of Mass Communication

Routledge In this fifth edition of *A Cognitive Psychology of Mass Communication*, author Richard Jackson Harris continues his examination of how our experiences with media affect the way we acquire knowledge about the world, and how this knowledge influences our attitudes and behavior. Presenting theories from psychology and communication along with reviews of the corresponding research, this text covers a wide variety of media and media issues, ranging from the commonly discussed topics - sex, violence, advertising - to lesser-studied topics, such as values, sports, and entertainment education. The fifth and fully updated edition offers: highly accessible and engaging writing contemporary references to all types of media familiar to students substantial discussion of theories and research, including interpretations of original research studies a balanced approach to covering the breadth and depth of the subject discussion of work from both psychology and media disciplines. The text is appropriate for *Media Effects*, *Media & Society*, and *Psychology of Mass Media* coursework, as it examines the effects of mass media on human cognitions, attitudes, and behaviors through empirical social science research; teaches students how to examine and evaluate mediated messages; and includes mass communication research, theory and analysis.

Chosen for Life

The Case for Divine Election

Crossway Divine election is certainly one of the more profound—and controversial—doctrines in the Bible. Does God elect people because they believe in the Lord Jesus Christ, or does God elect people in order that they will believe in Christ? Much of the disagreement and controversy concerning this doctrine proceeds from a fundamental misunderstanding of what it means. This is why Storms begins his analysis of divine election with an attempt to clarify precisely what is at stake and, at the same time, correct misrepresentations of it. He takes a thorough look at the doctrine as it is presented in Romans 9 as well as the rest of the New Testament. He also explores freedom of will and the order of salvation. Appendixes address "Three Problem Passages" and "Who Can and Cannot Pray for God to Save the Lost?"

The Italians

Penguin In a book perfect for anyone looking to understand modern Italy and the unique character of Italians, the author explores the history, culture and religion of the Italian people, shedding new light on many aspects of Italian life. Includes 2 maps. By the author of *The New Spaniards*.

Unbroken Will

The Extraordinary Courage of an Ordinary Man

Unbroken Will reveals the extraordinary depth of an ordinary man's inner strength. Locked in a life-and-death struggle, Leopold Engleitner faces and triumphs over Nazi wrath. Leopold Engleitner, born in 1905, grew up in a poor farming family in the years leading up to World War I. Engleitner, afflicted with a deformed spine, is a thoughtful and gentle man, a hard worker with a sharp wit and an indomitable spirit. When the Nazis enter Austria, they encounter this ordinary man and assume he will break like so many before him. Engleitner would soon show them how wrong they were. Engleitner was one of Jehovah's Witnesses and his account sheds light on the little-known story of this Christian group and their struggle to stay true to their beliefs despite Nazi brutality. Some 2,000 Witnesses died during the Nazi era. Engleitner survived, and now in his tenth decade of life, he shares his unforgettable story with future generations.

The Life of Moses

God's First Deliverer of Israel

P & R Publishing A compilation of material not published before from a series of sermons preached by Boice between January 1993 to February 1994 in Sunday evenings services at Tenth Presbyterian Church in Philadelphia. -- Cf. page xiii.

Could the Houthis Be the Next Hizballah?

Iranian Proxy Development in Yemen and the Future of the Houthi Movement

The authors analyze the prospect that Iran will further invest in Yemen's Houthis and develop them into an enduring proxy group. The authors examine the history, current relations and trajectory, and possible future of the Houthi-Iran relationship.

The Role and Meaning of Religion for Korean Society
