#### **GETTING THE MESSAGE THROUGH: A BRANCH HISTORY OF THE U.S. ARMY SIGNAL CORPS**

---

[Government Printing Office](#) **Getting the Message Through**, the companion volume to Rebecca Robbins Raines' *Signal Corps*, traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War, through its stages of growth and change, to its service in Operation DESERT SHIELD/DESERT STORM. Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology, but also such diverse missions as weather reporting and military aviation. Information dominance in the form of superior communications is considered to be sine qua non to modern warfare. As Raines ably shows, the Signal Corps--once considered by some Army officers to be of little or no military value--and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields. The volume is an invaluable reference source for anyone interested in the institutional history of the branch.

[National Academies Press](#) **Depression** is a widespread condition affecting approximately 7.5 million parents in the U.S. each year and may be putting at least 15 million children at risk for adverse health outcomes. Based on evidentiary studies, major depression in either parent can interfere with parenting quality and increase the risk of children developing mental, behavioral and social problems. *Depression in Parents, Parenting, and Children* highlights disparities in the prevalence, identification, treatment, and prevention of parental depression among different sociodemographic populations. It also outlines strategies for effective intervention and identifies the need for a more interdisciplinary approach that takes biological, psychological, behavioral, interpersonal, and social contexts into consideration. A major challenge to the effective management of parental depression is developing a treatment and prevention strategy that can be introduced within a two-generation framework, conducive for parents and their children. Thus far, both the federal and state response to the problem has been fragmented, poorly funded, and lacking proper oversight. This study examines options for widespread implementation of best practices as well as strategies that can be effective in diverse service settings for diverse populations of children and their families. The delivery of adequate screening and successful detection and treatment of a depressive illness and prevention of its effects on parenting and the health of children is a formidable challenge to modern health care systems. This study offers seven solid recommendations designed to increase awareness about and remove barriers to care for both the depressed adult and prevention of effects in the child. The report will be of particular interest to federal health officers, mental and behavioral health providers in diverse parts of health care delivery systems, health policy staff, state legislators, and the general public.

#### PRIVATIZATION OF WATER SERVICES IN THE UNITED STATES

---

#### AN ASSESSMENT OF ISSUES AND EXPERIENCE

---

[National Academies Press](#) In the quest to reduce costs and improve the efficiency of water and wastewater services, many communities in the United States are exploring the potential advantages of privatization of those services. Unlike other utility services, local governments have generally assumed responsibility for providing water services. Privatization of such services can include the outright sale of system assets, or various forms of public-private partnerships--from the simple provision of supplies and services, to private design construction and operation of treatment plants and distribution systems. Many factors are contributing to the growing interest in the privatization of water services. Higher operating costs, more stringent federal water quality and waste effluent standards, greater customer demands for quality and reliability, and an aging water delivery and wastewater collection and treatment infrastructure are all challenging municipalities that may be short of funds or technical capabilities. For municipalities with limited capacities to meet these challenges, privatization can be a viable alternative. Privatization of Water Services evaluates the fiscal and policy implications of privatization, scenarios in which privatization works best, and the efficiencies that may be gained by contracting with private water utilities.

#### BRIAN ENO

---

#### HIS MUSIC AND THE VERTICAL COLOR OF SOUND

---

[Da Capo Press](#) Musician, composer, producer: Brian Eno is unique in contemporary music. Best known in recent years for producing U2's sensational albums, Eno began his career as a synthesizer player for Roxy Music. He has since released many solo albums, both rock and ambient, written music for film and television soundtracks, and collaborated with David Bowie, David Byrne, Robert Fripp, and classical and experimental composers. His pioneering ambient sound has been enormously influential, and without him today's rock would have a decidedly different sound. Drawing on Eno's own words to examine his influences and ideas, this book--featuring a new afterword and an updated discography and bibliography--will long remain provocative and definitive.

[Lulu.com](#) Through my partnership with Yale University at the Jonathan Edwards Center, I have a goal to transcribe unpublished sermons that particularly deal with Edwards' Christology. These sermons, in addition to being available at the Jonathan Edwards Center, are also at my website. ([www.osheadavis.com](#)) However, I wanted to put together a sampling of these sermons in a printed form, and then expound on the Christ-o-centric preaching of Edwards: not a historical, but a theological focus. Edwards was a Christian, who above all, exuberated a love for the Christ. The sermons in this book will help show a man who saw the Excellency of Christ, and as a master painter, he exhibits to his audience a Masterpiece of his glorious God. Lastly, I have written two sermons. They are an endeavor to write modern day equivalents patterned after Jonathan Edwards. My hope is to enthuse the Christ-centered and Christ-supremacy preaching of Jonathan Edwards into the preaching of my peers.

#### **THE CINEMA OF RICHARD LINKLATER**

---

#### **WALK, DON'T RUN**

---

[Columbia University Press](#) From *Slacker* (1991), a foundational work of independent American cinema, to the *Before* trilogy, Richard Linklater's critically acclaimed films and aesthetic ambition have earned him a place as one of the most important contemporary directors. In this second edition of *The Cinema of Richard Linklater*, Rob Stone shows how Linklater's latest films have redefined our understanding of his work. He offers critical discussions and analysis of all of Linklater's films, including *Before Midnight* (2013) and *Everybody Wants Some!!* (2016), as well as new interviews with Linklater and a chapter on *Boyhood* (2014), hailed as one of the best films of the twenty-first century. Stone explores the theoretical, practical, contextual, and metaphysical elements in Linklater's filmography, especially his experimentation with cinematic representations of time and growth. He demonstrates that fanciful lives and lucid dreams are as central as alternative notions of America and time to Linklater's films. Stone also considers Linklater's collaborative working practices, his deployment of such techniques as rotoscoping, and his innovative distribution strategies. Thoroughly revised, updated, and extended, the book includes analysis of all of Linklater's films, including *Dazed and Confused* (1993), *Waking Life* (2011), and *A Scanner Darkly* (2006) as well as his documentaries, short films, and side projects.

#### **ISSUES IN PENSION ECONOMICS**

---

[University of Chicago Press](#) In the past several decades, pension plans have become one of the most significant institutional influences on labor and financial markets in the U.S. In an effort to understand the economic effects of this growth, the National Bureau of Economic Research embarked on a major research project in 1980. *Issues in Pension Economics*, the third in a series of four projected volumes to result from this study, covers a broad range of pension issues and utilizes new and richer data sources than have been previously available. The papers in this volume cover such issues as the interaction of pension-funding decisions and corporate finances; the role of pensions in providing adequate and secure retirement income, including the integration of pension plans with social security and significant drops in the U.S. saving rate; and the incentive effects of pension plans on labor market behavior and the implications of plans on labor market behavior and the implications of plans for different demographic groups. *Issues in Pension Economics* offers important empirical studies and makes valuable theoretical contributions to current thinking in an area that will most likely continue to be a source of controversy and debate for some time to come. The volume should prove useful to academics and policymakers, as well as to members of the business and labor communities.

**TOOLS FOR BUSINESS DECISION MAKING**

---

John Wiley & Sons Weygandt, Managerial Accounting , 6th Edition gives students the tools they need to succeed, whether as accountants or in other career paths. The authors present the fundamental concepts of managerial accounting in an easy-to-understand fashion in a decision-making framework for a one semester, undergraduate managerial accounting course. With an expanded emphasis on student learning, Weygandt Managerial Accounting 6th Edition demonstrates how invaluable management accounting information is to business decision-making. The author team of Weygandt, Kimmel, and Kieso provide students with pedagogy that helps develop decision-making skills, so students can be successful as future business professionals. The decision making pedagogy, easy-to-understand writing style, and quality end of chapter material have been the hallmark features that have made Managerial Accounting, by Weygandt, Kimmel, and Kieso one of the most popular books for this course. Real-World Emphasis - the authors continue the practice of using numerous examples from real-world companies in chapter openers and in the Management Insight boxes. Accounting Across the Organization - gives students business context by showing how people, often in non-accounting functions, use accounting information to make decisions. Expanded Emphasis Service Company - prepares students for work in the service industry market, and shows that accounting is relevant to both service and manufacturing companies. Do IT! Exercises - teach students how to apply their knowledge quickly after they've learned it. Comprehensive Homework Material - each chapter concludes with Self-Test Questions, Questions, Brief Exercises, Do IT! Review, Exercises, and Problems. Broadening Your Perspective Section - is designed to help develop students' decision-making and critical thinking skills. New to this Edition Use of Current Designs (kayak-making company)-introduced in new Chapter 1 Feature Story, and is the basis for new Broadening Your Perspective problem- presents managerial accounting situations that are based on the operations of a real company. People, Planet, and Profit Insight Boxes, featuring sustainability approaches of real companies. New Broadening Your Perspective problem: Considering People, Planet, and Profit, which requires students to consider examples of real cases, such as the costs associated with an oil-refinery accident versus the costs of improving safety/work conditions. New Wiley Managerial Accounting Videos use real, successful companies to demonstrate and reinforce managerial accounting concepts. New easy-to-read spreadsheet illustrations improve readability as well as comparability to Excel. Bloom's taxonomy codes added to Brief Exercises, Do it! Review, Exercises and Problems, for quick assessment categorization. Updated End-of-chapter homework material.
