MCCALL'S

RHODE ISLAND NOTEBOOK

Dalkey Archive Press Not since *On the Road* has a book been more thoroughly of the road. Unlike Kerouac's novel, however, this book was literally written on the road in Gudding's own car, on pad and paper while driving. *Rhode Island Notebook* is the handwritten account of one driver's journey to happiness in the face of grief. This book-length poem chronicles the break-up of a family and the separation of a father and daughter, while at the same time recording the rise of jingoism in the United States in the moments before and during the invasion of Iraq. "Rhode Island Notebook is a modern/postmodern epic as a poem-including-everything. An incredibly human(e) book at bottom, it is also Gudding's road of excess, as Blake once had it, leading him (and us) to the palace of wisdom."—Jerome Rothenberg "This is a remarkably vulnerable book, a dapple-drawn vortex sutra, a contemporary odyssey, an anti-Baudrillardic-bardic remapping of America. It is a meditation on loss and fecundity, an amazing read, a necessary read, by an amazing poet. . . . This is the first 21st-century classic."—Alan Sondheim "In a crowded field, Gudding's work demands attention."—Boston Review

DRAPLIN DESIGN CO.

PRETTY MUCH EVERYTHING

Abrams Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they

share at least one thing in common: a teeny, little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. Pretty Much Everything is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, Draplin Design Co. is the complete package for the new generation of designers.
