On a rainy day in London the dark secrets and troubled past of Maryam Mazar surface violently, with tragic consequences for her daughter, Sara, and her newly orphaned nephew. Maryam leaves her English husband and family and returns to the remote Iranian village where her story began. In a quest to piece their life back together, Sara follows her mother and finally learns the terrible price Maryam once had to pay for her freedom, and of the love she left behind. Set against the breathtaking beauty of two very different places, this stunning family drama transcends culture and is, at its core, a rich and haunting narrative about mothers and daughters. **PC Mag** PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. The Lobbying Strategy Handbook shows how students with passion for a cause can learn to successfully influence lawmaking in the United States. The centerpiece of this book is a 10-step framework that walks the reader through the essential elements of conducting a lobbying campaign. The framework is illustrated by three separate case studies that show how groups of people have successfully used the model. Undergraduate, graduate students, and anyone interested in making a difference, can use the book to guide them in creating and conducting a grassroots campaign from start to finish. Video: Lobbying Is NOT a 4-Letter Word Author Pat Libby, Professor of Practice and Director of the Institute for Nonprofit Education and Research, University of San Diego, discusses lobbying rules and strategy in her video presentation, Lobbying Is NOT a 4-Letter Word. This book is an update of the existing book IBM Business Process Manager V7.5 Production Topologies, SG24-7976. It is intended for IT Architects and IT Specialists who want to understand and implement these topologies. Use this book to select the appropriate production topologies for an environment, then follow the step-by-step instructions to build those topologies. Part 1 introduces IBM Business Process Manager and provides an overview of basic topology components, and Process Server and Process Center. This part also provides an overview of the production topologies described in this book, including a selection criteria for when to select a topology. IBM Business Process Manager security and the presentation layer are also addressed in this part. Part 2 provides a series of step-by-step instructions for creating production topology environments by using deployment environment patterns. This process includes topologies that incorporate IBM Business Monitor. This part also describes advanced topology topics. Part 3 covers post installation instructions for implementing production topology environments such as configuring IBM Business Process Manager to use IBM HTTP Server and WebSphere® proxy server. **Calculus for Business, Economics, and the Social and Life Sciences** Calculus for Business, Economics, and the Social and Life Sciences introduces calculus in real-world contexts and provides a sound, intuitive understanding of the basic concepts students need as they pursue careers in business, the life sciences, and the social sciences.
