BRITISH TRACTORS

1945 - 1965

Herridge & Sons Limited From Allis-Chalmers to Vickers, here is an A-Z of tractors made in Britain between 1945 and 1965, written by a universally acknowledged expert in the subject, whose work has been widely published in books and magazines. British Tractors deals with the products of not only British manufacturers such as David Brown, Ferguson and Nuffield, but also the American makers who established plants in Britain to overcome postwar import restrictions, which included International Harvester, Massey-Harris and Minneapolis-Moline. Demand for tractors after the War was insatiable, and the period covered saw extraordinary growth in production and innovation in design. The text is illustrated exclusively with images - some 400 in all - from the manufacturers' sales brochures and publicity material, giving a unique flavour of the times and an impression of the features the manufacturers were highlighting in the promotion of their tractors.
