Practical Practice: Business Math - Life Skills - Chapter Slice

Remedia Publications **Life Skills | Practical Application | Business Math** Students Learn the Practical Application of a Wide Range of Math Skills Related to Running a Business Through the use of real-life story-problem scenarios, students get plenty of practice with analyzing the information in word problems and applying the correct math operations to solve the problems. Business Math includes four pages of colorful, realistic images, photos, and information that focus on the income and expenses of four different businesses. The corresponding word problems were designed to develop math proficiency and to help students understand why mastery of essential math skills is so important to success in the real world. Businesses include: Rainbow Falls Summer Camp, Sandler's Restaurant, Golden Shores Resort, and Creative Concepts Print Shop. Questions Students are asked to use the four colorful pages describing each business to find the information they need in order to solve the math word problems. When solving a problem, students may need to use the answer from another problem on the same page. Problems progress in difficulty as students work through the questions for each menu. The first activity page introduces students to the business information by asking comprehension questions. Answering these questions will familiarize students with the information they will need to solve the word problems Skills A wide range of math skills is covered in this program. Students will solve word problems that involve addition, subtraction, multiplication, and division as well as money, time, measurement, percents, decimals, and fractions. Some of the word problems are simple, one-step problems while others involve multiple steps that require students to really think about the problem. Each activity page lists the math skills covered at the top of the page. Details Total of 90 Pages Includes: •16 Full-Color Business Information Pages • Activity Pages • Step-by-Step Learning Tools • Bonus Pages

Principles of Management

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Business Model Generation

A Handbook for Visionaries, Game Changers, and Challengers

John Wiley & Sons **Business Model Generation** is a handbook for visionaries, game changers, and challengers striving to defy outmoded business models and design tomorrow's enterprises. If your organization needs to adapt to harsh new realities, but you don't yet have a strategy that will get you out in front of your competitors, you need **Business Model Generation**. Co-created by 470 "Business Model Canvas" practitioners from 45 countries, the book features a beautiful, highly visual, 4-color design that takes powerful strategic ideas and tools, and makes them easy to implement in your organization. It explains the most common Business Model patterns, based on concepts from leading business thinkers, and helps you reinterpret them for your own context. You will learn how to systematically understand, design, and implement a game-changing business model--or analyze and renovate an old one. Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. **Business Model Generation** features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to "the business model generation!"
