Our Unit 3 Chemistry textbook is a 350 page textbook that covers: Chemical Equilibrium, Stoichiometry, Acids & Bases, Volumetric Analysis and Redox. The proceeds from every two books sold are used to produce and donate a third textbook for a student who would benefit from the same support. The book is structured in five main sections: 1. Bridging the Gap - To create the connections needed to set off on the right foot in Year 12, the 'Bridging the Gap' sections are designed to provide in-depth teachings of the foundational Year 11 content. 2. Main Content - By extensively working through concepts with no assumptions and teaching with clear explanations, worked examples and real world applications, we hope to make each chapter an exciting, empowering and well-connected experience. 3. Topic Test and Exam Notes - To guide your preparation of personal notes leading up to assessments, sample test and exam notes have been provided to make this process effective and intentional. 4. Progressive, Repetitive and Advanced Questions - Each progressive question is designed to progressively teach each concept, and is paired with multiple repetitive questions, allowing you to stop and practice anything you like. Advanced questions are also there for some extra fun ?. 5. Online Answer Guide - With each question comes a three stage answer including: a sample response, points to note about the question and a WACE inspired marking guide, allowing each question to be understood in all its elements. These answer guides are free as a downloadable PDFs. It is with this structure that the Unit is extensively covered and targeted to provide the greatest possible benefits to students. Physics Yr 11 ATAR Course The revised edition of this study guide now has illustrations and content in full colour. This guide assists students in their preparation for tests and examinations in the ATAR Physics course for Units 1 and 2. The structure of the topics will allow students to use the book throughout the year. The guide closely adheres to the W.A. School Curriculum and Standards Authority ATAR syllabus. Essential core theory is covered clearly and in detail. Illustrations and worked examples are used extensively to assist students in their learning. In each chapter, questions and exercises are integrated with theory to help students clarify and consolidate their understanding of new concepts. After the Ball Stephen and Judy live on opposite sides of the world. Their lifestyles and outlooks could not be further apart. But they are brother and sister and when they are reunited at the bedside of their dying mother, family memories painfully and mercilessly return. David Williamson has created a family scenario that is frighteningly recognisable. At times hilarious, at times tortuous, this is a frank, critical look at Australian suburban life from the 1960s to the 1990s (2 acts, 3 men, 6 women).
