However, to their chagrin, of late, as the latter is being mindlessly promoted even though the former was constitutionally debunked, they began advocating that it too should be dumped in a dustbin. Ironically, the improbability of their progenitor Krishna, the architect of the Gita, relegating his own ilk to the social margins failed to dawn upon these that Gita supposedly slights, even to this day! Thus, their intellectuals, instead of seeking to reclaim their priceless heritage, albeit after ridding its interpolative garbage, tend to rubbish it a la throwing the baby with the bathwater, and needless to say they must ponder. Also, it is high time that the Gita-class stop laying store by the self-aggrandizing verses in this Vyāsa's classic, evidently inserted by their progenitors that came to bedevil the Hindu spiritual integrity and social harmony. Likewise, the grumblers of the dalit desertions must see the need for setting the Hindu house in order to prevent the fractious poaching by the Church, if not to facilitate the 'hoped for' return of the prodigals. So also those who take pride that Hinduism is the only religion that reckons all faith as true, should be concerned about the 'in vogue' Gita that belittles some of their caste fellows. Besides, this work beckons the feminists to reckon the second of the two interpolations from it cited in the cover image that degrades them in unspeakable terms. It is hoped that this 'overdue' work, might lead the 'denied' castes as well as the favoured folks for an objective approach to the Gita 'as it is' which could dispel the misgivings of the former and the delusions of the latter, thereby bridging the Hindu emotional gulf with its abridged book that restores its original form. So, this is a must read for every Hindu, whether or not one concurs with its propositions, and likewise for the students of logic and reasoning. **Honda CRF1000L Africa Twin from 2016-2019 Haynes Repair Manual Haynes Manuals N.
