Income and Democracy

Lipset's Law Revisited

International Monetary Fund We revisit Lipset's law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization. Decomposing overall income per capita into its resource and non-resource components, we find that the coefficient on the latter is positive and significant while that on the former is significant but negative, indicating that the role of resource income is central to the result.

In Chop-Monster 2 students will hear and improvise to the ii-V-I progression in three keys (concert B-flat, E-flat, F).

From Jailer to Jailed

My Journey from Correction and Police Commissioner to Inmate #84888-054

Simon and Schuster The controversial New York City police commissioner and New York Times bestselling author of *The Lost Son* shares the story of his fall from grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City's police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.

Connecting the Dots

Lessons for Leadership in a Startup World

Hachette Books Silicon Valley visionary John Chambers shares the lessons that transformed a dyslexic kid from West Virginia into one of the world's best business leaders and turned a simple router company into a global tech titan. When Chambers joined Cisco in 1991, it was a company with 400 employees, a single product, and about \$70 million in revenue. When he stepped down as CEO in 2015, he left a \$47 billion tech giant that was the backbone of the internet and a leader in areas from cybersecurity to data center convergence. Along the way, he had acquired 180 companies and turned more than 10,000 employees into millionaires. Widely recognized as an innovator, an industry leader, and one of the world's best CEOs, Chambers has outlasted and outmaneuvered practically every rival that ever tried to take Cisco on--Nortel, Lucent, Alcatel, IBM, Dell, and Hewlett-Packard, to name a few. Now Chambers is sharing his unique strategies for winning in a digital world. From his early lessons and struggles with dyslexia in West Virginia to his bold bets and battles with some of the biggest names in tech, Chambers gives readers a playbook on how to act before the market shifts, tap customers for strategy, partner for growth, build teams, and disrupt themselves. He also adapted those lessons to transform government, helping global leaders like French President Emmanuel Macron and Indian Prime Minister Narendra Modi to create new models for growth. As CEO of JC Ventures, he's now investing in a new generation of game-changing startups by helping founders become great leaders and scale their companies. Connecting the Dots is destined to become a business classic, providing hard-won insights and critical tools to thrive during the accelerating disruption of the digital age.

Courtesan's Kiss

Bantam From Mary Blayney, the acclaimed author of *Stranger's Kiss*, comes this irresistible new novel of historical romance featuring the Pennistan family. In *Courtesan's Kiss*, an independent woman is determined to make her way in the world—even if it's a scandalous one. But first she must escape a nobleman with plans of his own in the wake of a broken engagement and shunned by the ton, Mia Castellano does not retire to the country, as a proper young lady might, but sees her chance to escape society's restraints—by becoming a courtesan. In her mind, no unmarried young woman is as free as a courtesan. She alone controls her destiny: managing her own money, having her own house, choosing her lovers. There's only one obstacle in Mia's path—Lord David Pennistan. As a favor to his brother, Lord David agrees to escort Mia to his family's home in Derbyshire, where her guardian awaits. Mia attracts nothing but trouble from the outset of their journey, yet with every adventure they share, Lord David's desire for his charge grows. When they're caught in a compromising situation, Lord David insists that she marry him. But there's only one thing Mia wants from David, and it isn't his charity or his title. Can he convince her before it's too late that the love she wants is already hers—to take or to lose forever? Can he win more from this untamed beauty than just a courtesan's kiss?

Death Waits in the Dark

Blackstone Publishing It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Just Parker

K.C. O'Neill They say hate is a strong word, but Eileen Parker is certainly no stranger to it. Parker hates her first name, hates her apartment, hates her life. Which, sure, sounds a bit cynical, but after the life that she's led so far, you really can't blame her. With her sophomore year of college overshadowed by circumstances that she never expected, Parker just wants to keep her head down, pass her classes, and take care of the responsibilities that are threatening to destroy her. And then she meets Ash. Ashton Carter is working to fix the messes that he's made, but he's still struggling with dark memories of a night that changed his life. He's definitely not looking for someone to spend forever with, but when he meets Parker, his life changes once again. It doesn't bother him that Parker adamantly refuses to admit to the chemistry between them, or that she's determined to keep him at arms length. Ash is convinced that Parker is everything he never knew he needed, and he's not about to let her slip away. Fighting against overwhelming insecurities and secrets that feel too big to share, the two must make a choice. They can keep running from their pasts, or they can confront them and face their future together. ***This is the first book in a series of standalone novels. Due to adult language/situations and mild drug use, this book is recommended for readers 18+.

Founded on Goodbye

His songs were better when he had a broken heart. That sentence would change my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.

Wild Child

Special Edition

The newest sizzling romance from Audrey Carlan, the #1 New York Times bestselling author of the Calendar Girl series. Twice my life changed in a single day. The first was when I lost my parents. Hand in hand I walked with my big sister up the steps of Kerrighan House, a foster home for girls. We were lucky to be met with open arms and a house filled with children just like us. Children who'd lost everything. From that day forward, we were raised as one big family. Our bonds of sisterhood were strengthened through shared experience, pain, sacrifice, and love. Sisters not by blood, but by choice. Soul sisters. The second day my life changed was on the worst day of my adult life. My boyfriend broke up with me via text. My sleazy boss hit on me, forcing me to quit a job I desperately needed. And the cherry on top, was getting pulled over by an FBI Agent. Little did I know, he'd also save my life that night. From the moment we met, Agent Fontaine wouldn't dare let me out of his sight. And between his alpha ways, kind brown eyes, and heroism, I was lost to the man who hid behind his job. But this agent had a rule: never fall for a woman you've saved. Yet I wasn't just any woman. I was known among my sisters for taking risks and dreaming big. I was the wild child of the group. We were raised to appreciate every day as the gift it was, and not let anything stand in our way. The more I got to know the brooding, serious FBI man, the more I realized maybe it was my duty to save him.
