Practical Watch Repairing The Crowood Press Here is a unique book. It describes the theories and processes of repairing and adjusting the modern watch in precise and meticulous detail: a thing which has never been done so completely before in the many books on the same subject. As a text book it is a revelation. Taking nothing for granted, except the ability to read and comprehend a simple description of mechanical processes, de Carle takes his reader through every stage and every operation of watch repairing ...and to deal with them thoroughly is quite a programme - it takes 300 pages containing 24 chapters, two appendices and 553 illustrations. The fine draughtsmanship and accurate technical detail of the illustrations set a new standard. Practical Watch Repairing can justifiably claim to be the best illustrated book on practical horology yet issued, and one of the best of its kind on any subject. The publication of the book marks the beginning of a new epoch in the study of the mechanics of horology. The Power of Your Words Whitaker House I agree that I have what God says in His Word that I have! If you lack anything, tend to be your own worst enemy, or fail to accomplish what you say you will do, then this book will show you how to: Have strong faith Live in the positive Possess what you confess There is nothing that equals the power of your words! "You'll Just Have to Live with it"! - No Thank You! TEAMDRUCK GMBH**
